A Guide to VAT/GST/SUT in the Americas 2015

*Indirect Tax guidance
of 21 countries
in the Americas*

pwc

Foreword

Another year has passed, and so quickly. This year had rapid changes in the area of indirect taxation in many countries around the world. Changes that were not so easy to follow and implement and tax legislations that were modified during the year as well.

In contrast to direct taxes, such as corporate tax, businesses cannot adapt retrospectively to changes in indirect tax legislation. Businesses need to adapt their IT systems, prices and even their business and process flows immediately, preferably before the changes take effect. Not knowing the rules, or not tracking and implementing them properly in real time can result in non-compliance. This can be costly if consumption taxes cannot be recharged to customers later. In addition to the tax shortfall arising on your supplies, non-compliance can trigger significant penalties both for the sales side and for those cases when input taxes are improperly reclaimed.

Based on ever increasing indirect tax rates and the complexity of legislation, proper management of indirect taxes is critical to the financial wellbeing of companies. The amounts at stake, resulting from an indirect tax assessment from the authorities, can be high, even in cases of simple disagreements about the interpretation of basic legislation. Executives of non-compliant companies could become subject to potential prosecution for tax fraud even if the incorrect indirect tax treatment did not bring any financial gain for their company.

Irrespective of how consumption taxes are assessed, be they imposed as a Value Added Tax (VAT), Goods and Sales Tax (GST) or Sales and Use Tax (SUT), their prevalence is continuously growing in the Americas as well. Therefore it gives me great pleasure to introduce the 2015 update of the "Guide to VAT/GST/SUT in the Americas".

Please use this publication as a guide to the complex indirect tax systems of the Americas. If you need support in interpreting the rules, please feel free to contact one of PwC's local experts to help you solve your practical problems.

PwC's Indirect Tax Network is a family of experts, with more than two thousand indirect tax specialists present in over 130 countries. Our global network aims to make the indirect tax function of your company more efficient and help you to consistently take the right decisions. We are pleased to offer you our expertise and contribute to the success of your business.

Pwc Tax Guide 2015

Rafay, Abdul

Pwc Tax Guide 2015:

Handbook of Research on Theory and Practice of Financial Crimes Rafay, Abdul,2021-03-18 Black money and financial crime are emerging global phenomena During the last few decades corrupt financial practices were increasingly being monitored in many countries around the globe Among a large number of problems is a lack of general awareness about all these issues among various stakeholders including researchers and practitioners The Handbook of Research on Theory and Practice of Financial Crimes is a critical scholarly research publication that provides comprehensive research on all aspects of black money and financial crime in individual organizational and societal experiences The book further examines the implications of white collar crime and practices to enhance forensic audits on financial fraud and the effects on tax enforcement Featuring a wide range of topics such as ethical leadership cybercrime and blockchain this book is ideal for policymakers academicians business professionals managers IT specialists researchers and students International

Taxation of Banking John Abrahamson,2020-02-20 Banking is an increasingly global business with a complex network of international transactions within multinational groups and with international customers This book provides a thorough practical analysis of international taxation issues as they affect the banking industry Thoroughly explaining banking s significant benefits and risks and its taxable activities the book s broad scope examines such issues as the following taxation of dividends and branch profits derived from other countries transfer pricing and branch profit attribution taxation of global trading activities tax risk management provision of services and intangible property within multinational groups taxation treatment of research and development expenses availability of tax incentives such as patent box tax regimes swaps and other derivatives loan provisions and debt restructuring financial technology FinTech group treasury interest flows and thin capitalisation tax havens and controlled foreign companies and taxation policy developments and trends Case studies show how international tax analysis can be applied to specific examples The Organisation for Economic Co operation and Development Base Erosion and Profit Shifting OECD BEPS measures and how they apply to banking taxation are discussed The related provisions of the OECD Model Tax Convention are analysed in detail The banking industry is characterised by rapid change including increased diversification with new banking products and services and the increasing significance of activities such as shadow banking outside current regulatory regimes For all these reasons and more this book will prove to be an invaluable springboard for problem solving and mastering international taxation issues arising from banking The book will be welcomed by corporate counsel banking law practitioners and all professionals officials and academics concerned with finance and its tax ramifications **Revenue Statistics in Latin America and the Caribbean 2017**

OECD,Inter-American Center of Tax Administrations,Inter-American Development Bank,Economic Commission for Latin America and the Caribbean,2017-03-23 The Revenue Statistics in Latin America and the Caribbean publication compiles comparable tax revenue statistics for a number of Latin American and Caribbean economies The model is the OECD Revenue

Statistics database backed by a well established OECD methodology Tax Incentives for the Creative Industries Sigrid Hemels,Kazuko Goto,2017-01-04 This book combines insights from cultural economics public finance and tax law providing an accessible and comprehensive introduction in the application of tax incentives for the creative industries It does not have a single country focus but instead uses the perspective and examples of various countries around the world The book starts with a theoretical part introducing the concepts of creative industries and of tax incentives how can the creative industries be defined why do governments support the creative industries and how can tax incentives be applied as policy instrument In the globalized and digitalized world in which the creative industries operate restrictions imposed by guidelines on harmful tax competition and state aid and regulations influencing the im possibility of applying tax incentives in cross border situations have a great impact For that reason these legal concepts are discussed as well in the theoretical part Globalization also gives rise to questions on the cross border application of tax incentives The example of cross border giving is discussed in this respect The theoretical part is followed by a part that focuses on tax incentives for specific sectors of the creative industries museums and cultural heritage the audiovisual industries film tv and videogames the art market copyright and artists This part uses insightful examples from various countries to illustrate the application of these tax incentives As the book takes both an academic and a practical approach it is of relevance to researchers students policy makers and readers involved in the creative industry who seek an in depth and up to date overview of this alternative way for governments to support the creative industries Governance, Conflict, and Natural Resources in Africa Hany Gamil Besada,2021-04-22 A country s abundant natural resources may serve as a curse or a blessing with the outcome often dependent on prevailing governance structures and experience managing these assets Despite natural resource advantages many African countries have failed to transform their enormous economic potential and wealth into tangible benefits such as sustainable socio economic development human security or peace Governance Conflict and Natural Resources in Africa reevaluates the role that foreign state owned and private sector actors play in resource rich states whether stable post conflict or fragile in sub Saharan Africa Through research and an analysis of in depth interviews with local stakeholders in Ghana Sierra Leone and Ethiopia Hany Besada explains how foreign state owned and private sector corporations have contributed to economic growth at both the national and local levels in different resource rich countries This book reveals the unique challenges and opportunities created by these investors demonstrating that new policies in business practices and operations have the potential to generate sustainable development and positive economic transformation Governance Conflict and Natural Resources in Africa puts forward a novel framework for understanding the role of private economic actors in extractive industries in Africa and sheds new light on foreign private sector contributions to capacity building and economic development Transfer Pricing and Developing Economies Joel Cooper,Randall Fox,Jan Loeprick,Komal Mohindra,2017-01-05 Recent years have seen unprecedented public scrutiny over the tax practices of Multinational

Enterprise MNE groups Tax policy and administration concerning international transactions aggressive tax planning and tax avoidance have become an issue of extensive national and international debate in developed and developing countries alike Within this context transfer pricing historically a subject of limited specialist interest has attained name recognition amongst a broader global audience that is concerned with equitable fiscal policy and sustainable development Abusive transfer pricing practices are considered to pose major risk to the direct tax base of many countries and developing countries are particularly vulnerable because corporate tax tends to account for a larger share of their revenue This handbook is part of the wider WBG engagement in supporting countries with Domestic Resource Mobilization DRM by protecting their tax base and aims to cover all relevant aspects that have to be considered when introducing or strengthening transfer pricing regimes The handbook provides guidance on analytical steps that can be taken to understand a country's potential exposure to inappropriate transfer pricing transfer mispricing and outlines the main areas that require attention in the design and implementation of transfer pricing regimes A discussion of relevant aspects of the legislative process including the formulation of a transfer pricing policy and the role and content of administrative guidance is combined with the presentation of country examples on the practical application and implementation of the arm's length principle and on running an effective transfer pricing audit program Recognizing the importance of transfer pricing regulation and administration for the business environment and investor confidence this handbook aims to balance the general objective of protecting a country's tax base and raising additional revenue with investment climate considerations wherever appropriate

Multilatinas Veneta Andonova, Mauricio Losada-Otálora, 2017-11-16 The challenges faced by Latin American multinational companies or multilatinas often require unique strategies tailored to a demanding global environment This book studies the strategies of internationalism exercised by large multilatinas offering the first systematic quantitative effort to examine the pattern of their international investments within the context of their competitive position in the domestic market Multilatinas uncovers common strategies among sixty two multilatinas from six countries and emphasizes the unique challenges they face as well as the diversity of their organizational resources It also brings the institutional environment of Latin American countries to the fore assessing its role as an essential component in understanding internationalization decisions Finally the book studies the role of non market organizational resources such as bribes negotiations and favours in business strategies Multilatinas is an invaluable read for students scholars practitioners and executives studying Latin America's place in international business

Taxation in the Digital Economy Nella Hendriyetty, Chris Evans, Chul Ju Kim, Farhad Taghizadeh-Hesary, 2022-07-11 A robust and efficient tax administration in a modern tax system requires effective tax policies and legislation Policy frameworks should cover all aspects of tax administration and include the essential processes of capturing processing analyzing and responding to information provided by taxpayers and others concerning taxpayers affairs By far the greatest challenges facing tax administrations in all countries are those posed by the continuing developments in the digital economy

Whereas societies are grappling to come to terms with the transitions from the third industrial or digital revolutions revenue authorities grapple with the consequences for the sustainability of their tax bases and the efficient administration and collection of taxes This book presents a critical review of the status of tax systems in Asia and the Pacific in the era of the digital economy The book suggests how countries can maximize their domestic resource mobilization when confronted by the challenges that digitalization inevitably produces as well as how they can best harness or take advantage of aspects of digitalization to serve their own needs The full implications of the COVID 19 crisis are still too uncertain to predict but it is clear that the crisis will accelerate the trend towards digitalization and also increase pressures on public finances This in turn may shape the preference for and the nature of both multilateral and unilateral responses to the tax challenges posed by digitalization and the need to address them This book will be a timely reference for those researching on taxation in digital economy and for policy makers The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Sustainable Building Through The Project Planning Process: The Case of Malaysia Nor Kalsum Mohd Isa, Anuar Alias, Zulkiflee Abdul Samad, 2017-07-07 This book covers the concept of sustainable development sustainable building development and the planning process of a sustainable building project It offers expert insight into tackling sustainable building projects specifically during the planning process of the project from the conceptual to design stage to bring together project team members in developing sustainable buildings within the time and budget This book includes case studies of a number of sustainable building projects in Malaysia It also features interviews with the sustainable projects key stakeholders as a way to reveals the sustainable project planning process including the impact of the process towards project success It also discusses the issues barriers and suggested relevant strategies to integrated sustainability principles into the project planning process This book is the most complete overview of sustainable building projects development in Malaysia that every member of the building project stakeholders will find invaluable

BRICS and International Tax Law Peter Antony Wilson, 2016-04-24 With the ongoing expansion of outbound foreign direct investment FDI in the countries representing the BRICS economic bloc Brazil Russia India China and South Africa and with all of them at the same time listed among the top seven countries plagued by tax evasion and avoidance in the guise of illicit out flows the ve governments both individually and through cooperative initiatives have devised new international tax strategies that are proving to be of great interest and value to other countries both developing and developed The core of these strategies addresses the necessity of stemming the out flow of revenue while strongly supporting FDI both inbound and outbound while complying with international obligations including those arising from human rights laws This book is the rst in depth commentary on this new and evolving area of international tax law The detailed analysis covers the entire eld of BRICS international tax law considering topics such as the following information exchange procedures and pitfalls response to the OECD s Base Erosion and Profit Sharing BEPS

initiative role of bilateral and multilateral double taxation conventions including the Multilateral Instrument and the Bilateral Investment Treaties thin capitalization transfer pricing controlled foreign corporation rules shortcomings related to authorities limited manpower international audit and investigation procedures the BRICS approach to residence and mandatory and binding arbitration and the BRICS approach to shaping the developing world's international tax system Notably the author personally conducted interviews with senior international representatives of the BRICS tax authorities as well as with leading BRICS academics and practitioners Tax cases together with human rights and investment cases and administrative guidelines in all 11 countries are also included in the analysis The study concludes with recommendations for improving each of the 11 countries tax law and procedures especially in the area of dispute resolution The author's goal is to extend the existing body of knowledge of the BRICS international tax laws in order to assist in developing an understanding of the BRICS approach to dealing with evasion and avoidance an approach which facilitates both outbound and inbound FDI simplifies tax authority administration and establishes a basis for resolving international disputes which is compatible with sovereignty In achieving this objective the author has produced a major work that is of immeasurable value to tax advisers government and governance officials academics and researchers both in developing international taxation strategies and in helping to resolve disputes with tax authorities

Pwc Tax Guide 2015 Introduction

In today's digital age, the availability of Pwc Tax Guide 2015 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pwc Tax Guide 2015 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pwc Tax Guide 2015 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pwc Tax Guide 2015 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pwc Tax Guide 2015 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pwc Tax Guide 2015 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pwc Tax Guide 2015 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pwc Tax Guide 2015 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pwc Tax Guide 2015 books and manuals for download and embark on your journey of knowledge?

FAQs About Pwc Tax Guide 2015 Books

1. Where can I buy Pwc Tax Guide 2015 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
