Pycraft Operations Management:

Operations Management Mike Pycraft, 2000 *Operations Management* Mike Pycraft, 2010 *Administrative Management* Annatjie Erasmus, E. J. Ferreira, A. W. Erasmus, D. Groenewald, 2010-06 The roles and responsibilities of administrative managers are identified and explained in this updated and comprehensive resource on managing the information needs of an organization to facilitate timely relevant and accurate communication Topical case studies and practical examples illustrate the knowledge and skills required for success in office management Whether managing cultural diversity in the work place or learning proper business ethics the instructions outlined in this guide provide the basis for arriving at meaningful decisions that can make a candidate an asset in any office environment **New Tourism Ventures** Dimitri Tassiopoulos, 2008 An entrepreneurial and managerial approach Continual increases in wealth and leisure time have given a sharp rise to tourism which resulted in the rapid development of tourism related ventures such as hotels bed and breakfast accommodation travel agencies restaurants theme parks event companies resorts tourist guides and tour operators to mention a few New Tourism Ventures An Entrepreneurial and Managerial Approach provides a definitive grounding of how to create and manage such tourism ventures It takes an entrepreneurial and managerial approach to the subject underpinning the various concepts associated with entrepreneurship and demonstrating the linkages of the subject with the tourism economy within the context of international best practice and research *Fresh Perspectives: Business Management*, 2005 *The Quest for Quality of Work Life* Rigard Steenkamp, Samuel Wagan Watson, A. J. Van Schoor, 2002 This work includes a thorough treatment of the roles of our organizational culture and leadership that provide the seedbed for quality work life The values encapsulated in the organizational value structure will determine the way operations are conducted The operational conditions deal with the creation of a safe healthy and motivating environment Management is fast becoming of vital importance in all industries but particularly in mining and manufacturing Quality of work life is not the sole responsibility of an organization and its management structures The individual must accept part of the responsibility This book provides extensive guidance on issues such as preparation to deal with change through the development of transformational intelligence self management skills and personal financial management This book is the among the first in South Africa and one of few in the world to provide a holistic overview of the creation development and maintenance of quality of work life QWLO in organizations **Understanding the roles of Operations Management and the importance of managing quality. Implement Strategic Quality Change and evaluating its wider implications** Maxim Weinmann, 2016-02-24 Seminar paper from the year 2015 in the subject Business economics Business Management Corporate Governance grade 81% European College of Business and Management ECBM London language English abstract According to Plenert Operations Management OM can be defined as the management of activities that enable an organisation to transfer a range of basic inputs raw materials energy customer requirements information skills finance into

outputs that deliver the organisation's primary products and services to the end customer. That definition is enlarged by adding factors such as inventory management, supply and logistics, design decisions related to capacity planning and scheduling, quality assurance and the management of processes and human resources in order to ensure that the right skill base is developed and utilised. **Fresh Perspectives: MGI Custom Publication: Business Management**, 2009

Fresh Perspectives: Business management: UJ Custom Publication, 2008 **The 17th International Conference Interdisciplinarity in Engineering** Liviu Moldovan, Adrian Gligor, 2024-03-28 This book contains research papers that were accepted for presentation at the 17th International Conference on Interdisciplinarity in Engineering INTER ENG 2023 which was held on 5-6 October 2023 in the city of Târgu Mureș, Romania. The general scope of the conference Towards transition for a more competitive European industry in a smart, safe and sustainable future is proposing a new approach related to the development of a new generation of smart factories grounded on the manufacturing and assembly process digitalization. It is related to advanced manufacturing technology, lean manufacturing, sustainable manufacturing, additive manufacturing, manufacturing tools and equipment. It is a leading international professional and scientific forum of great interest for engineers and scientists who can read in this book research works, contributions and recent developments as well as current practices in advanced fields of engineering. *Reinventing the IT Department* Terry White, 2012-04-27 Reinventing the Information Technology Department is both anecdotal and informal but deals with a subject which is of vital interest to Chief Information Officers and IT Managers addressing questions such as: How does the IT department keep pace with business change? How do we provide stable and responsive IT platforms? How do we add recognised value to the organisation? How do I reinvent my department? How do I get onto the board? It offers an alternative view of the new roles of the in-house IT function and proposes a rethink about IT services within companies, suggesting a self-help approach to redefining reinventing in-house IT for CIOs. The author explains that new modes of business thinking and operation are essential if a company is to succeed in the near future and in light of this covers topics such as self-organising systems, knowledge management, multi-stakeholder perspectives and empowerment initiatives in relation to the overall business and in particular the IT function. Each chapter contains implementation templates for the readers to take themselves through the repositioning or reengineering of the IT function and their own departments. **Consolidating Developmental Local Government** Mirjam Van Donk, Isandla Institute, 2008 Documents the dynamics of local government transformation and captures the key themes of the debates about policy options, lessons and key strategic decisions. This text is suitable for government officials, students, researchers, specialists, community leaders, businesses and the general reader. **Electronic Batch Recording Solutions** Monika Futschik, 2017-10-11 Monika Futschik introduces an evaluation model that allows a holistic assessment of the advantages and disadvantages of electronic batch recording solutions versus traditional paper batch ticket solutions. In comparison to former studies, this newly developed evaluation model considers the change

management efforts and the financial investments required for system deployment The model proves the overall performance value through the implementation of electronic batch recording solutions and supports decision makers in finding the most effective solution The development and effectiveness of this model is based on various surveys expert interviews a Delphi study as well as a case study with a real life pharmaceutical company The outcome of her research can be easily applied to other industries as well *Kaapse bibliotekaris* ,2018 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957

Politeia ,2004 English and Afrikaans with abstracts in English *The Current State of Business Disciplines: Management, II* Shri Bhagwan Dahiya,2000 **Success Factors of Regional Strategies for Multinational Corporations** Patrick Heinecke,2011-01-15 This work examines the factors that drive the success of Multinational Corporations MNCs in their pursuit of regional strategies The author develops a comprehensive regional success factor model by which the effects of regional management autonomy and regional product and service adaptation on the regional success of MNCs as well as the interaction effects of regional orientation and inter regional distance are investigated The model is evaluated by means of the partial least squares PLS method on the basis of a survey based inquiry of the Fortune Global 500 firms with success indicator data for a period of nine years The findings highlight the importance of considering the different degrees of contextual influence in the design of regional strategies where low degrees of regional management autonomy and high levels of regional product service adaptation are found to be appropriate for MNCs to be regionally successful
