Barker, Simon Mills, 2004-03-18 Another title in GMM's highly successful QBase series this time focusing on the Primary FRCA Fellowship of the Royal College of Anaesthetists with sets of examination papers the candidate can use to revise and practice their MCQ technique As always the self learning experience is greatly enhanced by the free CD ROM containing the QBase examination software This powerful program allows the user to sit the pre set exams as printed in the book or to create their own exams using questions drawn from the total pool available on the CD ROM The program can either generate these exams randomly maintaining the same proportions of each subject as the pre set exams or the user can select any number of questions in any subject area to create their very own exam However the user chooses to set an exam they can then mark analyse and store each attempt and review and re sit the same exam at a later date comparing their scores with previous attempts When re sitting an exam the user can also choose to shuffle the question stems A E so that they cannot simply remember patterns of true and false answers A final unique aspect of the program is that it allows the user to select how confident they are of their answer and the program can then provide feedback on a user's guessing strategy **QBase Anaesthesia: Volume 2, MCQs for the Final FRCA** Edward Hammond, Andrew McIndoe, 1997-01-08 QBase Anaesthesia 2 is aimed at the Final FRCA examination Like QBase Anaesthesia 1 it includes a free CD ROM which greatly enhances the utility of the book The improved QBase software allows analysis of results by individual subject area and will automatically update any previous version of QBase on installation Clinical Scenarios in Intensive Care Rona E.
