Quantitative Methods In Tourism A Handbook

**Tim Coles, David Timothy Duval, Gareth
Shaw**

Quantitative Methods In Tourism A Handbook:

Quantitative Methods in Tourism Rodolfo Baggio, Jane Klobas, 2011-03-15 Tourism studies often deal with complex mixes of external and local factors and the attitudes perceptions and actions of tourists themselves In seeking to understand individual elements of this mix or the results of interactions between them tourism authorities managers and researchers often collect quantitative data but until now the few existing guides to understanding quantitative data have been either very simple or very complicated This book provides a guide to dealing with real world data and goes beyond the methods usually covered in introductory textbooks The first part considers key issues associated with using well known methods to produce valid and reliable models of real world phenomena emphasizing issues in data selection approaches to factor and cluster analysis and mathematical modelling using regression methods including logistic regression and structural equation modelling The second part covers new approaches to modelling maximum likelihood estimation simulation and agent based modelling Each chapter includes extensive references to additional reading and an appendix summarises the software introduced in the book The book provides many practical examples of applications to tourism research considers practical issues associated with application of quantitative techniques and discusses common pitfalls and how to identify and remedy them The result is a guide to quantitative methods in tourism that demystifies both simple and apparently complex techniques and makes them more accessible to tourism researchers

Quantitative Methods in Tourism Rodolfo Baggio, Jane E. Klobas, 2017 In this revised second edition the authors offer a presentation of quantitative research methods for tourism researchers This accessible and rigorous guide covers common issues in statistical analysis of data and the most widely used techniques as well as several newer and less common approaches to data analysis

Handbook of Research Methods in Tourism Larry Dwyer, Alison Gill, Neelu Seetaram, 2012-01-01 This is an excellent book which significantly contributes to tourism research and education It takes a rigorous yet readable style to address twenty five of the most pertinent quantitative and qualitative techniques applied in tourism research the book will appeal to a wider readership of social scientists as well as to scholars of tourism as each chapter provides a thorough overview and explanation of the techniques irrespective of their tourism application Dimitrios Buhalis Bournemouth University UK This insightful book explores the most important established and emerging qualitative and quantitative research methods in tourism the authors provide a detailed overview of the nature of the research method its use in tourism the advantages and limitations and future directions for research Each chapter is structured to provide information on the nature of the technique and its evolution background and types of problems that the technique is designed to handle applications of the technique to tourism including discussion of studies that have used the technique and their findings advantages and limitations of the technique conceptually and for policy formulation and further developments and applications of the technique in tourism research Handbook of Research Methods in Tourism will appeal to social scientists students as well as researchers in tourism who use

quantitative and qualitative research techniques *Handbook of Research Methods for Tourism and Hospitality Management* Robin Nunkoo, 2018-07-27 As research in tourism and hospitality reaches maturity a growing number of methodological approaches are being utilized and in addition this knowledge is dispersed across a wide range of journals Consequently there is a broad and multidisciplinary community of tourism and hospitality researchers whom at present need to look widely for support on methods In this volume researchers fulfil a pressing need by clearly presenting methodological issues within tourism and hospitality research alongside particular methods and share their experiences of what works what does not work and where challenges and innovations lie **Handbook of Research Methods in Tourism** Larry Dwyer, 2012 This insightful book explores the most important established and emerging qualitative and quantitative research methods in tourism The authors provide a detailed overview of the nature of the research method its use in tourism the advantages and limitations and future directions for research Quantitative Methods in Tourism Economics Álvaro Matias, Peter Nijkamp, Manuela Sarmento, 2012-12-13 Tourism economics is partly based on established principles from the economics discipline but it also incorporates elements from sociology psychology organization theory and ecology It has over the years turned into an appealing multi disciplinary oriented approach to the understanding of the impacts of leisure time in a modern society including cultural heritage sustainable quality of life and industrial organization of the hospitality industry The increasing dynamics in the tourist industry and its worldwide effects will continue to attract the attention of both the research and the policy sector in the years to come Rather than speculating on non observed facts there is a clear need for evidence based research in order to map out the complex dynamics of the tourist industry The present volume comprises novel studies mainly of a quantitative analytical nature on the supply demand and contextual aspects of modern tourism It contains a sound mix of theory methodology policy and case studies on various tourism issues in different parts of the world

The SAGE Handbook of Tourism Management Chris Cooper, Serena Volo, William C. Gartner, Noel Scott, 2021-08-04 The SAGE Handbook of Tourism Management is a critical authoritative review of tourism management written by leading international thinkers and academics in the field Arranged over two volumes the chapters are framed as critical synoptic pieces covering key developments current issues and debates and emerging trends and future considerations for the field The two volumes focus in turn on the theories concepts and disciplines that underpin tourism management in volume one followed by examinations of how those ideas and concepts have been applied in the second volume Chapters are structured around twelve key themes Volume One Part One Researching Tourism Part Two Social Analysis Part Three Economic Analysis Part Four Technological Analysis Part Five Environmental Analysis Part Six Political Analysis Volume Two Part One Approaching Tourism Part Two Destination Applications Part Three Marketing Applications Part Four Tourism Product Markets Part Five Technological Applications Part Six Environmental Applications This handbook offers a fresh contemporary and definitive look at tourism management making it an essential resource for academics researchers and students *How*

to Get Published in the Best Tourism Journals Chris Cooper, C. M. Hall, 2024-04-12 Drawing on a wealth of knowledge and experience from leading tourism academics and journal editors this practical How To guide offers clear sighted advice on how to craft a high quality paper in terms of contribution positioning and submission Accessible and comprehensive it demystifies the process of getting published in the top tourism journals

Student's Guide to Writing Dissertations and Theses in Tourism Studies and Related Disciplines Tim Coles, David Timothy Duval, Gareth Shaw, 2013-05-02 Around the world every year very many students have to complete dissertations or theses as part of their undergraduate or masters studies in tourism and related subjects Often this substantial piece of self directed work is the culmination of their programmes More than just a means to consolidate their final grades it is also an exciting chance to research a topic of their choosing and a potential gateway to more advanced study as well as job offers and future career paths Yet for all these reasons many students view the dissertation as a tricky challenge This comprehensive book intends to take the stress and anxiety out of doing a dissertation in tourism studies and related disciplines The process is examined from the germination of an idea to the submission and assessment of the final document Written primarily for students conducting independent research for the first time this book offers simple advice and a clear framework which students can adopt even in more advanced studies at masters and doctoral level This book debunks popular myths and aims to overcome common pitfalls It focuses on the aims and objectives as the DNA of every dissertation Rather than view it as a single overwhelming project the dissertation is presented as a series of more modest manageable yet crucially inter linked tasks that all students can successfully complete through careful preparation and effective time management Dissertations are not to be underestimated and they demand great care and attention but they can also be immensely rewarding and enriching experiences academically and personally This jargon free book is also written with overseas students specifically in mind drawing directly on our overseas students experiences This valuable resource contains start of chapter learning objectives and end of chapter checklists as well as numerous boxed case studies to further help assist students through their dissertation

[European Journal of Tourism Research](#), 2011-10-01 The European Journal of Tourism Research is an academic journal in the field of tourism published by Varna University of Management Bulgaria Its aim is to provide a platform for discussion of theoretical and empirical problems in tourism Publications from all fields connected with tourism such as tourism management tourism marketing sociology psychology tourism geography political sciences mathematics tourism statistics tourism anthropology culture information technologies in tourism and others are invited The journal is open to all researchers Young researchers and authors from Central and Eastern Europe are encouraged to submit their contributions Regular Articles in the European Journal of Tourism Research should normally be between 4 000 and 20 000 words Major research articles of between 10 000 and 20 000 are highly welcome Longer or shorter papers will also be considered The journal publishes also Research Notes of 1 500 2 000 words Submitted papers must combine theoretical
