Contemporary Federalist Thought in

Quebec Antoine Brousseau Desaulniers, Stéphane Savard, 2023-06-15 Quebec's most recent attempts to assert its distinctiveness within Canada have relied on unilateral constitutional means to strengthen its French and secular character suggesting that an important change of political culture has taken place in Quebec With its diverse team of researchers Contemporary Federalist Thought in Quebec considers the recent history of the debate that once threatened Canada with disjunction exploring the federalist thought that continues to shape constitutional debate in Quebec Examining historical perspectives from 1950 to the present day the volume draws portraits of the key actors in the federalist movement including political leaders intellectuals academics activists and spokespersons for pressure groups comparing their various outlooks interventions and values and examining the ties that bind these actors to the sense of nationalism that emerged during Quebec's Quiet Revolution Taking a multidisciplinary approach Contemporary Federalist Thought in Quebec casts new light on the continuing debate surrounding Quebec's place in Canada and gives nuance to what is traditionally conceived as a rigid opposition between sovereigntists and federalists in the province **Contemporary Quebec** Michael D. Behiels, Matthew

Hayday, 2011-11-30 In the last seventy years Quebec has changed from a society dominated by the social edicts of the Catholic Church and the economic interests of anglophone business leaders to a more secular culture that frequently elects separatist political parties and has developed the most comprehensive welfare state in North America In Contemporary Quebec leading scholars raise provocative questions about the ways in which Quebec has been transformed since the Second World War and offer competing interpretations of the reasons for the province's quiet and radical revolutions *Canadian Reference Sources* Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people institutions organizations publications art literature languages and history It lists books of a general nature as well as works in the disciplines of history and the humanities These large divisions are then broken down by subject genre type of document and province or territory Titles of national provincial territorial or regional

interest are included in every subject area when available The contents of the book are indexed four ways by name title French subject and English subject And to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages Entries for unilingual works include citation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and related works Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers
