Queer Media Images Lgbt Perspectives:

Queer Media Images Theresa Carilli, Jane Campbell, 2013-05-16 Queer Media Images LGBT Perspectives presents fifteen chapters that address how the gay lesbian bisexual and transgendered communities are depicted in the media This collection focuses on how the LGBT community has been silenced or given voice through the media Through a study of queer media images this book scrutinizes LGBT media representations and how these representations contribute to a dialogue about civil rights for this marginalized community While the communication discipline has been open to the LGBT community there has been an absence of published research and a marginalizing or tokenizing of the queer voice Through a study of media representations this unique collection provides a snapshot into the issues surrounding LGBT identity during a time when the Defense of Marriage Act is called into question and explores what it means to study images through a queer lens
