Quelle Histoire Un Reacutecit De Filiation:

Quelle histoire Stéphane Audoin-Rouzeau, 2013 Ce livre est le fruit d'une expérience historiographique menée par l'un des plus grands historiens de la Première Guerre mondiale après avoir tant travaillé sur les combattants des tranchées et leur expérience de la guerre Stéphane Audoin-Rouzeau a choisi de se tourner vers les siens Même si elles s'y apparentent parfois les pages que l'on va lire ne constituent pas un récit de famille Et quoique l'on puisse sans doute s'y tromper ces mêmes pages ne sont pas non plus un essai d'ego-histoire En effet Stéphane Audoin-Rouzeau n'a pas tenté d'écrire une autobiographie d'historien mais de raconter le cheminement d'un vœu de retrouver la manière dont la Grande Guerre a travers leur existence sur trois générations quitte inscrire ses effets au-delà même de leur propre vie Au-delà des individualités voquées dans ce récit de filiation le premier rôle restera la Grande Guerre En ce sens ce livre demeure un livre d'histoire Quelle histoire est un livre saisissant sensible et matrisé l'historien s'efforce au fond de retrouver l'Histoire dans l'homme *Quelle histoire*

Bhabha, Jyothi Kanics, Daniel Senovilla Hernández, 2018-08-31 The scope and complexity of child migration have only recently emerged as a critical factor in global migration This volume assembles for the first time a richly interdisciplinary body of work drawing on contributions from renowned scholars eminent practitioners and prominent civil society advocates from across the globe and from a wide range of different mobility contexts Their invaluable pedagogical tools and research documents demonstrate the urgency and breadth of this important new aspect of international human mobility in our global age **Family Histories of World War II** Róisín Healy, Gearóid Barry, 2021-10-07 Expertly contextualized by two leading historians in the field this unique collection offers 13 accounts of individual experiences of World War II from across Europe It sees contributors describe their recent ancestors' experiences ranging from a Royal Air Force pilot captured in Yugoslavia and a Spanish communist in the French resistance to two young Jewish girls caught in the siege of Leningrad Contributors draw upon a variety of sources such as contemporary diaries and letters unpublished postwar memoirs video footage as well as conversations in the family setting These chapters attest to the enormous impact that war stories of family members had on subsequent generations The story of a father who survived Nazi captivity became a lesson in resilience for a daughter

with personal difficulties whereas the story of a grandfather who served the Nazis became a burden that divided the family. At its heart *Family Histories of World War II* concerns human experiences in supremely difficult times and their meaning for subsequent generations.

Writing the Great War Christoph Cornelissen, Arndt Weinrich, 2022-11-11 From the Treaty of Versailles to the 2018 centenary and beyond the history of the First World War has been continually written and rewritten, studied and contested, producing a rich historiography shaped by the social and cultural circumstances of its creation. *Writing the Great War* provides a groundbreaking survey of this vast body of work, assembling contributions on a variety of national and regional historiographies from some of the most prominent scholars in the field. By analyzing perceptions of the war in contexts ranging from Nazi Germany to India's struggle for independence, this is an illuminating collective study of the complex interplay of memory and history.

How the French Think Sudhir Hazareesingh, 2015-09-22 An award-winning historian presents an absorbing account of the French mind, shedding light on France's famous tradition of intellectual life. Why are the French such an exceptional nation? Why do they think they are so exceptional? The French take pride in the fact that their history and culture have decisively shaped the values and ideals of the modern world. French ideas are no less distinct in their form while French thought is abstract, stylish, and often opaque; it has always been bold and creative and driven by the relentless pursuit of innovation. In *How the French Think*, the internationally renowned historian Sudhir Hazareesingh tells the epic and tumultuous story of French intellectual thought from Descartes, Rousseau, and Auguste Comte to Sartre, Claude L. Lévi-Strauss, and Derrida. He shows how French thinking has shaped fundamental Western ideas about freedom, rationality, and justice, and how the French mind-set is intimately connected to their own way of life, in particular to the French tendency towards individualism, their passion for nature, their celebration of their historical heritage, and their fascination with death. Hazareesingh explores the French veneration of dissent and skepticism from Voltaire to the Dreyfus Affair, and beyond, the obsession with the protection of French language and culture, the rhetorical flair embodied by the philosophes, which today's intellectuals still try to recapture, the astonishing influence of French postmodern thinkers including Foucault and Barthes on postwar American education and life, and also the growing French anxiety about a globalized world order under American hegemony. *How the French Think* sweeps aside generalizations and easy stereotypes to offer an incisive and revealing exploration of the French intellectual tradition. Steeped in a colorful range of sources and written with warmth and humor, this book will appeal to all lovers of France and of European culture.

The Great War in History Jay Winter, Antoine Prost, 2020-12-03 The first comprehensive survey of interpretations of the Great War from 1914 to 2020.

Scholars and Their Kin Stéphane Gerson, 2025-02-19 Spotlights historians who have embraced the methodological, practical, and ethical challenges of writing about the most slippery of subjects: their own families. Historians have often been discouraged from writing about their relatives, subjects who are deemed too close for objective analysis. But new work by scholars interested in their own families raises fascinating questions about subjectivity and how historians

might put it to use It also invites historians to abandon traditional aspects of academic writing and draw instead on literary forms more equipped to highlight the relationships between scholar and material feeling and reason Scholars and Their Kin embraces diverse approaches to such writing bringing into the open the personal professional and historiographic complexities that ensue when scholars write intimate yet self aware histories about their families The first book devoted to this genre which editor Stéphane Gerson terms personal family history this anthology features ten essays and an afterword by scholars working in this vein The contributors varied in their disciplines themes and nationalities reflect on their motivations and methodological choices the politics of family history and the institutional constraints they have sometimes faced Making full use of the creative possibilities of voice and form they expand the literary ambitions of personal family history provide readers with narrative models and address questions of shame responsibility love gendered and racial violence family archives as well as the tall tales myths misrepresentations memories and omissions that suffuse family lives Scholars and Their Kin will interest historians scholars in other disciplines and readers interested in family histories that open broader worlds

The Birth of a Political Self Jean-Max Gaudillière, 2020-09-21 This book provides a psychoanalytic reading of works of literature enhancing the illuminating effect of both fields The second of two volumes The Birth of a Political Self The Jean Max Gaudillière Seminars 2001-2014 contains seven of the Madness and the Social Link seminars given by psychoanalyst Jean Max Gaudillière at the cole des hautes études en sciences sociales EHESS in Paris between 2001 and 2014 transcribed by Françoise Davoine from her notes Each year the seminar was dedicated to an author who explored madness in their depiction of the catastrophes of history Surprising the reader at every turn the seminars speak of the close intertwining of personal lives and catastrophic historical events and of the possibility of repairing injury to the psyche the mind and the body in their wake These volumes expose the usefulness of literature as a tool for healing for all those working in therapeutic fields and will allow lovers of literature to discover a way of reading that gives access to more subtle perspectives and unsuspected interrelations

Shandean Psychoanalysis Françoise Davoine, 2022-12-30 This unique book examines the psychoanalysis of madness and trauma through an extended discussion of The Life and Opinions of Tristram Shandy Gentleman the provocative eighteenth century novel by Laurence Sterne Françoise Davoine explores the entire novel each of her chapters corresponding to a volume of the novel viewing it through a psychoanalytic lens the monologue by Tristram's embryo in the opening chapter the war traumas of Captain Toby and Corporal Trim and several key themes including confinement love and history In parallel to her own analytic comments on these inventions Françoise Davoine follows the writing of the novel itself keeping the reader constantly aware that Sterne's endeavour is a race against death his own Davoine points out that time acts as a major character in the novel constantly upsetting chronology and bringing about the same impasses as the psychoanalysis of madness and trauma does The book presents Shandean wit as a valuable tool in therapeutic work Shandean Psychoanalysis will be of great interest to psychoanalysts and to academics and students engaged in psychoanalytic studies literary studies

and trauma related studies
