Richard Seltzer,2023-01-10 Because of Covid Debbie Dawkins has been unable to stage high school plays This summer she wants to do Shakespeare on the Beach starting with Romeo and Juliet No one answers the casting call until a stranger Liam shows up and recites the entire play He has no idea how he did that She by chance quotes a line from Hamlet and he starts reciting that play as well Alarmed she drives him to the emergency room of a local hospital There s nothing medically wrong but she feels responsible for having triggered this Shakespeare mania in him and she is also beginning to realize that his uncanny ability might open opportunities Her mother a psychotherapist charmed by Liam thinks he has a rare gift not a psychosis There is no barrier to staging public performances she reassures Deb He does Julius Caesar and the audience is entranced Then he does Macbeth He needs no rehearsal A line from the play is enough to send him into his trance Even fireworks set off by troublemakers do not distract him They decide to do a different play every day for the rest of the summer No one understands how he does it Everyone enjoys it Reporters learn that all it takes is one line to trigger Liam into reciting an entire play At the next performance people in the audience shout lines from many different plays and Liam recites now this one now that one The show becomes a farce Next time Liam wears noise reducing headphones to foil hecklers People in the audience stream his performance from their cellphones to the Web making it a global event Its huge success dooms the project The town shuts them down when a hundred thousand people swarm to Eastport disrupting traffic and causing random damage A hundred thousand people swarm to Eastport disrupting traffic and causing random damage The town shuts them down Their fifteen minutes of fame are over Professor Jaspers a Shakespeare expert at Yale becomes interested in Liam and tests him with a few lines from Cardenio a lost Shakespeare play Liam recites the whole thing The professor is astounded He believes that what he just heard is the play itself He has Liam do it again and captures it on video and has it transcribed He wants to make it public but knows that its bizarre provenance would undermine its credibility He decides to present it as a scholarly work of reconstruction But a reporter tricks Liam into reciting Cardenio uncovering the ruse Instead of a lost masterpiece or a brilliant reconstruction it appears to be an elaborate hoax To save face Jaspers has Liam perform Cardenio at the Yale Bowl streamed globally and put into the public domain He provides no explanation The focus is on the work s literary merit not how it came to be In the media storm that follows Liam as Shakespeare becomes a second Elvis with numerous reported sightings and wild rumors explaining his capabilities and his sudden disappearance Liam who felt dehumanized by this mechanical process that took over his mind comes up with a gadget that allows him to live a normal life Years later he starts reciting what sounds like another Shakespeare play this one about Saint George Caught by surprise Deb

doesn't record it and Liam refuses to do it again. Later still, Liam realizes that he no longer needs a special device to think and act normally. But now he regrets the loss. Saint George is somewhere in his mind. He would like to release it to the world. To recover his ability and to remember this play, he needs a moment of heightened awareness and anxiety. As New York explodes with dangerous creatures, their passion goes nuclear. After a terrible magical accident at Berkeley created unpredictable holes between realities, all manner of non-human creatures started popping into our world. These displacements called Random Anomalous Reality Events or RARE have taken magic out of fiction and relocated it firmly in reality, resulting in a great deal of chaos and confusion. Displaced elf Valerian works with AURA, the Agency of Unnatural Resettlement and Assimilation, to intercept these beings as they appear in the human world, helping the peaceful ones and subduing the violent malevolent ones. It's good, satisfying work, and Val would be happy if he wasn't so lonely. Quinten is a young mage just trying to get by, but New York isn't the easiest city to make a living in. If his methods are sometimes morally dubious, his heart is still in the right place. Of course, for Quinn, the right place means firmly locked away, protected at all costs. Living by his wits and sometimes magically induced luck, he works as a freelance magic user or

unregistered mage and small time con according to the authorities The last thing Quinn wants is to draw the cops attention but when an Event happens right on top of him he s forced to turn to AURA for help Valerian isn t at all what he d expected in an AURA cop and he certainly wasn t expecting to join forces with the sexy elf a snarky drow and a bitter incubus when certain individuals in power try to stop the RARE by any means necessary Things are not all what they seem at AURA headquarters and a greater evil lurks at the top than anyone could have imagined
