pretty well even though he had withdrawn from the physical side of their relationship when she told him about her affair. They had been back in the same house and in the same bed for about a month and a half but had only made love once. It bothered her because it made her feel undesired which is why she thought of Xavier so often. Unlike her husband who'd rebuffed her at every turn, Xavier had made no secret of not only his physical attraction for her but he desired her emotionally as well. He'd once said, "There's more going on here than just sex, Lenae. I recognize it and I know you do too." Against her will, she relived the memory crossing her legs to ward off the ache between them that had been left so empty for far too long. I assure you, you are pregnant. You're about 7 weeks along, the doctor explained patiently. The rest of the doctor's words rushed over Lenae in a jumbled murmur of background noise as if she was taking in slow motion and Lenae was an outside observer. Seven weeks along, the phrase reverberated in her head. That meant she couldn't bring herself to fully form the thought. Dear God, just when her marriage was getting back on track, she might be pregnant with another man's child. Would her husband ever forgive her for this or would it mean the end of her marriage? And what of Xavier? How was he going to react if he was the father? Lenae covered her face in her hands. How could this happen? How could she let this happen and what did it mean for her future and with which man? adult romance steamy romance interracial romance bwwm romance erotic interracial romance african american romance erotic romance short story romance steamy romance

hometown and Simon's apartment in the city with their screaming baby girl in tow after spending time with her sick mother every week. When Jamie finds out that none of Simon's friends know anything about her or their baby despite how long it's been, she has to ask herself once again if trying to make something work with Simon is the right thing to do or if she'd be better off following in her mother's footsteps and going it alone.
