,1898     **The Civil War Years in Utah** John Gary Maxwell,2016-02-29 In 1832 Joseph Smith Jr the Mormons first prophet foretold of a great war beginning in South Carolina In the combatants mutual destruction God s purposes would be served and Mormon men would rise to form a geographical political and theocratic Kingdom of God to encompass the earth Three decades later when Smith s prophecy failed with the end of the American Civil War the United States left torn but intact the Mormons perspective on the conflict and their inactivity in it required palliative revision In *The Civil War Years in Utah* the first full account of the events that occurred in Utah Territory during the Civil War John Gary Maxwell contradicts the patriotic mythology of Mormon leaders version of this dark chapter in Utah history While the Civil War spread death tragedy and sorrow across the continent Utah Territory remained virtually untouched Although the Church of Jesus Christ of Latter day Saints and its faithful proudly praise the service of an 1862 Mormon cavalry company during the Civil War Maxwell s research exposes the relatively inconsequential contribution of these Nauvoo Legion soldiers Active for a mere ninety days they patrolled overland trails and telegraph lines Furthermore Maxwell finds indisputable evidence of Southern allegiance among Mormon leaders despite their claim of staunch long standing loyalty to the Union Men at the highest levels of Mormon hierarchy were in close personal contact with Confederate operatives In seeking sovereignty Maxwell contends the Saints engaged in blatant and treasonous conflict with Union authorities the California and Nevada Volunteers and federal policies repeatedly skirting open warfare with the U S government Collective memory of this consequential period in American history Maxwell argues has been ill served by a one sided perspective This engaging and long overdue reappraisal finally fills in the gaps telling the full story of the Civil War years in Utah Territory     **A Commentary or Exposition upon all the Books of the New Testament** John Trapp,2020-03-09 A Commentary or Exposition upon all the Books of the New Testament Wherein the text is explained some controversies are discussed divers commonplaces are handled and many remarkable matters hinted that had by former interpreters been pretermitted Besides divers other texts of Scripture which occasionally occur are fully opened and the whole so intermixed with pertinent histories as will yield both pleasure and profit to the judicious reader     **Never Saw It Coming** Karen A. Cerulo,2008-09-15 People especially Americans are by and large optimists They re much better at imagining best case scenarios I could win the lottery than worst case scenarios A hurricane could destroy my neighborhood This is true not just of their approach to imagining the future but of their memories as well people are better able to describe the best moments of their lives than they are the worst Though there are psychological reasons for this phenomenon Karen A Cerulo in *Never Saw It Coming* considers instead the role of society in fostering this attitude What kinds of communities develop this pattern of thought which do not and what does that say about human ability to evaluate possible outcomes of decisions and events Cerulo takes readers to diverse realms of experience including intimate family relationships key transitions in our lives the places we work and play and the boardrooms of organizations and bureaucracies Using interviews surveys artistic and fictional accounts media reports historical data and official records

she illuminates one of the most common yet least studied of human traits a blatant disregard for worst case scenarios Never Saw It Coming therefore will be crucial to anyone who wants to understand human attempts to picture or plan the future In Never Saw It Coming Karen Cerulo argues that in American society there is a positive symmetry a tendency to focus on and exaggerate the best the winner the most optimistic outcome and outlook Thus the conceptions of the worst are underdeveloped and elided Naturally as she masterfully outlines there are dramatic consequences to this characterological inability to imagine and prepare for the worst as the failure to heed memos leading up to both the 9 11 and NASA Challenger disasters for instance so painfully reminded us Robin Wagner Pacifici Swarthmore College Katrina 9 11 and the War in Iraq all demonstrate the costliness of failing to anticipate worst case scenarios Never Saw It Coming explains why it is so hard to do so adaptive behavior hard wired into human cognition is complemented and reinforced by cultural practices which are in turn institutionalized in the rules and structures of formal organizations But Karen Cerulo doesn't just diagnose the problem she uses case studies of settings in which people effectively anticipate and deal with potential disaster to describe structural solutions to the chronic dilemmas she describes so well Never Saw It Coming is a powerful contribution to the emerging fields of cognitive and moral sociology Paul DiMaggio Princeton University
