

Basic Five Paragraph Essay Format

Paragraph	Content	
Introduction	Sentence 1	<u>Hook</u> - One sentence designed to grab your reader's attention (quote, question, thought-provoking statement, anecdote, interesting fact, etc).
	Sentence 2-3	<u>Background Information</u> - Connect your general hook to your specific topic. What basic information should your reader know about your topic in order to understand your essay?
	Sentence 4-5	<u>Thesis</u> - One to two sentences identifying your topic, claim, and specific arguments you intend to make.
Body #1 through Body #3	Sentence 1	<u>Topic Sentence</u> : One sentence identifying what your paragraph is going to be about. This sentence should use transitions such as, first, second, third, last, also, additionally, etc.
	Sentence 2-6	<u>Details</u> : Use these sentences to prove your point using specific details from the text. The more specific you can make it, the better. Use quotes, page numbers or examples from text.
	Sentences 7-8	<u>Paragraph Summary/Transition</u> - Briefly wrap up your paragraph by putting your final thoughts on the topic at hand. Basically in your own words, what overall idea or statement do the details you supplied create? How might this topic lead into the next idea?
Conclusion	Sentence 1	<u>Wrap-Up Statement</u> : This is a one sentence overview of your topic. What is the overall point/argument/idea of your essay? You can use your original thesis to create this sentence.
	Sentence 2-3	<u>Recap Specific Ideas</u> : Use these sentences to summarize your main points from your body paragraphs. Never word your points the exact same way. Add variety by restating the ideas using new words. At no point should you introduce new ideas in your conclusion.
	Sentence 4-5	<u>Lasting Impression</u> - One to two sentences leaving your reader with a memorable idea, thought or call to action. It is clear from these sentences that your essay is done.

An Introduction to Advanced Academic Argumentative Writing Approach for High School and Undergraduate Students Dr Julius Nang Kum , An Introduction to the Advanced Academic Argumentative Writing Approach for High School and Undergraduate Students This long awaited textbook examines the knowledge making genre or the argumentative writing at the advanced stage It provides students with an insightful and a coherent picture of the academic argumentative essay which is a training tool for knowledge making for most convincing writings The book is divided into six chapters Chapter one highlights some key pragmatic features which are very necessary for most successful students in the academic world Chapter two focuses on the writing skills and some advantages of being a good writer The remaining chapters identify the actual definition of an academic argumentative

writing and also highlight the components of the introduction section the body section and the conclusion section of the knowledge constructing genre The book would be appropriate as a training tool for the writing skills of many advanced and undergraduate students We hope that high school and undergraduate students would find the book very interesting and vital for their advanced argumentative writings and some related convincing writings in other fields **The One-Idea Rule**

Mark Rennella,2023-08-29 Focused on a simple principle and designed to bolster writers confidence and skills writing coach at Harvard Business School Mark Rennella offers practical advice for students and budding writers with the goal of leveling the playing field between beginners and those with more experience After a 30 year career as a writer instructor and editor Mark Rennella has crafted a battle tested method to help students and young professionals who want to improve their writing the One Idea Rule anchored on the assertion that every component of a successful piece of writing should express only one idea With The One Idea Rule writers embarking on their adult lives and professional journeys will have a reliable methodology they can easily remember and count on for all of their writing tasks as well as increased confidence about the cogency of their writing and its potential for impact in the public sphere Most advice about writing looks like a long laundry list of dos and don ts For those already accomplished as writers these lists can be a helpful addition to an already developed communication style But for teens starting college and young professionals entering the workforce it can be challenging to wield such complex advice to tackle increasingly demanding writing assignments The One Idea Rule is a writing primer aligned and empathetic with any young writer s needs Methodologies for Effective Writing Instruction in EFL and ESL Classrooms

Research in Basic Writing Martin Jacobi,Michael G. Moran,1990-02-15 This reference handbook surveys research on the central issue associated with the teaching of unprepared writers Though basic writing has only been recognized as a distinct area of teaching and research since 1975 the existing bibliographic texts already seem limited due to their age or lack of annotation This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers Following an introduction that summarizes the origins and significant texts in basic writing the book is divided into three sections Social Science Perspectives Linguistic Perspectives and Pedagogical Perspectives The first section which contains three essays views the field through the lens of social psychological and political issues The second section also containing three essays examines contributions made from studies of grammar dialects and second language acquisition The third section in its four essays focuses on the design development administration and evaluation of basic writing courses the use of computers in basic writing classrooms the role of the writing lab and the preparation of basic writing teachers An appendix that reviews current textbooks for basic writing courses is also included as well as an index This book will be a valuable resource for teachers of basic writing in education courses and workshops that train teachers and tutors and in fields such as linguistics technical writing and Teaching English as a Second Language It will also be an important addition to public and university libraries and many education programs

Closing the Gap Karen Keaton Jackson,Sandra Vavra,2007-09-01 Without contraries there is no progression William Blake This is a book about reality and hope Its chapters reframe the concept of gap acknowledging distances for example acknowledging old insights and theory while also honoring teacher discovery However it refuses to bow under the weight of these challenges Its contributors focus instead on how to overcome acknowledged inadequacies in learning how to teach writing as well as how to practice principled literacy instruction These contributors see gaps not as unbridgeable chasms but rather as opportunities to educate their students to use writing to understand the broader context of their education and pre service candidates to adapt curriculum creatively Contributors include new and seasoned secondary school teachers graduate students and university faculty who together remind us of old insights needing to be passed along Villanueva and show us new practices that challenge the conventions of the status quo and promote social justice To close the gaps in short they demonstrate how rhetoric and truth are intertwined In a time when too many children continue to be left behind this book should be required reading for all literacy teachers because it is in our continued willingness to learn from each other that hope resides **New Perspectives in English One' 2005 Ed. , Integrated English Practice II** Alfredo A
