The Oxford Handbook of Organizational Identity Michael G. Pratt, Majken Schultz, Blake E. Ashforth, Davide Ravasi, 2016-09-01 The topic of organizational identity has been fast growing in management and organization studies in the last 20 years Identity studies focus on how organizations define themselves and what they stand for in relation to both internal and external stakeholders Organizational identity OI scholars study both how such self definitions emerge and develop as well as their implications for OI leadership and change among others We believe there are at least four inter related reasons for the growing importance of OI OI addresses essential questions of social existence by asking Who are we and who are we becoming as a collective It is a relational construct connecting concepts and ideas that are often viewed as oppositional such as us and them or similar and different OI is also a nexus concept serving to gather multiple central constructs also represented in this Handbook Finally OI is inherently useful as knowing who you are is the foundation for being able to state what you stand for and what you are promising to others no matter their relation with the organization The Handbook provides a road map to the OI field organized in over 25 chapters across seven sections Each chapter not only offers a broad overview of its particular topic each also advances new knowledge and discusses the future of research in its area of focus

Preferences and Similarities Giacomo

Riccia,Didier Dubois,Hans-Joachim Lenz,Rudolf Kruse,2009-06-23 The fields of similarity and preference are still broadening due to the exploration of new fields of application This is caused by the strong impact of vagueness imprecision uncertainty and dominance on human and agent information communication planning decision action and control as well as by the technical progress of the information technology itself The topics treated in this book are of interest to computer scientists statisticians operations researchers experts in AI cognitive psychologists and economists **Operating in Emerging Markets** Luciano Ciravegna,Robert Fitzgerald,Sumit Kundu,2013-08-29 Master a complete roadmap for emerging market business success and profitability Emerging markets are generating unprecedented opportunities but they are far more complex and risky than they may seem Profiting in these markets entails retooling business models products and strategies to exploit these differences instead of falling victim to them Too many American European and Japanese companies continue to operate with a developed world mentality that seeks to merely adapt existing products and strategies while underestimating the unique challenges of managing a business in radically different contexts Operating in Emerging Markets draws from real life examples and today s most valuable research to offer a step by step blueprint for improving profitability in emerging markets Pioneering researchers Dr Luciano Ciravegna and Dr Robert Fitzgerald walk you through understanding the true risks and challenges identifying and investing the right resources developing the right strategies products and processes and learning from both the successes and failures that have come before you An indispensable resource for all decision makers in companies that are or plan to operating in emerging markets and for all graduate business students who may do so in the future Publications devoted to rapidly transforming economies are on the rise but the contribution is often marginal This new book Operating in Emerging Markets authored by Luciano Ciravegna Robert Fitzgerald and Sumit Kundu is an exception It provides valuable insights into what makes these economies grow and prosper Most importantly it responds to the need for practical approaches to tapping emerging markets Thus it should assist current and future managers in navigating these high potential but high risk countries S Tamer Cavusgil Callaway Professorial Chair and Executive Director CIBER J Mack Robinson College of Business Georgia State University *J.K.
