court intrigue and a battle for the soul of humankind Hugh Thomas shows Spain at the dawn of the sixteenth century as a world power on the brink of greatness Her monarchs Fernando and Isabel had retaken Granada from Islam thereby completing restoration of the entire Iberian peninsula to Catholic rule Flush with success they agreed to sponsor an obscure Genoese sailor's plan to sail west to the Indies where legend purported gold and spices flowed as if they were rivers For Spain and for the world this decision to send Christopher Columbus west was epochal the dividing line between the medieval and the modern Spain's colonial adventures began inauspiciously Columbus's meagerly funded expedition cost less than a Spanish princess's recent wedding In spite of its small scale it was a mission of astounding scope to claim for Spain all the wealth of the Indies The gold alone thought Columbus would fund a grand Crusade to reunite Christendom with its holy city Jerusalem The lofty aspirations of the first explorers died hard as the pursuit of wealth and glory competed with the pursuit of pious impulses The adventurers from Spain were also of course curious about geographical mysteries and they had a remarkable loyalty to their country But rather than bridging earth and heaven Spain's many conquests bore a bitter fruit In their search for gold Spaniards enslaved Indians from the Bahamas and the South American mainland The eloquent protests of Bartolom de las Casas here much discussed began almost immediately Columbus and other Spanish explorers Cort's Ponce de Le'n and Magellan among them created an empire for Spain of unsurpassed size and scope But the door was soon open for other powers enemies of Spain to stake their claims Great men and women dominate these pages cardinals and bishops priors and sailors landowners and warriors princes and priests noblemen and their determined wives Rivers of Gold is a great story brilliantly told More significant it is an engrossing history with many profound often disturbing echoes in the present
