

Theory	View of Human Nature	Key Concepts/Causes	What changes can be made?	Interventions
Behavioral Psychotherapy Cognitive-Behavior	People can learn to recognize triggers	•	• Goal is to adjust information-processing and initiate positive change • Teaches individuals to use conscious control to recognize and override maladaptive responses	1. Identify ineffectiveness of current attitudes 2. Help student see experience differently 3. Change experiences of client/student Homework, journaling, role-play, scripting (small steps toward goal) • Help families operationalize worlds like love and respect; become more aware of expectations for each other • Increase self-esteem in all members • Teach members to understand their encounters w/ each other and learn leveling responses • Encourage members to take responsibility for own actions
Conjoint Family (Virginia Satir)	People can learn what they don't know & can change	• Self-esteem (irresponsibility & poor communication symptoms of low self-esteem) • Roles in families: Placater, blamer, computer, distractor, leveler	• 4 components of family subject to change: members feelings of self-worth, family communication, the system, rules of a family	• Help families operationalize worlds like love and respect; become more aware of expectations for each other • Increase self-esteem in all members • Teach members to understand their encounters w/ each other and learn leveling responses • Encourage members to take responsibility for own actions
Existential/Constructivist	Learning what it means to be human	• Stresses the understanding of persons rather than a system of techniques • Existential paradox: humans are both alone & dependant on relationships • We search for meaning	• Self awareness (the more aware we are, the more freedom we experience) • The more freedom we experience, the more responsible we are for our freedom, existence, actions • Awareness of freedom sometimes creates anxiety	• Goal of therapy is to expand self-awareness and increase choice potentials • Become free & responsible to direction of one's life • Reflection; self-disclosure, roleplaying, confrontation, open questions that address the "why" issues
Gestalt Narrative	Postmodern, reality is what the person determines it to be	• Reality is constructed in the context of interpersonal interactions • Language (verbal & nonverbal) organizes relational events into narratives that hold meaning • The person is not the problem; the problem is the problem	• Client can re-write their personal narrative to be more resilient • If our personal narrative changes, so can our view of our identity • We can change our meaning; make sense of our experiences	• Externalization (The Self-Doubt monster); separate the problem from the person • Finding unique outcomes • Joining through metaphor
Paradoxical Brief	Drive for independence, wants to resist	• Counselor takes advantage of the idea that the client wants to prove the counselor wrong	• Focus is on the problem formation and elimination	• "one-up"/"one-down" • Problems reframed as
Person-Centered (Carl Rogers)	Forward moving, core of positive goodness; realistic;	• Clients know themselves best • Therapy rooted in the client's capacity for awareness & ability to make decisions • Focus on trusting relationship b/t counselor & client	• Client begins counseling in state of incongruence • Client must perceive that there is a problem • Client learns that they hold responsibility in relationship • Client explores wider ranges of their feelings	• Counselor helps client discover their capacity for positive adjustment • Counselor attitudes: Congruence (genuineness), unconditional positive regard, accurate empathic understanding
Play/art Psychoanalytic	Behavior is unconscious	• Id, ego, superego	• Treats the underlying cause	• Analyst is anonymous (not a relationship b/t counselor & client) • Focus on resistance & transference • Free association • Analyst interprets to teach client the meaning of behavior • Confronts "Nobody loves you" • Counselors can influence the client's interpretation of events
Rational-Emotive Behavior (Albert Ellis)	People are irrational; people have choices & control over own ideas, feelings & actions	• Misinterpretation of situation • Person becomes angry, mean • Others react negatively, reinforcing irrational thought • Look for overgeneralizations, distortions, catastrophizing, absolutes, condemning statements	• Can change people's behavior • Can be persuaded to be more rational • We can choose to think differently • Treats the underlying cause (irrational thought), not just the symptoms	• Counselors can influence the client's interpretation of events
Reality (William Glasser)/ Choice Theory	Problems are result of inability to meet basic needs	• Lack of success is result of irresponsibility • 5 Basic Needs: Survival, belonging, power, fun, freedom • 3 R's: Reality, responsibility, right & wrong • People deny the reality of the world and try to avoid logical/natural consequences	• Can only control own behavior • Focus on present	• Client needs to face reality & choose responsible behavior 1. What are you doing now? 2. How is it working? 3. What might work better? 4. Develop plan 5. Get commitment
Solution-Focused Brief	No deep, underlying problems; Present/future orientation; people are	• Change is perpetual • Focus on the problematic exceptions • Reality is subjective & socially constructed through conversation	• Focus on small behavior changes • Look for the exceptions to the current problem, and build off of those • Often more productive to increase existing successes, rather than try and eliminate problems	• Focus on the changeable • Change the pattern • Focus on resources, strengths • "Miracle question" • Scaling question • Do something different/wacky • Reframing, spin the negative
Strategic	rational & capable of solving problems	• Understanding problem is not necessary to resolve it • Focus on the presence, not the absence, of behaviors	• Re-establish parents' natural authority over the child	• Directives that change the family interaction pattern • Introduce new behaviors • Focus on presenting problem
Strategic Planning	Students may not know how to plan for long-term	• n/a	• Teach students how to link with resources • Gain life/ coping skills • Focus on solving the presenting problem	• Strategy sampling • Set time frames (be specific) • Use sub-goals if main goal is lg • Make a Plan B 1. Identify hierarchical structure of family 2. Identify behaviors that cause/maintain problem 3. Develop an intervention/directive for how members are to change behaviors 4. Evaluate effectiveness
Structural Family		• Families are governed by rules • Families have subsystems	• Focus on altering the family structure • Shift the family focus from the identified client to the therapist, allowing the identified client to begin the process of rejoining the family as regular family member	• Joining (counselor actively directs, and participates as a family member) • Facilitate rule changes

The Case Study Guide to Cognitive Behaviour Therapy of Psychosis David Kingdon, Douglas Turkington, 2003-03-28 This is a practical volume which reflects how treatment programmes can be compatible with the reality of service delivery and mental health provision in an organisational context. It also supports both training and clinical practice by presenting examples of clinical cases to illustrate the assessment, treatment planning and implementation processes of CBT for psychosis. Based on extensive clinical experience and real life service settings. Deals with the roles of several mental health disciplines as they combine in these treatment programmes. Cases from a variety of settings: inpatient, outpatient, community. Describes techniques used with the full range of symptoms. Part of the Wiley Series in Clinical Psychology.

The Top Books of the Year Psychology Therapy Study Guide The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Psychology Therapy Study Guide : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

Psychology Therapy Study Guide Introduction

In the digital age, access to information has become easier than ever before. The ability to download Psychology Therapy Study Guide has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Psychology Therapy Study Guide has opened up a world of possibilities. Downloading Psychology Therapy Study Guide provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain

immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Psychology Therapy Study Guide has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Psychology Therapy Study Guide. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Psychology Therapy Study Guide. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Psychology Therapy Study Guide, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Psychology Therapy Study Guide has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
