Watercourses Stephen C. McCaffrey,2019-02-21 The Law of International Watercourses is an authoritative guide to the rules of international law governing the navigational and non navigational uses of international rivers lakes and groundwater The continued growth of the world s population places increasing demands on Earth s finite supplies of fresh water Because two or more States share many of the world s most important drainage basins including the Danube the Ganges the Indus the Jordan the Mekong the Nile the Rhine and the Tigris Euphrates competition for increasingly scarce fresh water resources will only increase Agreements between the States sharing international watercourses are negotiated and disputes over shared water are resolved against the backdrop of the rules of international law governing the use of this precious resource The basic legal rules governing the use of shared freshwater for purposes other than navigation are reflected in the 1997 UN Convention on the Law of the Non Navigational Uses of International Watercourses This book devotes a chapter to the 1997 Convention but also examines the factual and legal context in which the Convention should be understood considers the more

important rules of the Convention in some depth and discusses specific issues that could not be addressed in a framework instrument of that kind The book reviews the major cases and controversies concerning international watercourses as a background against which to consider the basic substantive and procedural rights and obligations of States in the field The third edition covers the implications of the 1997 Convention coming into force in August 2014 and the compatibility of the 1997 and 1992 Conventions This edition also updates the entire book adds new material to many of the chapters and adds a number of new case studies including Pulp Mills on the River Uruguay Argentina v Uruguay and Certain Activities carried out by Nicaragua in the Border Area Costa Rica v Nicaragua amongst others *The Changing Arctic* United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 2011 **Sea Ice Extent**, 2013 **The United States Department of Commerce publications catalog & index** United States. Department of Commerce, 1975 **The United States Department of Commerce Publications, Catalog and Index Supplement** United States. Department of Commerce, 1978 Selected Water Resources Abstracts, 1978 Marine Ice Atlas for Cook Inlet, Alaska Nathan D. Mulherin, 2001 Monthly Catalogue, United States Public Documents, 1983 *Routledge Handbook of Climate Change and Society* Constance Lever-Tracy, 2010-07-12 As the time scales of natural change accelerate and converge with those of society Routledge Handbook of Climate Change and Society takes the reader into largely uncharted territory in its exploration of anthropogenic climate change Current material is used to highlight the global impact of this issue and the necessity for multidisciplinary and global social science research and teaching to address the problem The book is multidisciplinary and worldwide in scope with contributors spanning specialisms including agro forestry economics environmentalism ethics human geography international relations law politics psychology sociology and theology Their global knowledge is reflected in the content of the text which encompasses chapters on American European and Chinese policies case studies of responses to disasters and of the new technological and lifestyle alternatives that are being adopted and the negotiations leading up to the Copenhagen conference alongside a preface assessing its outcomes Starting with an initial analysis by a leading climatologist key issues discussed in the text include recent findings of natural scientists social causation and vulnerability media and public recognition or scepticism and the merits and difficulties of actions seeking to mitigate and adapt This accessible volume utilizes a wealth of case studies explains technical terms and minimises the use of acronyms associated with the subject making it an essential text for advanced undergraduates postgraduate students and researchers in the social sciences
