Parasites Like Us:

Parasites Like Us Adam Johnson, 2004-10-26 The debut novel by the author of *The Orphan Master's Son* winner of the 2013 Pulitzer Prize and the story collection *Fortune Smiles* winner of the 2015 National Book Award Hailed as remarkable by the *New Yorker* Emporium earned Adam Johnson comparisons to Kurt Vonnegut and T C Boyle In his acclaimed first novel *Parasites Like Us* Johnson takes us on an enthralling journey through memory time and the cost of mankind's quest for its own past Anthropologist Hank Hannah has just illegally exhumed an ancient American burial site and winds up in jail But the law will soon be the least of his worries For buried beside the bones a timeless menace awaits that will set the modern world back twelve thousand years and send Hannah on a quest to save that which is dearest to him A brilliantly evocative apocalyptic adventure told with Adam Johnson's distinctive dark humor *Parasites Like Us* is a thrilling tale of mankind on the brink of extinction

Deadly Parasites Winston Cellini, AI, 2025-02-12 *Deadly Parasites* explores the fascinating and often unsettling world of parasitism highlighting the diverse strategies these organisms use to survive and thrive within their hosts Ranging from microscopic protozoa to visible worms parasites exploit a variety of hosts impacting individual health and broader ecological systems One intriguing aspect is the manipulation of host behavior where parasites subtly alter their host's actions to enhance their own transmission The book begins by establishing the fundamental biology of parasitism defining different types of parasitic relationships and infection mechanisms It progresses into specific examples of parasitic diseases like malaria and schistosomiasis detailing their effects and the evolutionary arms race between parasites and their hosts Drawing from microbiology zoology and evolutionary biology the book presents scientific findings supporting the understanding of infectious diseases This exploration is valuable because it connects diverse scientific fields including medicine ecology and veterinary science offering insights into disease prevention treatment and public health Understanding the complexity of parasites is crucial for addressing global health challenges and developing effective control measures The book adopts a fact-based approach providing a solid foundation for further study in parasitology and related disciplines

Everyday Ecofascism Alexander Menrisky, 2025-05-06 A timely look into how fascist ideas permeate contemporary culture well beyond the far right As challenges posed by climate change have intensified in the twenty-first century right-wing figures in the United States and abroad have increasingly framed anti-immigrant anti-Indigenous and white supremacist sentiments in terms of environmental survival *Everyday Ecofascism* explores the insidious nature of this tendency revealing how permutations of these perspectives in fact resonate across the political spectrum Drawing on comparative studies of fascism writ large Alexander Menrisky demonstrates that ecofascism is best understood not as a uniquely right-wing ideology but as a political genre that reinforces white supremacy and other forms of domination Presenting a view of fascism as a complex power network that plays out on scales both large and small Menrisky shows how extremist sentiments have crept into everyday language stories and ideas Through a literary and cultural studies lens he illuminates ecofascism's narrative

patterns and their easy permeation of environmentalist discourses from back to the land movements to the resurgence of psychedelic drugs food localism and pandemic politics Opposite his analysis of ecofascism in action Menrisky sheds important light on narrative resistances to dominant conceptions of race nation and territory by Native queer and women of color writers who have countered ethnonationalism for generations Bridging past and present Menrisky powerfully nails down the emergent concept of ecofascism and forms a basis for understanding phenomena like Covid 19 ecological utopianism and psychedelic environmentalism that detangles ecofascist tendencies from justice oriented visions of place based belonging Retail e book files for this title are screen reader friendly **Parasite Rex** Carl Zimmer,2001-11-09

IMAGINE A WORLD WHERE parasites control the minds of their hosts sending them to their destruction IMAGINE A WORLD WHERE parasites are masters of chemical warfare and camouflage able to cloak themselves with their hosts own molecules IMAGINE A WORLD WHERE parasites steer the course of evolution where the majority of species are parasites WELCOME TO EARTH For centuries parasites have lived in nightmares horror stories and in the darkest shadows of science Yet these creatures are among the world s most successful and sophisticated organisms In Parasite Rex Carl Zimmer deftly balances the scientific and the disgusting as he takes readers on a fantastic voyage Traveling from the steamy jungles of Costa Rica to the fetid parasite haven of southern Sudan Zimmer graphically brings to life how parasites can change DNA rewire the brain make men more distrustful and women more outgoing and turn hosts into the living dead This thorough gracefully written book brings parasites out into the open and uncovers what they can teach us about the most fundamental survival tactics in the universe **Parasites, People, and Places** Gerald W. Esch,2004-02-12 A fascinating collection of essays on field parasitology describing scientists the organisms they work on and the places where they occur Situating Sustainability C. Parker Krieg,Reetta Toivanen,2021-11-22 Situating Sustainability reframes our understanding of sustainability through an emerging international terrain of concepts and case studies These approaches include material practices such as extraction and disaster recovery and extend into the domains of human rights and education This volume addresses the need in sustainability science to recognize the deep and diverse cultural histories that define environmental politics It brings together scholars from cultural studies anthropology literature law behavioral science urban studies design and development to argue that it is no longer possible to talk about sustainability in general without thinking through the contexts of research and action These contributors are joined by artists whose public facing work provides a mobile platform to conduct research at the edges of performance knowledge production and socio ecological infrastructures Situating Sustainability calls for a truly transdisciplinary research that is guided by the humanities and social sciences in collaboration with local actors informed by histories of place Designed for students scholars and interested readers the volume introduces the conceptual practices that inform the leading edge of engaged research in sustainability **A Pocket Guide to Pigeon Watching** Rosemary Mosco,2021-10-26 Part field guide part history part ornithology primer and altogether fun Fact Pigeons are

amazing and until recently humans adored them We've kept them as pets held pigeon beauty contests raced them used them to carry messages over battlefields harvested their poop to fertilize our crops and cooked them in gourmet dishes Now with The Pocket Guide to Pigeon Watching readers can rediscover the wonder Equal parts illustrated field guide and quirky history it covers behavior Why they coo how they flock how they preen kiss and mate monogamously and how they raise their young on chunky pigeon milk Anatomy and identification from Birmingham Roller to the American Giant Runt to the Scandaroon Birder issues like what to do if you find a baby pigeon stranded in the park And our lively shared story together including all the things we've taught them Ping Pong for example Rats with wings Think again Pigeons coo peck and nest all over the world yet most of us treat them with indifference or disdain So Rosemary Mosco a bird lover science communicator writer and cartoonist and co author of The Atlas Obscura Explorer's Guide for the World's Most Adventurous Kid is here to give the pigeon's image a makeover and to help every town and city dweller get closer to nature by discovering the joys of birding through pigeon watching

Pests Ross Piper, 2011-03-03 This single volume describes the animals that are most injurious and costly to humans examining the important roles of these pests throughout history and the implications of the never ending wars we wage against the natural world From mosquitoes to nematodes to mice there are a multitude of organisms and animals that pose major health risks cause economic burdens and even threaten famine conditions for human civilization Addressing these problems is often extremely costly and only partially effective Pests A Guide to the World's Most Maligned Yet Misunderstood Creatures presents an overview of the animals that have the greatest impact on our lives from the creatures that eat our crops through the ones that invade our homes and those that transmit diseases Each entry provides a brief history of our interactions with the specific pest methods of management or eradication for the pest being discussed and an extensive Further Reading list that includes resources on both the biology of the pest and methods of control The author explains the complexity of the worldwide pest problem and demonstrates how some of these issues are a result of human over population and shortsightedness inviting readers to consider our place in nature and how other animals have adapted to and benefited from the growing human population

The Story Prize Larry Dark, 2019-03-05 You don't often get collections or even anthologies where every story knocks you out but I've been bewildered in the best way over each one in The Story Prize so far Lillian Li author of Number One Chinese Restaurant This anthology of short stories marks the fifteenth anniversary of The Story Prize and includes one story from each of the annual winning collections beginning with Edwidge Danticat's The Dew Breaker and concluding with Elizabeth Strout's Anything Is Possible The founder of The Story Prize Julie Lindsey and its director Larry Dark created this award to address the lack of one specifically for collections of stories Together they choose three finalists from the previous year's publications which are sent to three judges an author a bookseller or librarian and a critic or editor who independently of one another relay their choices The prize is then presented at an annual celebration in New York where the finalists read from their books and then discuss their work with

Dark Excerpts from these interviews or in a few cases the judges citations introduce each story in the book The authors chose the stories included to read at the annual Story Prize event The Corvette in Literature and Culture Jerry W. Passon,2011-11-08 As the original American sports car the Chevrolet Corvette has come to represent power freedom and sexuality for more than half a century Yet it also hints at personal identity and style suggesting how effectively values and meaning are communicated through an object Using various critical perspectives this close analysis of this highly recognizable automobile finds diverse aspects of American culture revealed Topics covered include the Corvette in literature its ties to masculine identity including homosexuality as well as female sexuality and the Corvette as artistic object among others **The End of All Disease** Jesse Cannone, Building on the research and life experience of more than 20 experts in virtually every area of health and natural healing The End of All Disease reveals the often hidden causes of suffering and how to restore optimal health in every area of your life **Waiting for the Coronavirus in the Kingdom of Pamona** David Mendes-Nassi,2021-08-24 After a long pause the king said Tell me how can we be different from all the other countries hit by the pandemic whose morbidity and mortality rates are so frighteningly high How can we think differently how should we be thinking Dean el wrote that to overcome the viral epidemics that will be visiting upon us in the future we have to develop a nature based vaccine composed of what he called nano Yaho particles and turn them into effective and safe method to defeat all kinds of viruses This is a tale told by the ancient Pamonan people who left the Middle East and settled in the f Indonesian archipelago founded a prosperous kingdom and faced the coronavirus pandemic that spread from China King Nur el with his team of advisors the high shaman Polano Talis his aide and the doctor studied the nature of the coronavirus family and the epidemic in detail to create a plan to defeat the pandemic at the gates of the kingdom **The Revolution's Child** Paul Stanley,2008-11-01 Set against the turbulent backdrop of the Russian revolution and two World Wars The Revolution s Child is a sweeping tale of passion love loss exile and reunion featuring an unforgettable cast of characters **Radiant Days** Michael A. Fitzgerald,2006-12-28 During the last days of the Balkan War in the summer of 1995 Anthony a hapless American questioning the dot com values that allow him to live a pampered existence in San Francisco agrees to join Gisela a beauty he barely knows in a search for her son lost in a Hungarian orphanage In Budapest they meet Marsh a brilliant but frustrated British war correspondent Anthony thinks he has found in Eastern Europe what his former life was missing enterprising young people openly questioning U S values determined to remake their own world But when an odd and edgy love triangle emerges and he discovers his mission with Gisela is much darker than he imagined Anthony is thrown further in flux Moving from the tattered romanticism of Budapest through the sparkling Dalmatian coast and into the brutalized landscape of inland Croatia the novel takes a shocking turn of irreversible consequence Radiant Days is held taut in the voice of Anthony whose desire to experience a more serious and thrilling life leaves injury in its wake With a swift plot and seamless style Michael Fitzgerald delivers a story of unattainable love misplaced lust and the politics of compassion The Genesis Quest Donald

Moffitt,2014-04-01 Alien scientists create a new human race and keep them as sheltered pets It s time to discover Donald Moffitt Greg Bear After intercepting a message from Earth Nar scientists have learned the secret of human life The alien species understands everything about human technology and culture and uses this knowledge to build on each breakthrough until it succeeds in re creating humans Now they encourage their pets to evolve within the alien community and learn the mysteries of the galaxy but prohibit any knowledge of the planet Earth itself Bram has always dreamed of traveling to the forbidden planet Although Earth is millions of miles away the bioengineer is determined to discover the truth about his species and the land that has been kept a secret his whole life Bram must discover a way to unveil the truth and see the homeland he has been denied Bookmark Now Kevin Smokler,2009-04-24 An anthology of original essays from our most intriguing young writers Bookmark Now boldly addresses the significance of the production of literature in the twenty first century Or simply How do we talk about writing and reading in an age where they both seem almost quaint The book features authors in their twenties and thirties those raised when TV video games and then the Internet supplanted books as dominant cultural mediums and their intent is to examine 1 how this generation came to writing as a calling 2 what they see as literature s relevance when media consumption and competition have reached unprecedented levels and 3 how writing and reading fit in with the rest of our rapid multitasking world The result will offer a voyeuristic peek into the private creative lives of today s writers and shed light on what their work means at a time when the book business is changing yet almost paradoxically a time when storytelling as a means of both self realization and community building be it via e mail weblogs or This American Life seems more relevant than ever before Edited by Kevin Smokler a Bay Area entrepreneur who has devoted himself to fostering literary culture and cultivating fresh talent Bookmark Now is a collection that both captures the state of the art and provides inspiration to aspiring writers at all levels *The Parasite* Michel Serres,2013-11-30 Influential philosopher Michel Serres s foundational work uses fable to explore how human relations are identical to that of the parasite to the host body Among Serres s arguments is that by being pests minor groups can become major players in public dialogue creating diversity and complexity vital to human life and thought Journal of the American Medical Association American Medical Association,1924 **The Wayfinder** Adam Johnson,2025-10-14 A historical epic about a girl from a remote Tongan island who becomes her people s queen Talking corpses poetic parrots and a fan that wafts the breath of life this is the world young K rero finds herself thrust into when a mysterious visitor lands on her island a place so remote its inhabitants have forgotten the word for stranger Her people are desperate and on the brink of starvation and the wayward stranger offers them an impossible choice they can remain in the only home they ve ever known and await the uncertainty to come or K rero can join him and venture into unfamiliar waters guided by only the night sky and his assurance of a bountiful future in the Kingdom of Tonga What K rero and her people don t know is that the promised refuge is no utopia instead Tonga is an empire at war and on the verge of collapse a place where brains are regularly liberated from skulls and souls get

trapped in coconuts with some frequency The perils of Tonga are compounded by a royal feud loyalties are shifting graves are being opened and everyone lives in fear of a jellyfish tattoo Here survival can rest on a perfectly performed dance or the acceptance of a cup of kava Together the stranger and K rero embark upon an epic voyage one that will deliver them either to salvation or to the depths of the Pacific Evoking the grandeur of Wolf Hall and the splendor of Shogun the Pulitzer Prize winning novelist Adam Johnson conjures oral history restores the natural world and locates what's best in humanity Toweringly ambitious and breathtakingly immersive The Wayfinder is an instant timeless classic Anthropology in the Public Arena Jeremy MacClancy, 2013-01-23 ANTHROPOLOGY IN THE PUBLIC ARENA A critical insider Jeremy MacClancy celebrates maverick anthropologists who transgressed academic frontiers and urges his colleagues to engage the public This is an entertaining original and provocative book Adam Kuper Professor Emeritus University of Cambridge Jeremy MacClancy insightfully expands the history of anthropology beyond the confines of the academy showing us how a collection of poets popularizers critics surrealists neo Freudians and iconoclast savants shaped anthropology's imagination David Price St Martin's University Washington ANTHROPOLOGY IN THE PUBLIC ARENA This detailed survey of the evolution of anthropology in Britain is also a spirited defence of the public as well as professional role of the discipline The author argues for a broader vision of the value of anthropological knowledge that allows for the creative contributions of popular scientists and literary figures who often capture the public imagination and add much to our knowledge of human social relations Informed by original archival research and engaging narratives of the larger than life personalities of public intellectuals the author reveals the contributions of neglected but crucial figures such as John Layard Geoffrey Gorer Robert Graves and the originators of Mass Observation today's online repository of anthropological data MacClancy is guided by the notion that anthropology's continued dynamism requires an alliance of interests popular and academic that will recover marginalized studies and recognize the value of contributions from outside the university research community Its synthesis of diverse topics illuminates an anthropology that enriches the popular cultural discourse and serves as a versatile tool for exploring pressing issues of social organization and development The reframed narrative of British anthropological history that emerges is as integral to the future of the subject as it is informative about its past
