

PARASOUND

*affordable audio for the critical listener**C/DP-1000 Compact Disc Player/Transport*

Thank you for your purchase of this Parasound component. It is among the finest compact disc players available. Its advanced 4th-generation digital technology and sophisticated analog circuits bring music to life. Its hybrid 1 bit/18 bit D-A converter, 8x oversampling, independent power supply regulation and premium parts assure natural reproduction at any listening level. Its digital output options offer the ultimate flexibility for CD transport operation with an external D-A converter in the future, so your C/DP-1000 will never be out of date.

The C/DP-1000 has numerous convenience features which may not be obvious unless you take the time to learn about them. Please take a few moments now to read these instructions completely before you proceed. Whenever you are in doubt, refer to this instruction manual.

COMPACT
disc
 DIGITAL AUDIO

File this owner's manual in a safe place so you don't misplace it. Save the carton and packing inserts in case you ever have to ship or move your C/DP-1000. Find the serial number which is printed on the unit's rear panel and note it here for future reference or in case of casualty loss or theft:

Placement

Your C/DP-1000 should be placed on a level and sturdy surface, out of direct sunlight and away from a window which might be left open to let in rain or snow. It should be in a well-ventilated area, away from heating ducts or radiators. The area must be free of dust or excessive humidity.

The location should be stable and isolated from speakers or foot steps to minimize vibrations which could interfere with the sensitive optical laser and thereby require the error correction circuits to engage for other than defects in the CDs themselves. Your unit will simply sound better.

The unit should not be placed near any component which generates a strong magnetic field, such as a power amplifier. Do not place directly on top of an amplifier which may generate excessive heat.

It is also wise not to place any CD player nearby your tuner or TV since digital circuitry uses very high frequency signals which could cause interference with clear broadcast reception, or conversely the tuner's radiations from its local oscillator will pollute the clarity of CD reproduction.

If you have any doubts about a correct location for your C/DP-1000, call your Parasound dealer for further advice.
