

Letter of Recommendation for a Preschool Teacher

Dear Preschool Director:

It is my pleasure to recommend Nina Mason for a position as a preschool teacher at your school. She recently graduated from ABC Community College with a degree in early childhood education. During her last semester in college she worked at my preschool, Little Ones Academy, as an assistant preschool teacher. She was an absolute joy to work with. Nina was patient, kind and nurturing toward the children in her charge. Her energy was refreshing and her enthusiasm contagious. She thought of creative ways to bring learning experiences into the children's playtime and our curriculum was strengthened by her cutting edge methods and teaching techniques.

Nina did a wonderful job of making sure the children were safe at all times. She is certified in CPR and first aid as well as Red Cross lifesaving and water safety. She is highly professional and easily recognizes children's special needs, both academic and emotional. The college courses Nina took in psychology, childhood development, curriculum and classroom management have been extremely helpful to her and beneficial for the students.

Despite her young age, Nina did a wonderful job of effectively communication with parents. She was able to competently address all concerns that were brought to her attention and help parents to feel more comfortable with their children's preschool experience. Nina even educated parents of children who were struggling academically on techniques they could use at home to support her efforts in the classroom and help the children progress and stay on track.

Although the children at my preschool adore Nina, they still have great respect for her. She was able to keep her classroom organized and the students under control while still making the atmosphere fun and exciting every day. The school benefitted immensely from Nina's knowledge of the latest techniques in preschool teaching.

I am happy to recommend Nina for a position as a preschool teacher. If she was in a position to move to my community I would certainly hire her. Please feel free to contact me if you have any questions at 555-555-5555 or by email at [email]

Sincerely,
Angel Katerina

Congress of Parents and Teachers,2006 *What Do Principals Do?* Jonathan Hurst,2021-04-01 What Do Principals Do provides a comprehensive and expansive look into a high school principal s job Rather than a survey asking principals how much time they spend on various tasks this work provides empirical evidence of exactly what a principal does every day of the year and how much time he spends doing it Based on the results of a three year longitudinal study conducted by a California High School Principal of the Year Association of California School Administrators 2012 this book reveals precisely what a principal does when he does it and how much time he spends doing it The study identifies 72 discrete tasks performed by principals and examines how much time disaggregated by day week month and year they spend on each of those 72 tasks

The results of the data collection are the foundation of the book. The findings are supplemented with explanations and analyses that reveal the workings of K-12 education and give readers a glimpse of life in a comprehensive high school. This is a must read for everyone considering a life in public school administration. The author, Dr. Jonathan Hurst, the longest running principal in Elsinore High School's 130 year history, provides insightful commentary and relevant anecdotes from a rich and rewarding career served in a large comprehensive high school in Southern California. This book provides detailed quantitative evidence and an explanation for just what a principal does and how much time he spends doing it. In the process, it demonstrates the requisite skills for effective school governance: administrative multi-tasking and productive principal behavior. Data collected covers three years and encompasses over 20,500 tasks and 7,500 hours of work. This is a useful augmentation to existing administrative credential course readings as it provides evidence for what the research and authors are saying and demonstrates those skills, procedures, and operations that are an everyday part of a school administrator's job. But the appeal for *What Do Principals Do* goes beyond those seeking knowledge about educational administration. Besides the facts and figures about how a principal spends his time, Dr. Hurst offers explanations for why and how the time is spent, and he provides insight into the educational scene. This book has appeal for students in teacher education programs because it explains school communities and life in a school system, and that also makes it appealing to the lay person or parent who wants to understand how schools work.
