As the time for planning comes to an end, Lakely and Tanner find themselves deep in a cave with one simple goal: Mining for material. Of course it seems simple at first until things start going very wrong. Ghosts, zombies, skeletons, and more await these two in the mines and caves as they try desperately to escape and find their way back to the surface. As they continue their journey, however, the truth begins to come to light. The real truth, not the half-truths Lakely had been led to believe, and it's much darker than anyone would have expected. Now as they're struggling to survive in the mines, Lakely isn't even sure who to trust. New creatures await them in the shadows, as does diamonds and more. Can Lakely put aside her issues and begin to trust Tanner? After all, if she doesn't, she may find that they're going to be stuck somewhere they would never want to be. While Lakely struggles with internal feelings and Tanner revisits some ghosts of his past, Carter feels the need to take it upon himself to hunt for his missing friends. Little does he know he is also sending his friends deep into the mine of horrors where his friends have been fighting for their lives. When Tanner finds them and reveals the truth, a serious issue comes to light. With arguments ensuing on both sides, mistrust flying around in the air and tensions high, no one knows who will happen or who will make it out alive.

[System Overload](#) Mark Cheverton, 2016-07-12. The Minecraft server is at risk of a devastating crash. Glitches are appearing across the Minecraft server. Blocks are flickering unexpectedly and randomly disappearing. To make matters worse, villagers are claiming that their entire villages have mysteriously vanished and they desperately need Gameknight999's help. What's causing the server to overload and glitch, and where have all the NPCs gone? The User, that is not a user, suspects the two questions are related and that somehow Herobrine's henchmen are responsible. So Gameknight999 and his friends travel deep underground, facing some of the largest monster armies ever assembled, as they search for a way to avoid the end of Minecraft as they know it. But his enemies have hatched their most diabolical plan yet, and Gameknight will have to risk everything to save his friends.
