Portals of Infinity: Book One John Van Stry, 2014-08-09 William is just your typical engineer fresh out of college with a stressful job a boring life and not a lot of prospects of anything better in the future Until one weekend while hiking in the woods he stumbles across a portal to another time or perhaps another place The more he investigates this new world the more he realizes that it may just be able to offer him a lot more than the one he s been living in However there are forces at work beyond anything that Will has ever come across before and the local Goddess seems to have taken a liking to him Will may soon find himself getting an offer he cannot afford to refuse

Portals of Infinity John Van Stry, 2015-10-30 William is the champion of a god in the sphere that he now calls home Being a champion comes with certain powers and advantages however it can also come with fearful and powerful enemies When William s oldest enemy attacked his family Will chased him across several realities until he caught up with him and finally slew him However champions always come back Fortunately for William his enemy was damaged years ago in one of their earlier fights and it will be almost a year until he can come back this time Unfortunately for William his enemy is becoming a demigod and if not stopped soon he may one day become too powerful for William to kill William now finds himself in a race against time needing to track down and destroy his enemy s hidden temples on Earth before he can reincarnate once again Complicating matters further champions are unknown on Earth and Will s god holds no sway there and Will has come under suspicion by at least one powerful government agency And while William s god is sympathetic to his champion s plight William must still put the needs of his god and his people before his own desires for vengeance

Portals of Infinity John Van Stry, 2014-09-10 Will s life has definitely changed since that day he went hiking in the woods Learning about the portals that link the infinite number of worlds opened his eyes to the wider reality Learning that he was being setup to become the Champion of a God was an even more startling discovery Now it s time for him to pay the bill for his recruitment While Gods on a single world maneuver for local power the older Gods from the infinite spheres play a larger and more complicated game The Goddess Aryanna has a quest she needs completed and five Champions are needed to do it Leaving Will to wonder What could a Goddess possibly need
