A/AS Level English Literature A for AQA Student Book Russell Carey, Anne Fairhall, Tom Rank, 2015-11-12 Created specifically for the AQA A AS level English literature A specification for first teaching from 2015 this print student book is suitable for all abilities providing stretch opportunities for the more able and additional scaffolding for those who need it Helping bridge the gap between GCSE and A level the unique three part structure focuses on texts within a particular time period and supports students in interpreting texts and reflecting on how writers make meaning *Text in Context* A. D. H. Mayes, 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns In the last two decades an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community while the reconstruction of the history of the people from whom it derived has been transformed by new methods This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments and has a particular concentration on literary and historical study Thus it not only clearly recognizes the diversity now inherent in Old Testament study but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former So essays on the text and its reception discuss primary issues which arise in Old Testament study while those on background and authorship reflect the continued vitality of and the fresh perspective possible in more traditional scholarly concerns *A Diffuse Murmur of History* Fiona Schouten, 2010 After decades of uncomfortable silence Spain has now started dealing with its violent twentieth century past In recent years a vibrant memory discourse has emerged in Spanish society the number of films TV series newspaper articles history books and memorials dedicated to the Civil War of 1936 1939 and the ensuing dictatorship of Franco has increased dramatically Literature has also played its part in provoking and maintaining this memory boom and as a consequence the study of contemporary Spanish novels has started revolving around questions on the responsibility of the author on the impact of literature in society on its role in shaping memories and on its ethical status This book takes up these questions in an attempt to combine the outlook of collective memory studies with the theoretical demands of Poststructuralist theories Focusing on themes such as haunting and the uncanny nostalgia the Bildungsroman genre and autobiography its author analyses memory narratives in fourteen novels by foremost Spanish authors like Javier Mar as Luis Goytisolo Enrique Vila Matas and Manuel Vicent From publisher s website **GDR Literature in German Curricula and Textbooks** Elizabeth Priester Steding, 2023-09-15 This book analyzes the changing portrayal of GDR literature in German Gymnasium textbooks 1985 2015 Addressing the need for textbook research to broaden its focus from GDR history to GDR literature the author presents case studies of well known GDR authors Bertolt Brecht Johannes R Becher

Anna Seghers Wolf Biermann and Christa Wolf each examining a particular aspect of the societal discourse about GDR literature and the tension between literary text and historical context Taken together the case studies reveal the frequently underestimated power of ideology in literature textbooks They also show how attempts to package these authors into simplified categories ultimately reveal the profound complexities of the GDR literary legacy By examining the clear tension between literature and politics in textbooks and curricula the author demonstrates how ideological messages are transmitted in all textbooks as well as the importance of attending to overt and covert ideology

We Are Who We Think We Were Aaron D.

Conley,2013-08-01 Conley calls into question the outdated historical methodologies in use in Christian social ethics and outlines the consequences stemming from them By adopting the postmodern post structuralist position of historian Elizabeth Clark Conley calls ethicists to learn to read for the gaps silences and aporias existent in historical texts as well as in the histories represented by them The book calls ethicists to a critical self reflexive historiography This self criticism allows the ability to construct new histories and formulate new ethical norms for the world in which we now live

Conceptual Performance Nick Kaye,2023-12-22

Conceptual Performance explores how the radical visual art that challenged material aesthetics in the 1960s and 1970s tested and extended the limits character and concept of performance Conceptual Performance sets out the history theoretical basis and character of this genre of work through a wide range of case studies The volume considers how and why principal modes and agendas in Conceptual art in the 1960s and 1970s necessitated new engagements with performance as well as expanded notions of theatricality In doing so this book reviews and challenges prevailing histories of Conceptual art through critical frameworks of performativity and performance It also considers how Conceptual art adopted and redefined terms and tropes of theatre and performance including score document embodiment documentation relic remains and the narrative recuperation of ephemeral work While showing how performance has been integral to Conceptual art s critiques of prevailing assumptions about art s form purpose and meaning this volume also considers the reach and influence of Conceptual performance into recent thinking and practice This book will be of interest

Early Medieval Text and Image Volume 1 Jennifer O'Reilly,2019-06-17 When she died in 2016 Dr Jennifer O Reilly left

behind a body of published and unpublished work in three areas of medieval studies the iconography of the Gospel Books produced in early medieval Ireland and Anglo Saxon England the writings of Bede and his older Irish contemporary Adomnán of Iona and the early lives of Thomas Becket In these three areas she explored the connections between historical texts artistic images and biblical exegesis This volume brings together nine studies of the Insular Gospel Books One of them on the iconography of the St Gall Gospels Essay 9 was left completed but unpublished on the author's death It appears here for the first time The remaining studies published between 1987 and 2013 examine certain themes and motifs that inform the Gospel Books their implicit Christology their harmonisation of the four Gospel accounts the depiction of Christ crucified and the portrayal of St John the Evangelist Two of the Books the Durham Gospels and the Gospels of Mael Brigte receive particular attention CS1079

Opening the Research Text Elizabeth de Freitas, Kathleen Nolan, 2007-12-19 In this chapter we interrogate the debate between mathematicians and mathematics educators This debate is widely recognized in the United States for instance where the term math wars is often used in reference to the heated disagreements between mathematicians and mathematics educators Such recognition might suggest that this topic itself has relevance both for the academy and for educational policy pertaining to mathematics education We propose to locate this debate unavoidably whenever and wherever mathematics education is written Our aim is to show how the debate itself gives rise to the inscription mathematics education Indeed we contend that mathematics education cannot be defined outside of or prior to the debate for it is precisely through the debate that it is constituted as a domain for deliberation The debate is more primordial than any epistemic or domain implied by it In other words we argue that mathematics and mathematics education do not exist epistemically prior to the debate In order to engage this issue we consider a transcription of a panel debate between mathematicians and mathematics educators held in Brazil in 1998 There is at least a double meaning for the word debate it may mean a meeting having a beginning and an end well localized in space and time and with a specific proposal or focus as in the following sentence I am going to see on TV the debate between Bush and Blair tomorrow at 5 pm

Making Sense of Messages Mark Stoner, 2019-11-13 Making Sense of Messages now in its second edition retains the apprenticeship approach which facilitates effectively learning the complex content and skills of rhetorical theory and criticism A new chapter on The Rhetoric of Ignorance provides needed theory and examples that help students deal with the new rhetorical landscape marked by such discursive complexities as fake news whataboutism and denial of science that creates rather than reduces uncertainty in public argument A new chapter Curating and Analyzing Multimodal Mediated Rhetoric deals with problems of media criticism in the digital age It provides theory models of application and commentary that help novice critics understand and mindfully practice criticism that leads to insight not mere opinion Throughout the book extended and updated examples and commentaries are designed to promote novice to expert agency in students This textbook is ideal for introductory courses in contemporary rhetoric rhetorical criticism and critical analysis of mass media

Cultural Studies -

The Basics Jeff Lewis, 2002-06-03 To say that the scope of the book's coverage is wide ranging would be an understatement. Few texts come to mind that have attempted such a thorough overview of the central tenets of cultural studies. Stuart Allan, University of West of England. This is a book for anyone who wants an unfussy authoritative critical introduction to Cultural Studies. It equips you with all that you need to know about theories of cultural studies, what they say, how they differ from one another, and what are the strengths and weaknesses of each position. It provides biographical information on major theorists, plus assessments of key texts. Unlike other competing books in the field, *Cultural Studies: The Basics* demonstrates what a Cultural Studies approach can do to illuminate basic areas of contemporary culture. Included are chapters on Feminism, The Body, Cultural Space, Communications Technology, Cultural Policy, Language and Culture. The book is designed to be used and read by students who face the pressures of essay deadlines, examinations, and dissertations. Above all, it approaches Cultural Studies as something that needs to be used as well as studied.

Warranting Assent Edward Schiappa, 1995-03-09 This book brings together essays that demonstrate the art of argument evaluation. The essays apply a variety of theoretical approaches to specific historically situated arguments in order to render a specific normative judgment. By bringing to bear knowledge of argumentation theory along with expertise pertaining to the specific arguments under investigation, this book illustrates the utility of argument evaluation as a discrete mode of scholarly engagement.

Nepal Axel Michaels, 2024 Covers the history of Nepal from prehistoric times and the period of the Licchavi dynasty through more recent developments such as the rise of the republic, the first elections challenged by the Maoist insurgency in 1996-2006, and the royal massacre in 2001.
