Pourquoi Faire Participer Les Jeunes:

Pourquoi faire participer les jeunes ? Patricia Loncle-Moriceau, 2009-01-01 Pourquoi faire participer les jeunes en Europe Les réponses cette question sont complexes et relativement incertaines Ce livre s'intresse dans un premier temps aux tendances transversales qui caractérisent les expériences de participation locale en Europe aux principes sur lesquels elles s'appuient Dans un second temps il s'attache à analyser les actions conduites dans le cadre du quartier de Metz Borny et de la ville de Rennes

Youth Participation in Europe Patricia Loncle, 2012-10-10 In a period when social unrest and youth dissatisfaction has manifested itself through highly public protests the question of youth participation in democratic societies is at the forefront This book offers a fresh look at youth participation examining official and unofficial constructions of participation by young people in a range of sociopolitical domains It explores the motivations and rationales underlying official attempts to increase participation among young people and offers a critique of those various efforts effectiveness Based on original research data from a significant study it provides a thorough analysis of an important sector of democratic societies

Thinking seriously about youth work Hanjo Schild, Nuala Connolly, Francine Labadie, Jan Vanhee, Howard Williamson, 2017-11-13 If we consider the 50 states having ratified the European Cultural Convention of the Council of Europe or the member states of the European Union the multiple and divergent nature of the realities theories concepts and strategies underlying the expression youth work becomes evident Across Europe youth work takes place in circumstances presenting enormous differences with regard to opportunities support structures recognition and realities and how it performs reflects the social cultural political and economic context and the value systems in which it is undertaken By analysing theories and concepts of youth work and by providing insight from various perspectives and geographical and professional backgrounds the authors hope to further contribute to finding common ground for and thus assure the quality of youth work in general Presenting its purified and essential concept is not the objective here The focus rather is on describing how to provide opportunities for all young people to shape their own futures as Peter Lauritzen described the fundamental mission of youth work The best way to do this remains an open question This Youth Knowledge book tries to find some answers and strives to communicate the strengths capacities and impact of youth work to those within the youth sector and those beyond to those familiar with its concepts and those new to this field all the while sharing practices and insights and encouraging further reflection

Penser l'engagement des jeunes « en difficulté » Elisabeth Greissler, Isabelle Morissette, Isabelle Lacroix, 2020-04-16 T00:00:00-04:00 Des travaux récents ont montré combien les jeunes s

engageaient autrement dans des domaines aussi variés que possible. Rédigé par autant de chercheuses investies depuis plusieurs années dans ces champs d'étude, ce livre a pour but de mieux comprendre les contours et les processus particuliers de l'engagement des jeunes en difficulté. Au-delà de son utilité en matière de réflexions théoriques, méthodologiques et empiriques, cette mise en commun se veut également une véritable prise de position épistémologique qui consiste à replacer le discours de la jeunesse au centre de l'objet de recherche.

Les jeunes dans la région MENA Comment les faire participer

OECD, 2017-10-03 Aux prises avec le taux de chômage des jeunes le plus élevé au monde, la jeunesse de la région du Moyen-Orient et de l'Afrique du Nord MENA a moins confiance dans les institutions que la génération précédente.

Les jeunes et l'action politique Nicole Gallant, Stéphanie Garneau, 2016-03-08 T00:00:00-05:00 Les jeunes sont souvent découragés pour leur apathie politique, notamment parce que les formes d'engagement qu'ils déploient sont parfois peu légitimées socialement. Les chapitres rassemblés dans ce livre visent à contribuer à la reconnaissance et à la compréhension de la diversité des formes de l'action politique des jeunes aujourd'hui dans plusieurs contextes sociopolitiques au Québec et au Canada, en Europe, en Amérique latine et ailleurs. Ce livre retrace les processus qui favorisent ou non l'engagement politique des jeunes par le regard croisé d'études rigoureuses portant tantôt sur des formes d'action politique attendues des pouvoirs publics, le vote, la participation associative, tantôt sur des formes plus contestataires, notamment chez des jeunes marginalisés, en passant par des modes plus diffus de résistance au pouvoir. De cette panoplie de manières de s'engager se dresse le portrait de jeunes variés, mais loin d'être apathiques.

Engagements citoyens et politiques de jeunes Raymond Hudon, Bernard Fournier, 2012-07-13 T00:00:00-04:00

Le diagnostic du déclin et du désengagement politique des jeunes est repris ad nauseam et il est maintenant largement accepté que le rôle de l'engagement se conçoit comme débordant les frontières du champ politique, strictement parler. Cet ouvrage propose plutôt d'explorer d'autres voies pour examiner le rapport des jeunes à la politique en partageant les représentations de cette réalité entre universitaires et praticiens intervenants, ceux-ci tant pour une bonne part engagés dans des activités d'animation au sein d'organismes publics ou d'organisations militantes et entre jeunes et moins jeunes. Ces alliances contribuent à rendre plus vivants les débats autour des modes de formation et d'éducation à la chose politique. Faut-il privilégier l'information ou les expériences de terrain pour sensibiliser les jeunes à l'importance de la politique? Comment trouver le meilleur équilibre d'autonomie pour les jeunes et d'encadrement par des adultes pour optimiser l'engagement de ceux-ci? Comment assurer que le soutien d'adultes à l'action de jeunes ne soit pas perverti en tentatives de récupération servant les intérêts des premiers? Comment convaincre les jeunes de leur intérêt à s'engager? Quand ils s'engagent, quel intérêt y trouvent-ils effectivement? Même partielle, cette liste de questions laisse déjà apparaître la pertinence d'une collaboration étroite entre universitaires et intervenants dans l'évaluation des efforts investis pour réduire les écarts grandissants entre une citoyenneté finie idéalement et celle vécue par les jeunes générations.

The Routledge Handbook of Language and Youth Culture Bente A. Svendsen, Rickard Jonsson, 2023-12-15 The Routledge Handbook of Language and

Youth Culture offers the first essential grounding of critical youth studies within sociolinguistic research. Young people are often seen to be at the frontline of linguistic creativity and pioneering communicative technologies. Their linguistic practices are considered a primary means of exploring linguistic change as well as the role of language in social life such as how language and identity ideology and power intersect. Bringing together leading and cutting edge perspectives from thought leaders across the globe, this handbook addresses how young people's cultural practices as well as forces like class, gender, ethnicity and race influence language, considers emotions, affect, age and ageism, materiality, embodiment and the political, youth as well as processes of unmooring language and place, critically reflects on our understandings of terms such as language, youth and culture, drawing on insights from youth studies to help contextualise age within power dynamics, features examples from a wide range of linguistic contexts such as social media and the classroom as well as expressions such as graffiti, gestures and different musical genres including grime and hip hop. Providing important insights into how young people think, feel, act and communicate in the complexity of a polarised world, *The Routledge Handbook of Language and Youth Culture* is an invaluable resource for advanced students and researchers in disciplines including sociolinguistics, linguistic anthropology, multilingualism, youth studies and sociology.
