Research and Advanced Technology for Digital Libraries Traugott Koch, Ingeborg T. Solvberg, 2004-02-26 Welcome to ECDL 2003 and to these conference proceedings featuring all the papers presented at the 7th European Conference on Research and Advanced Technology for Digital Libraries Following Pisa 1997 Heraklion 1998 Paris 1999 Lisbon 2000 Dordrecht 2001 and Rome 2002 ECDL 2003 in Trondheim reaches some of the northernmost shores of the continent Being the seventh in an annual series of conferences represents for better and for worse a considerable tradition in the fast changing world of digital library related research and development It is still a difficult and slow job to change traditional forms and formats of communication at and related to scientific conferences and also to change participants expectations Yet each new conference builds upon the topics and communities involved in previous events and inherits the commitment to quality established by its predecessors Each year ECDL has to live up to its role of being the major European forum focusing on digital libraries and associated technical practical and social issues

bringing diverse disciplines and application communities together There are still challenges in this respect ahead of us but the quality and range of papers and other contributions combined with opportunities for debate should ensure that ECDL 2003 sets high standards for the future
