Writing Amy Monticello, Jason Tucker, 2023-07-31 The stories of lived experience offer powerful representations of a nation's complex and often fractured identity. Personal narratives have taken many forms in American literature. From the letters and journals of the famous and the lesser known to the memoirs of former slaves to hit true crime podcasts to lyric essays to the curated archives we keep on social media, life writing has been a tool of both the influential and the disenfranchised to spark cultural and political evolution to help define the larger identity of the nation and to claim a sense of belonging within it. Taken together, individual stories of real American lives weave a tapestry of history, humanity, and art while raising questions about the veracity of memory and the slippery nature of truth. This volume surveys the forms of life writing that have contributed to the richness of American literature and shaped American discourse. It examines life writing as a rhetorical tool for social change and explores how technological advancement has allowed ordinary Americans to chronicle and share their lives with others.

Case Studies in Language Curriculum Design John Macalister, I.S.P. Nation, 2013-05-13 Case studies are a powerful pedagogical tool for illuminating constructs and models in real life contexts. Covering a wide range of teaching learning contexts and offering in depth analyses of ESL/ELT language curriculum design issues, this casebook is distinctive and unique in that each case draws on and is clearly linked to a single model presented in Nation and Macalister's *Language Curriculum Design*. www.routledge.com/9780415806060 giving the book a high degree of coherence. A short commentary by the editors after each case highlights features of note and/or issues arising from it. This is a versatile text designed to work as a companion to *Language Curriculum Design*, adding meaning and depth to the model presented there by relating it to a range of applications as a stand alone text or as a resource for language teacher trainees, teacher educators, practicing teachers, program administrators, and materials writers in the field.

Writing Exploratory Essays: From Personal to Persuasive, *English Language Teaching in Pakistan* Naziha Ali Raza, Christine Coombe, 2022-02-05 This book presents empirical research on teaching, learning, and assessment and teacher development practices in Pakistan. Despite extensive academic research conducted in Pakistan over the last decade, there is a dearth of internationally published literature on English language teaching in the country. This book covers current research priorities and initiatives concerning English language teaching, learning, and assessment, empirical developments, and major professional development initiatives both in Pakistan and involving the work of Pakistani scholars based abroad. It highlights the impacts that development efforts are having in the ELT world in Pakistan. The respective chapters cover a diverse range of topics including continuous professional development (CPD), identity construction, English language policy, curriculum development, and innovative ELT approaches and methodologies used in Pakistan. This volume provides valuable insights for TESOL and applied linguistics scholars and practitioners working in the field of ELT both in Pakistan and elsewhere in the globalized world.

The American Essay in the American Century Ned Stuckey-French, 2011-05-31 In modern culture the essay is often considered an old fashioned unoriginal form of literary styling The word essay brings to mind the uninspired five paragraph theme taught in schools around the country or the antiquated Edwardian meanderings of English gentlemen rattling on about art and old books These connotations exist despite the fact that Americans have been reading and enjoying personal essays in popular magazines for decades engaging with a multitude of ideas through this short form means of expression To defend the essay that misunderstood staple of first year composition courses Ned Stuckey French has written The American Essay in the American Century This book uncovers the buried history of the American personal essay and reveals how it played a significant role in twentieth century cultural history In the early 1900s writers and critics debated the death of the essay claiming it was too traditional to survive the era s growing commercialism labeling it a bastion of British upper class conventions Yet in that period the essay blossomed into a cultural force as a new group of writers composed essays that responded to the concerns of America s expanding cosmopolitan readership These essays would spark the magazine revolution giving a fresh voice to the ascendant middle class of the young century With extensive research and a cultural context Stuckey French describes the many reasons essays grew in appeal and importance for Americans He also explores the rise of E B White considered by many the greatest American essayist of the first half of the twentieth century whose prowess was overshadowed by his success in other fields of writing White s work introduced a new voice creating an American essay that melded seriousness and political resolve with humor and self deprecation This book is one of the first to consider and reflect on the contributions of E B White to the personal essay tradition and American culture more generally The American Essay in the American Century is a compelling highly readable book that illuminates the history of a secretly beloved literary genre A work that will appeal to fiction readers scholars and students alike this book offers fundamental insight into modern American literary history and the intersections of literature culture and class through the personal essay This thoroughly researched volume dismisses once and for all the death of the essay proving that the essay will remain relevant for a very long time to come
