Oceans Will Part:

Thirty-Seven: a book of poems Jason Tomlinson,2016-06-16 These are all the poems written and posted by Jason Tomlinson on his 37th trip around the sun *Your Guardian Angel and You* Denny Sargent,2025-09-12 Have you ever wondered why you don't feel entirely alone even when you are Maybe it's because you really aren't And if you attune yourself to that being of light that resides beside you behind you and in front of you you will meet your constant companion whose sole purpose is to guide you through life your very own Guardian Angel The time spent with your Guardian Angel here on earth can help you to reap great benefits during this lifetime Denny Sargent writes In my academic and personal research I came upon the concept of the Guardian Angel a number of times over the years I was amazed to discover instructions on how to meet your Guardian Angel that were thousands of years old This changed my entire life I no longer had to look to others for spiritual authority or wisdom Then I discovered that every culture had within it the concept of a Guardian Angel or Guardian Spirit or Ally The idea transcends time and culture it is universal I felt that this secret should not be left hidden and obscure but should be dusted off simplified and offered to all *Your Guardian Angel and You* is a thoroughly intriguing read about the fascinating history of the Guardian Angel why you need one and how to prepare to meet yours In fact if a feeling of dread ever kept you from taking a turn down a certain road getting in a car or taking a certain flight you may already have met your Guardian Angel Once you establish nurture and expand your relationship with your Guardian Angel you can expect terrific things in return Ask specific questions and receive specific answers Define and refine your dreams Lean on the wisdom and insight of your Guardian Angel to give you a form of heaven on Earth right now where your dreams can be lived

Are You a Mutant? Raquel Reyna,2023-08-25 If things were to collapse would you still know who you are Would you know which way to turn if you suddenly felt betrayed by the company you worked for or by the leaders of your country Do you feel empowered to make decisions for yourself or do you rely on others for guidance Each of us is conditioned to fit in to strive for specific goals to make life choices that our parents or society designated for us rather than to understand and strive to live our uniqueness And because we are in uncharted territory in these new times which call for serious upgrades it is essential to learn who you are how to live as your unique self and how to make decisions based on your own personalized inner GPS system a powerful inner guidance system you probably don't even know you have *Are You a Mutant* breaks down a brand new intel designated to assist you in uncovering a truth about yourself that is inevitably shocking An insight that rings true like a mystical calling from your soul that simultaneously reveals all the places in your life you are living as a fake In these changing times we need all the upgrades we can get and now it is time for an INNER WORLD UPGRADE a new system of knowledge to support your understanding of the world we are currently wading through its complexity who you are within it what makes you different and how you can live the best strategy for your personal success satisfaction peace and the wonderment of being alive *Emotions* Russell J. Vivek Jain,2023-11-02 This book deals with the various interdisciplinary issues of the Indian Ocean individually and collectively such as its history geography nautical elements economics trade routes old and new blue economy deep sea mining fisheries management tourism scourge of piracy pollution Law of the Sea UNCLOS 1982 and the different perspectives of its littoral countries on geopolitics international law international relations and maritime partnerships It is the most important ocean in the world 33% of the global population lives in the area and 50 60% of the world s maritime trade transits through it In addition around 60% of global oil and 26% of global gas reserves along with pristine beaches are located here To comprehend the interdisciplinary issues the editor embarked on a voyage to discover persuade and collaborate with exceptionally brilliant influential experts from prominent littoral countries India Indonesia Iran South Africa Malaysia and Singapore with relevant experience to expound the above subject areas In addition geopolitical conflicts hostilities and trade wars are on the rise war seems inevitable but not imminent Any conflict is likely to originate in other oceans and seas but will end up impacting the Indian Ocean s littoral countries Accordingly these countries must comprehend the interdisciplinary issues and the special role of the Indian Ocean to prevent all encompassing wars hostilities from widening at a global level and thereafter must flesh out plans to shield themselves They must also understand the area s role in working towards global peace by comprehending the above interdisciplinary issues The role of the Indian Ocean in global peace can only be achieved through maritime partnerships between its littoral countries and their avoidance of impulses to invite outside power s to balance each other s power However maritime partnerships are easier said than done At the very least the maritime partnership between two major Indian Ocean littoral powers India and Indonesia is critical to shield the region from geopolitical firestorms Hopefully this maritime partnership s tactic of embracing a carrot and stick approach will eventually persuade global powers from outside the Indian Ocean region to improve their conduct to achieve global peace
