The Edible City John Rensten, 2016-09-08 The foodie book of the year The Spectator An inspiring book for city dwellers who pine for the bounty of a countryside hedgerow Sunday Times The forager's magic trick To conjure a meal out of seemingly nothing and ensure you never look the same way at a neglected green space again Daily Telegraph I love the idea that I could pick up dinner from a local park rather than from a shop on the way home A book about urban foraging could so easily have been worthy but it's an entertaining read with recipes get ready for nettle tempura Delicious magazine A man after my own heart Mark Hix That is the final act of the forager's magic trick To conjure a meal out of seemingly nothing and ensure you never look the same way at a neglected green space again The Telegraph Once you start foraging you'll never look at the city around you in the same way again As we walk through the city with our headphones in or our eyes glued to screens it's easy to forget that we are surrounded by wonderful things to eat Our parks pathways gardens and wild spaces are crammed full of delicious nutrient rich plants all we need to know is how to find them From dandelions to winter cress wild garlic to chickweed and ground ivy to water mint this book takes us through a year of delicious foraged food Each entry is illustrated in colour to help you identify the plant and followed by a recipe using these remarkable ingredients In The Edible City urban forager John Rensten gives us the tools to identify source and cook delicious food from the year long bounty around us whether that's nettle and three cornered leek gnocchi winter purslane pesto or stinging nettle tempura This account of a year of urban foraging is perfect for any nature lover or home cook looking for exciting new ingredients to experiment with

The Gut Health Protocol John G. Herron, 2016-07-31 Second Edition THANK YOU I have been suffering from IBS and SIBO for years I came across your gut health protocol and followed it to a T and I truly have not felt this good in years You have given me my life back I never realized how sick I was and I forgot how a healthy person should feel I thought I had to live my life feeling the way I did Not the case at all To everyone out there read the gut protocol follow what is suggested it's so worth it Jackie A I've been doing John's protocol for the last two months and it has helped immensely with my SIBO My bloating and stomach distention are pretty much gone ditto stools pretty much normal and motility much better I had a glucose breath test unfortunately only for hydrogen a couple of weeks ago and it was negative I did the protocol full swing all of the supplements and extra antimicrobials as well as lifestyle changes I'm not necessarily 100% better but it's the first thing I've done beside a ridiculously restrictive diet that has actually helped me heal In fact previously my diet was slowly becoming more and more restricted Give it a try it's good stuff And hey John Herron thank you Michelle M I would like to share that I have had such great success My gut is probably about 90% better I realize that it still probably has issues and this is a journey of healing and keeping it well but I have had no bloating belching constipation or diarrhea and limited moments of soreness I feel that I am now digesting my food and the shortness of breath heart palpitations and discomfort in my throat are gone too Berea F I just looked at your latest protocol and I have to say it is totally amazing It

seems more thorough than most of the 5 books I have read. Were are you something famous for your job Debbie H. The Gut Health Protocol outlines natural approaches to tackling dozens of stomach and intestinal health issues using only scientifically studied natural herbs, supplements, and diet. Supplements commonly available in local health foods stores and at your favorite online retailer. Many common ailments often have gut issues as their underlying cause, conditions such as recurring stomach aches, diarrhea, constipation, heartburn, IBS, acid reflux, nausea, eating disorders, eczema, obesity, Chronic Fatigue Syndrome, and even major depression have all been linked to gut issues. The root of many of these problems can often be traced quite convincingly to Small Intestinal Bacterial Overgrowth (SIBO), intestinal candida, albicans, h. pylori bacteria overgrowth in the stomach, bacterial dysbiosis throughout the gut, or other secondary conditions that these infections cause. The Gut Health Protocol and The Gut Health Diet can usually resolve these issues and without damaging antibiotics or steroids. Even if you choose to go the antibiotic route, The Gut Health Protocol can make the treatment more effective and can help prevent serious complications. The Gut Health Protocol contains over 1200 published scientific studies summarized and explained in easy-to-understand language, over 500 pages on paper, and reviews of several treatment options. Unlike many self-help books, nearly everything in the book is based on science, not opinion. The author takes all of this brilliant research and translates it to the practical application of healing and caring for our gut. The book is written in such a way as to allow your doctor to easily look up the scientific studies to validate the claims and treatment suggestions. No need to take the author's word for anything; you and your doctor can read the research. It is recommended that everyone works with a doctor to determine a treatment plan. Though everyone's condition is different, you can be feeling much better in as little as 2 weeks, naturally and without risky antibiotic treatments. Be sure to visit The Gut Health Protocol on Facebook; there are thousands of members just like you, all helping each other.

[The Sirtfood Diet Recipes](#) Margaret Peterson, 2020-03-10. Adele incorporated the Sirtfood Diet into her lifestyle and lost 7 pounds in 7 days.
