I'm a Sub, Bub! Jim Nixon,2011-11 Steve Farland needs help paying the bills He works from home and work isn t always as steady as he would like it to be So Steve decides to become a substitute teacher He only has to work the days he wants he can help children at the local public schools and Mr Farland has an awfully nice ring to it But after spending some time in the classroom Mr Farland realizes that subbing isn t exactly an easy way to earn extra cash I m a Sub Bub follows Mr Farland as he spends a year as a substitute in the public school system He slowly realizes that these schools aren t the same as the schools of the good ol days in which Steve was educated The kids are selfish and unmotivated and the administrators are too busy preserving political correctness and avoiding lawsuits to worry about how much their students learn Mr Farland makes the best of a year that includes a fire in a chemistry lab a day of school being canceled because of a broken air conditioner and even a wild episode on a school roof that draws attention from the fire department the police and the school s marching band When a prominent football coach is fired for holding a team prayer before a big game Mr Farland reaches his limit and comes face to face with the school board and the district s most powerful administrators A humorous insightful take on the state of our nation s public schools today I m a Sub Bub is sure to entertain teachers parents and anyone who worries about what our children are learning or not learning when they go to school

Targeted Teaching Tremaine Baker,Gareth Evers,Richard Brock,2017-02-09 There is no single best approach in teaching This new text challenges the idea that there is a best way to teach Instead the authors explain a more pragmatic approach is required Teachers need a range of skills and strategies to select from work with and adapt Every school cohort class and child is different Beyond that strategies that worked well with a class one week may prove ineffective the next This book presents a range of strategies well grounded in research for trainees and beginning teachers to use in their own classroom settings and contexts presents a model of teaching that views teaching not as a profession in which there is always a single correct answer but as a complex interaction between teacher and students addresses common issues that beginning teachers face when developing their practice If you are a teacher wanting to find out what works best for your class in your school right now this text will show you how to harness the power of small or large scale research to help you find the answer
