## **Performance Making A Manual For Music Workshops:**

*Performance Making* Graeme Leak, 2003 Graeme Leak takes a fresh approach to musical learning by using the body as a performance instrument. It's a technique that defies the constraints of more conventional ways of learning music which focus on a particular instrument or style. Based on extensive experience as a musician and teacher, Leak's unique performance making process builds musical skills and imagination, transforming students into composer-performers. This book shows how to run a performance making workshop, everything from setting up a workspace to managing group dynamics, and provides a wide range of warm-up techniques and challenging exercises on pulse, metre, rhythm, tone, timbre, texture, and more. Performance making workshops encourage participants to explore the building blocks of music, experience the physical and theatrical possibilities of music, and create exciting group performance pieces. Featuring illustrations, course plans, and a handy glossary, *Performance Making* is an inspiring guide to teaching musical performance skills. **The Oxford Handbook**
