Performance Transport And Mobility Making Passage:

Performance, Transport and Mobility F. Wilkie, 2014-11-13 Performance Transport and Mobility is an investigation into how performance moves how it engages with ideas about movement and how it potentially shapes our experiences of movement Using a critical framework drawn from the mobility turn in the social sciences it analyses a range of performances that explore what it means to be in transit

Making Site-Specific Theatre and Performance Phil Smith, 2018-09-27 This practical accessible and far reaching guide to making site specific theatre and performance emphasises the diversity of approaches to the practice and explores key principles of space and site Phil Smith draws on a wide range of interdisciplinary and international performance examples and uses an innovative variety of exercises to show students and aspiring performance makers how to find a site and generate a performance beyond the theatre building

How Does Disability Performance Travel? Christiane Czymoch, Kate Maguire-Rosier, Yvonne Schmidt, 2023-12-12 This edited collection investigates the myriad ways in which disability performance travels in a globalized world Disability arts festivals are growing in different parts of the world theatre and dance companies with disabled artists are increasingly touring and collaborating with international partners At the same time theatre spaces are often not accessible and the necessity of mobility excludes some disabled artists from being part of an international disability arts community How does disability performance travel who does not travel and why What is the role of funding and producing structures disability arts festivals and networks around the world How do the logics of international co producing govern the way in which disability art is represented internationally Who is excluded from being part of a touring theatre or dance company and how can festivals conferences and other agents of a growing disability culture create other forms of participation which are not limited to physical co presence This study will contextualize disability aesthetics arts media and culture in a global frame yet firmly rooted in its smaller national state and local community settings and will be of great interest to students and scholars in the field

Choreomania Kéline Gotman, 2018 When political protest is read as epidemic madness religious ecstasy as nervous disease and angular dance moves as dark and uncouth the disorder being described is choreomania At once a catchall term to denote spontaneous gestures and the unruly movements of crowds choreomania emerged in the nineteenth century at a time of heightened class conflict nationalist policy and colonial rule In this book author Kéline Gotman examines these choreographies of unrest rethinking the modern formation of the choreomania concept as it moved across scientific and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others

and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial discourse men and women gathered together to repossess on their terms the gestures of social revolt *Expanded Choreographies – Choreographic Histories* Anna Leon, 2022-07-04 From objects to sounds choreography is expanding beyond dance and human bodies in motion This book offers one of the rare systematic investigations of expanded choreography as it develops in contemporaneity and is the first to consider expanded choreography from a trans historical perspective Through case studies on different periods of European dance history ranging from Renaissance dance to William Forsythe's choreographic objects and from Baroque court ballets to digital choreographies it traces a journey of choreography as a practice transcending its sole association with dancing moving human bodies **Transatlantic Broadway** M. Schweitzer, 2015-03-03 Transatlantic Broadway traces the infrastructural networks and technological advances that supported the globalization of popular entertainment in the pre World War I period with a specific focus on the production and performance of Broadway as physical space dream factory and glorious machine **The Routledge Companion to Literary Urban Studies** Lieven Ameel, 2022-08-10 Over the past decades the growing interest in the study of literature of the city has led to the development of literary urban studies as a discipline in its own right The Routledge Companion to Literary Urban Studies provides a methodical overview of the fundamentals of this developing discipline and a detailed outline of new directions in the field It consists of 33 newly commissioned chapters that provide an outline of contemporary literary urban studies The Companion covers all of the main theoretical approaches as well as key literary genres with case studies covering a range of different geographical cultural and historical settings The final chapters provide a window into new debates in the field The three focal issues are key concepts and genres of literary urban studies a reassessment and critique of classical urban studies theories and the canon of literary capitals and methods for the analysis of cities in literature The Routledge Companion to Literary Urban Studies provides the reader with practical insights into the methods and approaches that can be applied to the city in literature and serves as an important reference work for upper level students and researchers working on city literature Chapter 15 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com> *Walking Networks* Blake Morris, 2019-11-05 Since the early 2000s there has been an increase in artists who are walking as an essential part of their artistic practice This book identifies the unique attributes of walking to develop a definition for walking as an artistic medium Drawing on historical sources such as the walks of the Romantic poets Dadaists and Letterist Situationist Internationals it presents a practice based approach to walking focused on the radical memory of the medium The book covers three contemporary organisations working to develop the artistic medium of walking London's Walking Artists Network Scotland's Walking Institute and New York City's Walk Exchange and looks at how these different organisation's strategies contribute to the development of the artistic medium of walking The book is framed by five walking

exercises and invites the reader to create a memory palace for the medium of walking as a practical exploration of artistic walking practices

Irish on the Move Michelle Granshaw, 2019-12-01 A little over a century ago the Irish in America were the targets of intense xenophobic anxiety Much of that anxiety centered on

their mobility whether that was traveling across the ocean to the U S searching for employment in urban centers mixing with other ethnic groups or forming communities of their own Granshaw argues that American variety theatre a precursor to vaudeville was a crucial battleground for these anxieties as it appealed to both the fears and the fantasies that accompanied the rapid economic and social changes of the Gilded Age

Off Sites Bertie Ferdman, 2018-07-30 Honorable Mention ATHE s 2018 Outstanding Book Award Contextualizing the techniques and methods of the incredibly rich and vital genre of site specific performance author Bertie Ferdman traces the evolution of that term Originally used for experimental staging practices and then later also for engaged situational events site specific is no longer sufficient for the genre s many contemporary variations Using the term off site Ferdman illustrates five distinct ways artists have challenged the disciplinary framework of site specific theatre blurring the traditional boundaries between the fictional and the real changing how the audience and actor interact with each other and whether they are physically together or apart fabricating sites from physically bound conceptually constructed or virtual spaces staging live situations in real nonreal and often mediated encounters and challenging our preconceived notions of time and space Tracing the genealogy of site based work through the twentieth and twenty first centuries Ferdman outlines the theoretical groundwork for her study in the introduction Individual chapters focus on distinct types of off sites the interdisciplinary discourse of disciplinary sites the spaces of audience engagement with spectator sites the dislocation of time for temporal sites and the historiographical spaces of mapping for urban sites Ferdman examines site based work being done in the Americas by contemporary companies and artists experimenting with new forms and practices for site driven theatre Key productions discussed include Private Moment by David Levine Geyser Land by Mary Ellen Strom and Ann Carlson Jim Findlay s Dream of the Red Chamber and Lola Arias Mi Vida Despu s

Mobility Peter Adey, 2017-05-23 Mobility aims to take the pulse of this enormously

expanded and energetic field It explores the breadth of the disciplinary areas mobility studies now encompass examining the diverse conceptual and methodological approaches wielded within the field and explores the utility of mobility to illuminate a cornucopia of mobile lives from the mass movements of individuals within global processes such as migration and tourism to homelessness and war from the entangled relations caught up in the movement of disease people and aid across borders to the inability of someone to cross over a road The new edition explores the more sustained elaboration of mobility studies within a wide variety of disciplinary approaches and subject matters It echoes the growing internationalization of mobility research reflected in diverse case studies from the Global South South Asia Latin America the Caribbean and so far under represented perspectives from China Australasia post socialist Eastern Europe the Middle East and elsewhere The book also features an additional chapter on mobility studies to survey and explore the diverse quality of the field and methodologies in order to reflect the growing diversity of methodological approaches to mobilities from walk alongs and critical cartography to the mobile arts The book offers an accessible reading of the way mobility has been tackled and understood neatly exploring and summarizing a topic that has exploded into different variations and nuances The text allows scholars and students alike to grasp the central importance of mobility to social cultural political economic and everyday terrains by providing accessible writings on key authors within key ideas and case study boxes suggested further readings and summaries while at the same time making a significant contribution to scholarly writings and debates

Nomadic Theatre Liesbeth Groot

Nibbelink,2019-04-18 Fluid stages morphing theatre spaces ambulant spectators and occasionally disappearing performers these are some of the key ingredients of nomadic theatre They are also theatre s response to life in the 21st century which is increasingly marked by the mobility of people information technologies and services While examining how contemporary theatre exposes and queries this mobile turn in society Liesbeth Groot Nibbelink introduces the concept of nomadic theatre as a vital tool for analyzing how movement and mobility affect and implicate the theatre how this makes way for local operations and lived spaces and how physical movements are stepping stones for theorizing mobility at large This book focuses on ambulatory performances and performative installations asking how they stage movement and in turn mobilize the stage By analyzing the work of leading European artists such as Rimini Protokoll Dries Verhoeven Ontroerend Goed and Signa Nomadic Theatre demonstrates that mobile performances radically rethink the conditions of the stage and alter our understanding of spectatorship Nomadic Theatre instigates connections across disciplinary fields and feeds dramaturgical analysis with insights derived from media theory urban philosophy cartography architecture and game studies It illustrates how theatre as a material form of thought creatively and critically engages with mobile existence both on the stage and in society
