My entire high school education is a combination of studies and extracurricular activities. I was offered gold medal because of my outstanding overall contribution. Those days were quite memorable being a class on student council, as an editor for high school newspaper, as a peer tutor, and active sports person. I am successfully continuing some of those activities still too. Above all the mentioned, my favorite extracurricular activity is always debate and debate competitions. Perhaps, this interest created a special interest in me to pursue law studies and now applied to your best graduate school.

I am definitely fortunate and lucky to have encouraging best teachers in my high school. My teachers always encouraged my interests and helped me a lot improve my skills in various fields besides providing good studies always to me. Definitely, my schooling taught me a lot besides revealing my love to learn. I am always been a best student at academic front as well as other areas. I acquired good knowledge and command in all the subjects those are part of my high school studies. Some of these subjects knowledge is very well related to the law studies and this knowledge will help me a lot to pursue well this chosen program too.

Decision on career oriented study program is definitely not been that smooth with me. My idea to pursue law program is gained good support from my teachers being they all well aware of my debate skills. My parents opposed it a little as they thought technology is leading the world at present. It took me a while to convince them with the fact that whether technology or engineering profession at the end need to depend over the law enforcement and law governing authority for the various needs and approval. This realization allowed my parents approve my idea.

Economics study in my high school offered me a deeper idea and understanding about the present law perspective and demands. In fact, this understanding is definitely not enough and it requires enhancing my horizons further more in a way to be of right professional for this world. This chosen law program will give me this opportunity to turn myself into a right law professional that is essential for the present day world. I knew it well that the reality always differs from the imagination. Keeping this perspective in mind, I acquired little experience during my high school in a law firm. I worked as a research assistant in this law form. This working allowed me to understand well the real law profession and encountering real hurdles in the field.

Now, I am totally ready to take your law program with adequate academic knowledge and qualifications besides acquired little and related experience. Definitely, I can groom myself as a best student in the program with right approach and right attitude. I am determined to transform into a best law professional and this program is definitely a great help to present me as a professional into this field.
