Hawley,2020-09-30 A critical resource for pre service and practicing teachers this book addresses what happens when new teachers try to enact inquiry based and dialogical pedagogy within standardized schools Exploring the narratives from beginning ELA and humanities teachers when they encounter challenges and obstructions this book explores moments of wobble key events that called attention to practice in the context of inflexible schooling systems that the teachers shared with their peers via an oral inquiry process OIP to help them unpack and understand their experiences This book advocates for the continued use and enhancement of mentoring and induction initiatives particularly those that recognize the expressed concerns of novice teachers no matter what their pedagogical stance might be By sharing novice teachers wobble stories and their outcomes this book provides a pathway for teachers continued self reflection and growth for the duration of their careers The authors

offer a reflective adaptable and easy to use process that places teachers in control of their own professional learning The beliefs and structures examined in this text support the intentions of all teachers who work from a learning centered perspective and wish to take some ownership of their professional development Kierkegaard's Journals and Notebooks, Volume 5 Søren Kierkegaard, 2012-01-29 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Volume 5 of this 11 volume series includes five of Kierkegaard's important NB journals Journals NB6 through NB10 covering the months from summer 1848 through early May 1849 This was a turbulent period both in the history of Denmark which was experiencing the immediate aftermath of revolution and the fall of absolutism a continuing war with the German states and the replacement of the State Church with the Danish People's Church and for Kierkegaard personally The journals in the present volume include Kierkegaard's reactions to the political upheaval a retrospective account of his audiences with King Christian VIII deliberations about publishing an autobiographical explanation of his writings and an increasingly harsh critique of the Danish Church These journals also reflect Kierkegaard's deep concern over his collision with the satirical journal *Corsair* an experience that helped radicalize his view of essential Christianity and caused him to ponder the meaning of martyrdom Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced **English Journal**, 1997 *Shakespeare and Modern Culture* Marjorie Garber, 2009-12-01 From one of the world's premier Shakespeare scholars comes a magisterial new study whose premise is that Shakespeare makes modern culture and that modern culture makes Shakespeare Shakespeare has determined many of the ideas that we think of as naturally true ideas about human character individuality and selfhood government leadership love and jealousy men and

women youth and age Marjorie Garber delves into ten plays to explore the interrelationships between Shakespeare and contemporary culture from James Joyce's *Ulysses* to George W Bush's reading list From the persistence of difference in *Othello* to the matter of character in *Hamlet* to the untimeliness of youth in *Romeo and Juliet* Garber discusses how these ideas have been reimagined in modern fiction theater film and the news and in the literature of psychology sociology political theory business medicine and law Shakespeare and Modern Culture is a brilliant recasting of our own mental and emotional landscape as refracted through the prism of the protean Shakespeare

Shakespeare on Screen: Romeo and Juliet Victoria Bladen, Sarah Hatchuel, Nathalie Vienne-Guerrin, 2023-12-14 From canonical movies to web series this volume provides fresh insights into the myriad forms of *Romeo and Juliet* on screen around the world Ranging far beyond the Anglo American sphere the international cast of contributors explore translations adaptations free retellings and appropriations from India France Italy and Japan and demonstrate the constant evolution of technologies in the production reception and dissemination of Shakespeare on screen The volume is complemented by helpful online essays and an extended online film bibliography which guides readers through the often overwhelming range of filmic resources now available providing valuable resources for research and pedagogy

Revisiting the Concept of Defence in the Jus ad Bellum Johanna Friman, 2017-04-06 The purpose of the *jus ad bellum* is to draw a line in the sand thus far but no further In the light of modern warfare a state should today have an explicitly recognised and undisputed right of delimited unilateral defence not only in response to an occurring armed attack but also in interception of an inevitable or imminent armed attack This book however makes it evident that unilateral interception is not incontestably compatible with the modern right of self defence in Article 51 of the UN Charter Then again unilateral defence need not forever be confined to self defence only wherefore the book proposes that the concept of defence may best be modernised by a clear legal division into responsive and interceptive defence Since both threat and use of force are explicitly prohibited in Article 2 4 of the UN Charter this book further recommends that both responsive and interceptive defence should be explicitly excepted from this prohibition in Article 51 of the UN Charter The modern *jus ad bellum* should thus legally recognise a dual face of defence responsive self defence if an armed attack occurs and interceptive necessity defence if a grave and urgent threat of an armed attack occurs For without a clarifying and modernising revision the concept of defence will become irreparably blurred until it is completely dissolved into the ever shifting sands of war

The Pinocchio Effect Elizabeth Janson,2019-11-26 Automatization and systematic exclusion are beyond common sense within U.S. public schools The failure to address social problems spills over to schools where youth who refuse to conform to the broken system are labelled as deviant and legitimately excluded Students who conform are made real by the system and allowed back into society to keep manufacturing the same inequalities This is the Pinocchio Effect It involves the legitimization of hegemonic knowledge and the oppression of bodies mind and spiritualities The book analyzes the impact of colonialities within U.S. public education by examining the learning experiences that

influence teachers and students spiritualities affecting the construction and oppression of their identities Consequently the author examines how educators can decolonize the classroom which functions as a political arena as well as a critical space of praxis in order to reveal how realities and knowledges are made nonexistent an epistemic blindness and privilege **Fear and Trembling** Søren Kierkegaard,2024-09-06 Faithful to the original Danish text and eminently readable Jech s translation of Fear and Trembling admirably communicates the literary qualities of Kierkegaard s text as well as his occasional fits of inspiration Jech displays an unusual sensitivity not only to the literary linguistic qualities of Kierkegaard s prose but also to his often realized aspirations to philosophical precision As presented by Jech Kierkegaard is not simply a gifted writer and speculative theologian dabbling in philosophy but a philosopher concerned to limn the optimal role of philosophical reflection and to do so experimentally especially with respect to matters of morality and faith The translation is furthermore supplemented by very helpful explanatory notes that convey Kierkegaard s own erudition and the multiple influences upon his thinking The Historical Glossary will become a valuable reference tool for students and scholars of Kierkegaard s writings It is likely to play a welcome role in encouraging an improved understanding of what Kierkegaard means when he employs his idiosyncratic categories allusions and vocabulary Daniel Conway Professor of Philosophy and Humanities Texas A M University Personal Relationships and Personal Networks Malcolm R. Parks,2017-09-25 The effort to understand personal relationships has traditionally focused on the individual characteristics of participants Personal Relationships and Personal Networks takes this analysis a step further focusing on research linking participants feelings and actions within a given personal relationship to the larger social context surrounding it Author Malcolm R Parks expands on the idea that the initiation development maintenance and dissolution of relationships are inextricably connected to each participant s social network a perspective that allows for a better appreciation of our connection to the world and a greater understanding our significant power as social actors This book offers a new way to consider basic notions about how relationships form such as how particular people meet and how relationships are started Among many findings the volume demonstrates that individuals in relationships feel closer and generally more connected when they also have a greater amount of contact with the members of each other s personal networks and when they believe that network members support their relationship Additional topics discussed include how this social context model is applicable to different types of relationships how participants interact with network members how social networks are involved in the deterioration of personal relationships and what drives change in relationships Students researchers and professionals in a wide variety of disciplines such as communication psychology sociology anthropology family studies clinical psychology public health nursing education and social work will find this book useful as will anyone seeking to better understand their own personal relationships **The Publisher** ,1901
