Results That Last Quint Studer, 2010-12-09 Praise for *Results That Last* Quint Studer is a superb communicator with a deep belief in the power of relationships. His informal tone, sense of humor, and real world stories bring his business principles to life. *Results That Last* has a vital optimistic quality that will keep readers re-reading long after other leadership books have been relegated to a dark corner of the shelf. Nido Qubein, author of *How to Get Anything You Want*, President, High Point University, Chairman, Great Harvest Bread Company, and founder, National Speakers Association Foundation. *Results That Last* is long overdue and fills a big gap in effective business management. There are legions of books that show us the way to achieve successful results in business, but very few that teach us how to institutionalize success. In reality, achieving success is the easy part. The real challenge is to achieve results that last. Quint Studer not only proves it is possible to hardwire a culture for lasting results, but lays out a simple, logical, and effective way to do so. Anyone who wants to make success a habit needs to read this book. Bob MacDonald, former CEO, Allianz Life of North America, and author of *Beat the System: 11 Secrets to Building an Entrepreneurial Culture in a Bureaucratic World*. I have always been fascinated by how the various parts of an organization work together to achieve strategic objectives.
