

MEET THE PUBLISHER:

It's very likely that the historians will remember Y2K as the dawn of an era of "New Technology". One of these technological advances was the introduction of a digital book publishing process, now commonly know as print-on-demand. During that formative period, a new company named **VelocePress** was launched with a simple goal ~ to use the new digital publishing technology to reprint titles that had been unavailable for many years. In particular, those books that contained information and data that would be of assistance to automobile and motorcycle collectors and enthusiasts. Currently, with more than 60 reprinted titles, plus a number of brand new books, **VelocePress** is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA. Please visit our website at www.VelocePress.com for more information on our company and our books.
