If This Be Treason Jeremy Duda, 2016-10-15 Treason is the only crime explicitly defined in America's Constitution Relatively few Americans have been convicted of it Far more have had the poisonous word thrown at them Through the cases of Americans who whether acting in defense of their country for personal gain or simply when society had redefined treasonous activity were accused of betraying their country though not charged with the ultimate crime against one's nation If This Be Treason tackles the complicated question of where dissent ends and betrayal begins Jeremy Duda covers the gamut of American history from the earliest days of the republic when George Logan's act of unauthorized diplomacy kept his fledgling country out of war with France but so outraged his enemies that Congress passed a law to prevent it from ever happening again to today as Edward Snowden remains an international fugitive for exposing the government's spying on its own citizens Among other examples are diplomatic envoy Nicholas Trist who betrayed his president's order to return home so he could negotiate a just treaty with a vanquished foe former congressman Clement Vallandigham who was exiled from his own country for speaking out against Lincoln's prosecution of the Civil War and Richard Nixon who scuttled a peace deal to end the war in Vietnam If this be treason make the most of it So proudly declared Patrick Henry accused of treason for opposing the Stamp Act imposed by Great Britain on its American colonies Throughout history Americans have toed the line between treason and dissent Exactly where that line is has remained difficult to ascertain But these cases serve as a fascinating way to explore and interpret where dissent ends and betrayal begins

Serpent's Seed Joel H. Emerson,2011-05-25 THE SERPENTS SEED expounds upon a Biblical doctrine that is essential for the proper understanding of both the Scriptures and the present day but which has remained obscured for the past fifteen hundred years And the doctrine is this that since the creation of man we have been at war not only against Satan and his corruptive influences but against the literal offspring of fallen angels and mortal women These hybrid creatures reigned during the days of Noah and Abraham battled Joshua and King David for control of Israel tormented the Jews during the time of Jesus and continue to roam the earth even today Our society even our church has fallen under the sway of these ancient and terrible beings Thus The Serpents Seed was written so that we might not depart from the faith giving heed to seducing spirits and doctrines of devils 1st Timothy 4 1 *National Union Catalog* ,1956 Includes entries for maps and atlases

Revelation 1-11 (ITC) Peter J. Supreme Court justices wrestled with how much press and speech is protected by freedoms of press and speech before and under the First Amendment This book discusses the Supreme Court justices before John Marshall and their confrontations with those freedoms Its conclusions are surprising about their broad understanding of freedoms of press and speech before 1798 and about their split over the constitutionality of the Sedition Act of 1798 The book also summarizes the recognized prosecutions under that law and then doubles their number by confirming 22 additional prosecutions under the Sedition Act

Kathleen Belew, 2019-05-07 A Guardian Best Book of the Year A gripping study of white power Explosive New York Times
Helps explain how we got to today's alt right Terry Gross Fresh Air The white power movement in America wants a
revolution Returning to a country ripped apart by a war they felt they were not allowed to win a small group of Vietnam
veterans and disgruntled civilians who shared their virulent anti communism and potent sense of betrayal concluded that
waging war on their own country was justified The command structure of their covert movement gave women a prominent
place They operated with discipline made tragic headlines in Waco Ruby Ridge and Oklahoma City and are resurgent under
President Trump Based on a decade of deep immersion in previously classified FBI files and on extensive interviews Bring the
War Home tells the story of American paramilitarism and the birth of the alt right A much needed and troubling revelation
The power of Belew's book comes in part from the fact that it reveals a story about white racist violence that we should all
already know The Nation Fascinating Shows how hatred of the federal government fears of communism and racism all
combined in white power ideology and explains why our responses to the movement have long been woefully inadequate

typos Excerpt from book CHAPTER XIII MISSION WORK IX BETHNAL GREEN I Was acquainted at this time with a young
curate with whom I had some time before made a pedestrian tour through some of the most beautiful portions of the
beautiful county of Kent and who had lately exchanged his first curacy at Haverstock Hill for a similar engagement in the
district of St Philip Bethnal Green On the occasion of my first visit to him after this change our conversation turned upon
home missions and I was led to make some remarks derived from my own observation upon the incompetency of many of the
Bible readers whose mission fields were the industrial quarters of our large towns for the accomplishment of the end for
which they were appointed They may be tolerably well qualified to deal with the indifferent and the ignorant I observed but
they are utterly incompetent to remove the doubts or meet the arguments of the many intelligent men to be found in large
towns who reject the Bible as a divine revelation They may be useful auxiliaries of the clergy in visiting the poor in their
own congregation and tolerably successful in bringing into the fold of the Church the ignorant and the indifferent but they do not
realize my idea of what a Christian missionary in the home field should be like in the present There is great difficulty
in obtaining men who would return the curate It is true they are not very highly paid but many of them notably those
employed by the City Missionary Society are as well paid as a large proportion of curates who are drawn from a higher and
more educated class The Churchman said I in continuance of the thought that was in my mind send to the ignorant heathen of
