Dark Seduction and Persuasion Tactics Christopher Kingler, What kind of traits do charming people have What are the psychological forces that lead some people to always choose the same lucky ones while others will constantly be rejected and destined to live forever in the shadows Did you fail to succeed in the attraction game Do you struggle to understand how someone apparently mediocre or less attractive than you can actually have everything that they want Most people today are sent out into society with a broken belief system which they use to make choices that bring terrible results both in life and

relationships Men have been conditioned to be the quintessential good guy They are trained to be overtly humble kind and slaves to the belief that just being themselves is enough to attract and keep the partner of their dreams Men are told to believe that conventional masculinity is toxic and to put women above their own interests passions and purposes This has led an entire generation of men to form very unhealthy attachments with women which unfortunately often constitute their only goal in life These men spend their lives interacting with the opposite sex in absolute darkness ignoring the fact that they are judged rated approved and rejected based on their unconscious reactions to female tests If you had no idea that women challenge men and why they have to you are about to embark on a journey down a rarely travelled road the more mysterious side of female psychology and the way women think The playbook for women and life has changed but most men still haven't figured it out Do you want to be successful and level up in every area of your life If so this book explains The biological drives of men and women and how to use them to their best advantage The fundamental principles of dark psychology and seduction enabling you to become more charismatic and create instant confidence Effective body language techniques to make you irresistible Strategies to maximise your looks your money your social status and create an attractive lifestyle Understanding the various types of seducers and mastering identity shifting to seduce anyone Powerful hacks of persuasion manipulation and power strategies to gain respect and trust How to get genuine craving from a woman who wants to go out with you Everything you need to know to successfully maintain a long term relationship Bonus chapter How to become one of the top 20% of men or women who get it right when dating online No matter what your background knowledge of dark psychology will allow you to fulfil your destiny I constantly see special people being rejected heartbroken and it hurts I want to help you so you don't end up like all the other lonely guys out there You will become the kind of person who can map anyone to get what she wants So now let me ask you a question Where will you be in 30 days Will you be stuck in the same old patterns and habits that have held you back for years Will you still be struggling through the same mental attitudes and limiting beliefs that have stunted your growth and held you back from greatness throughout your life Or will you be bold and finally understand the dark psychology of human behaviour Will you become a man whose calendar is filled with exciting dates with beautiful women epic adventures with friends and experiences you once thought were reserved only for the elite Will you be a man capable of transforming his reality into a living masterpiece that breathes his creation In light of this information you have no choice Read this book now I ask of you one favour however Once you have read this book use the information and techniques with care So what are you waiting for Swipe up click the Buy button now and begin your journey
