Hindustan Review, 1913 [Commentary on Matthew](#) Saint Hilary (Bishop of Poitiers), 2012 When the writing of Latin biblical commentaries was still in its infancy a young bishop from Poitiers in Gaul penned a passage by passage exposition on the Gospel of Matthew It is the first of its kind to have survived almost completely intact Published now for the first time in English translation Hilary's commentary offers a close look at Latin theology and exegesis before the Nicene Creed was considered the sole standard of orthodoxy Likely the earliest of Hilary's writings this commentary has none of the polemic against the Arians that figured so prominently in most of his later works Nonetheless there exists in this text an oft stated concern with those who interpreted the Incarnation as grounds for construing Christ as only a man rather than professing Christ as God and man Other noteworthy features of the commentary include Hilary's interest in the relation between Law and Gospel and his articulation of a Pauline based view of justification by faith In his view the importance of the Law before the Gospel was indisputable and necessary For Jews it was considered the way of redemption With the advent of Christ it

became an eschatological guide directing all future believers into the grace that comes by faith Hilary's emphasis on God's righteousness conferred on a helpless race represents a far more pronounced application of Paul's thought than in any previous Latin writer

ABOUT THE TRANSLATOR D H Williams is professor of patristics and historical theology at Baylor University His publications include books and articles on early Christian thought and literature as well as studies that seek to integrate the ancient Christian legacy with contemporary theology He is the editor of The Church's Bible Commentary on Matthew

Precepts, Ordinations, and Practice in Medieval Japanese Tendai

Paul Groner, 2022-07-31 Modern Japanese Buddhist monks of all denominations differ from those in other Asian countries because they frequently marry drink alcohol and eat meat This has caused Buddhist scholars and practitioners generally to assume that early Japanese monastics had little interest in precepts and ordinations Some medieval Japanese exegetes however were obsessively concerned with these topics as they strove to understand what it meant to be a Buddhist This landmark collection of essays by Paul Groner one of the leading authorities on Tendai Buddhism examines the medieval Tendai School which dominated Japanese Buddhism at that time to uncover the differences in understanding and interpreting monastic precepts and ordinations Rather than provide an unbroken narrative account made virtually impossible due to the number of undated apocryphal texts and those lost in the numerous fires and warfare that beset Tendai temples as well as the difficulties of tracing how texts were used Groner employs a multifaceted approach focusing on individual monks texts ceremonies exegetical problems and institutional issues Early chapters look at a major source of Tendai precepts the apocryphal Brahma's Net Sutra the Tendai scholar Annen's b 841 interpretations of the universal bodhisattva precept ordination and the historical background of his commentary on the subject Tendai perfect sudden precepts and the Vinaya and the role of confession in the bodhisattva ordination Groner goes on to discuss the Lotus Sutra another key text for Tendai precepts and the monk Ken 1262 1317 and his role in developing the consecrated ordination which is still performed today

Later essays introduce Jitsud Nink's 1307-1388 system of training by doctrinal debate and his commentary on ordinations doctrinal discussions of killing and Tendai discussions among several lineages on whether the precepts can be lost or violated Many of the issues discussed in the volume particularly how to distinguish various types of Buddhist practitioners and how to conduct ordinations continue to preoccupy Tendai monks centuries later The book concludes with an examination of the effects of early Tendai precepts on modern practice Bodhisattva Precepts, 2012 Books presents seven sutras in English all of which are posted on my website at <http://www.sutrasmantras.info> Five of these seven translations have never before been published in book form P x Precepts for Life Study Guide Kay Arthur, 2009-03 Living for God's Glory Precepts for Life Study Guide for the radio tv broadcast series by Kay Arthur God commanded us to glorify Him in our bodies which He purchased through the blood of His Son Know God and return to His glory through this life changing study Precepts for Living A. on the apostle Paul whose letters have played a vital role in Western Christian thought This is the first English translation of Victorinus commentary on Galatians which is a relevant and lively presentation of the apostle s passion for the freedom of the gospel The accompanying notes and introduction while engaged with relevant scholarship are accessible to readers interested in early Christian interpretations of the Bible

Primary and Secondary Precepts in Thomistic Natural Law Teaching

R.A. Armstrong, 2012-12-06 Never before in the history of mankind has there been a period when hitherto accepted moral principles have been more severely tested The agonized cry of a world smitten by two major wars in a handful of years leaves no doubt in the minds of many that natural law ethics if it is to have relevance and to survive must provide at least the outline of an answer to the problems of every day living To date many hundreds of books and articles have been written setting forth with great eloquence the basic and immutable principles of natural law ethics But too often these discussions fail to consider in their agonizing detail situations where there is a choice between conflicting values conflicting loyalties conflicting ideas and duties each of which has a claim to recognition It is only in the isolation of the particular case that the frightening dilemmas of natural law can be most clearly experienced To give just two illustrations

The Art of Living John Sellars, 2013-10-16 Ancient philosophy was conceived as a way of life or an art of living but if ancient philosophers did think that philosophy should transform an individual s way of life then what conception of philosophy stands behind this claim John Sellars explores this question through a detailed account of ancient Stoic ideas about the nature and function of philosophy He considers the Socratic background to Stoic thinking about philosophy and Sceptical objections raised by Sextus Empiricus and offers readings of late Stoic texts by Epictetus and Marcus Aurelius Sellars argues that the conception of philosophy as an art of living inaugurated by Socrates and developed by the Stoics has persisted since antiquity and remains a living alternative to modern attempts to assimilate philosophy to the natural sciences It also enables us to rethink the relationship between an individual s philosophy and their biography The book appears here in paperback for the first time with a new Preface by the author
