methods I've discovered what works and what doesn't. Everything I've written in my book is the tips, secrets, and method that I've found to actually work to get me to fluency in the shortest period of time. You won't find any ridiculous ideas here like subliminal learning while you sleep. Everything here has been tested by me from scratch and is from real world experience. I have personally invested 10 years and thousands of dollars on learning the best, most efficient way to learn languages. I wish that I could have been able to buy the knowledge and information presented in this book when I first started out. It could have saved me a lot of trouble, time, and money. Many people spend thousands of dollars or more on audio programs, textbooks, classes, and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time, and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently. **The**

Well-Trained Mind Susan Wise Bauer, Jessie Wise, 2009-05-04 Outstanding should be on every home educator's reference bookshelf. Homeschooling Today. This educational bestseller has dominated its field for the last decade, sparking a homeschooling movement that has only continued to grow. It will instruct you step by step on how to give your child an academically rigorous, comprehensive education from preschool through high school. Two veteran home educators outline the classical pattern of education, the trivium, which organizes learning around the maturing capacity of the child's mind. With this model, you will be able to instruct your child in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. Newly revised and updated, *The Well-Trained Mind* includes detailed book lists with complete ordering information, up-to-date listings of resources, publications, and Internet links, and useful contact information. *Joyce in the Belly of the Big Truck; Workbook* Joyce A. The mother tongue taboo, which has been the perceived didactical correctness for so many years and in so many countries, is swept away. At the same time, this book combines theory with practice, advice, and guidance to teachers. Since the mother tongue issue touches upon all the major domains of teaching: vocabulary, grammar, texts, communication, emotional aspects, a new synthesis of theory and practice has been developed.
