Electric Light Orchestra John Van der Kiste,2017-08-19 ELO Electric Light Orchestra were formed by Roy Wood and Jeff Lynne of The Move as a fusion of rock and contemporary classical style music combining orchestral instruments guitars keyboards and drums in the same line up Their aim was to continue from where The Beatles I am the Walrus left off After the release of their eponymous debut album in 1971 and a few live dates at home and in Europe it became increasingly apparent that both leaders objectives were incompatible Wood left Lynne in charge of the group to refine their sound and their ambitious

progressive rock epics gradually gave way to a more accessible style Keyboard player Richard Tandy and drummer Bev Bevan were the only other constant members in an ever changing line up By the end of the decade the group were rarely out of the British and American charts After disbanding in 1986 ELO Part II minus Lynne returned for two albums but Lynne reclaimed the name with an album in 2001 followed by a long awaited reappearance in 2014 as Jeff Lynne s ELO Electric Light Orchestra Song by Song provides a brief biographical overview of the bands contributors in addition to a comprehensive examination of all the groups studio albums [Jeff Lynne](#) John Van der Kiste,2017-01-21 **Yeah! Songbird Lesley-Ann Jones,2024-11-19 In this revealing portrait of keyboardist lyricist and vocalist Christine Mcvie of Fleetwood Mac readers will get an exclusive glimpse of the band s mother figure Christine McVie born Christine Perfect was the quintessentially English rock star as both the backbone and the beating heart of Fleetwood Mac She wrote and

performed many of their greatest hits and was dubbed the mother of the band It was Christine who contained the flock regrouped them when they went AWOL and always got them back on track And yet as the engine of the band during their Rumours era an album which charted the romantic disintegration within the band Christine s personal life was every bit as tempestuous as those of her bandmates Told by an author who herself was friends with Christine and with new contributions from those who knew her best Songbird offers a true insider s view and psychological insight into Christine as a both a woman and a musician the ultimate picture of a rock legend and a national treasure *Black Sabbath* Mick Wall,2015-04-14

Decades before reality television was invented Ozzy Osbourne was subversive and dark Ozzy was the singer in the heavy metal band Black Sabbath and they meant business In an era when rock bands were measured by how heavy they were no one was weightier than Black Sabbath All four founding members of the original Black Sabbath grew up within half a mile of each other in a tiny Birmingham suburb Though all shared a deep love of music The Beatles for Ozzy the Mothers of Invention for Geezer the Shadows and Chet Atkins for Iommi and Gene Kruppa for Ward they formed their group as the quickest way out of the slums This is the story of how they made that dream come true and how it then turned into a nightmare for all of them At the height of their fame Sabbath discovered they d been so badly ripped off by their managers they didn t even own their own songs They looked for salvation from Don Arden an even more notorious gangster figure who resurrected their career but still left them indebted to him financially and personally It finally came to a head when in 1979 they sacked Ozzy For being too out of control even for us as Bill Ward put it The next fifteen years were a war between the post Ozzy Sabbath and Ozzy himself whose solo career overshadowed Sabbath so much that a reunion was entirely on his terms Or rather those of his wife and manager to add a further bitter twist for Sabbath daughter of Don Arden Sharon Osbourne The Essential Rock Discography Martin Charles Strong,2006 Covers British and American artists and groups including a biography or history and chronological discographical listings in each entry **Performing Glam Rock** Philip Auslander,2006 Explores the many ways glam rock paved the way for new explorations of identity in terms of gender sexuality and performance **Rock Movers & Shakers** Dafydd Rees,1991 This includes the chronologies of all the major artists bands singers players movers and shakers in contemporary popular music *Authorship Roles in Popular Music* Ron Moy,2015-06-19 Authorship Roles in Popular Music applies the critical concept of auteur theory to popular music via different aspects of production and creativity Through critical analysis of the music itself this book contextualizes key concepts of authorship relating to gender race technology originality uniqueness and genius and raises important questions about the cultural constructions of authenticity value class nationality and genre Using a range of case studies as examples it visits areas as diverse as studio production composition DJing collaboration performance and audience This book is an essential introduction to the critical issues and debates surrounding authorship in popular music It is an ideal resource for students researchers and scholars in popular musicology and cultural studies **British Progressive Pop 1970-1980**

Andy Bennett, 2020-02-06 Positioned between the psychedelic and counter cultural music of the late 1960s and the punk and new wave styles of the late 1970s early 1970s British popular music is often overlooked in pop music studies of the late 20th century but it was in fact highly diverse with many artists displaying an eclecticism and flair for musical experimentation Progressive pop artists such as Roxy Music David Bowie the early Queen the Electric Light Orchestra 10cc and Steve Harley Cockney Rebel successfully straddled the album and singles markets producing music that often drew on a variety of different musical styles and traditions Similarly such artists often set new benchmarks for songwriting and production utilizing the full potential of the rapidly expanding studio technology of the era to produce albums of highly diverse material featuring in some cases special studio crafted effects and soundscapes that remain unique to this day This book considers the significance of British progressive pop in the early 1970s as a period during which the boundaries between pop and rock were periodically relaxed providing a platform for musical creativity less confined by genre and branding **Camion Blanc**
