THE GUIDE TO ANSWERING ISLAM Daniel

Janosik,2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective

How the West Won Rodney Stark, 2014-03-17 Finally the Truth about the Rise of the West Modernity developed only in the West in Europe and North America Nowhere else did science and democracy arise nowhere else was slavery outlawed Only Westerners invented chimneys musical scores telescopes eyeglasses pianos electric lights aspirin and soap The question is Why Unfortunately that question has become so politically incorrect that most scholars avoid it But acclaimed author Rodney Stark provides the answers in this sweeping new look at Western civilization How the West Won demonstrates the primacy of uniquely Western ideas among them the belief in free will the commitment to the pursuit of knowledge the notion that the universe functions according to rational rules that can be discovered and the emphasis on human freedom and secure property rights Taking readers on a thrilling journey from ancient Greece to the present Stark challenges much of the received wisdom about Western history How the West Won shows for example Why the fall of Rome was the single most beneficial event in the rise of Western civilization Why the Dark Ages never happened Why the Crusades had nothing to do with grabbing loot or attacking the Muslim world unprovoked Why there was no Scientific Revolution Why scholars recent efforts to dismiss the importance of battles are ridiculous had the Greeks lost at the Battle of Marathon we probably would never have heard of Plato or Aristotle Stark also debunks absurd fabrications that have flourished in the past few decades that the Greeks stole their culture from Africa that the West s discoveries were copied from the Chinese and Muslims that Europe became rich by plundering the non Western world At the same time he reveals the woeful inadequacy of recent attempts to attribute the rise of the West to purely material causes favorable climates abundant natural resources guns and steel How the West Won displays Rodney Stark s gifts for lively narrative history and making the latest scholarship accessible to all readers This bold insightful book will force you to rethink your understanding of the West and the birth of modernity and to recognize that Western civilization really has set itself apart from other cultures
