Painless Reading Comprehension Barron's Educational Series, Darolyn "Lyn" Jones, 2021-06-01 Learning at home is now the new normal. Need a quick and painless refresher? Barron's Painless books make learning easier while you balance home and school. Reading comprehension gets easier as students learn what kind of reader they are, discover how to keep facts in their head, and much more. Titles in Barron's extensive Painless Series cover a wide range of subjects as they are taught at middle school and high school levels. Perfect for supporting Common Core Standards, these books are written for students who find the subjects somewhat confusing or just need a little extra help. Most of these books take a lighthearted, humorous approach to their subjects and offer fun exercises including puzzles, games, and challenging Brain Tickler problems to solve. Bonus Online Component includes additional games to challenge students including Beat the Clock, a line match game, and a word scramble. VanSledright, 1996 Economics Made Fun N. Aydinonat, Jack Vromen, 2017-10-02 Best selling books such as Freakonomics and The Undercover Economist have paved the way for the flourishing economics made fun genre. While books like these present economics as a strong and explanatory science, the ongoing economic crisis has exposed the shortcomings of economics to the general public. In the face of this crisis, many people, including well known economists such as Paul Krugman, have started to express their doubts about whether economics is a success as a science. As well as academic papers, newspaper columns with a large audience have discussed the failure of economics to predict and explain ongoing trends. The emerging picture is somewhat confusing. Economics made fun books present economics as a method of thinking that can successfully explain everyday and freaky phenomena. On the other hand, however, economics seems to fail in addressing and explaining the most pressing matters related to the field of economics itself. This book explores the confusion created by this contradictory picture of economics. Could a science that cannot answer its own core questions really be used to explain the logic of everyday life? This book was originally published as a special issue of the Journal of Economic Methodology. *Greetings! from Carl's Corner, Texas* Lianne Cain, 2000-12 An ordinary Friday night out for dinner and dancing turned into a seven month journey that crisscrossed America. When a school teacher met a truck driver, worlds collided. What began as an overnight trip to Texas ended at the Alamo, but the road led through Texas, New Mexico, Arizona, Ohio, Pennsylvania, and twenty seven other states. The ride began in January and didn't end until July. R is for Reading Library of Congress. Sheinkin,2008-07-22 True facts and stories that you won't find in text books about the American Civil War *The Victorious Opposition (American Empire, Book Three)* Harry Turtledove,2004-04-27 A colossal and brilliant saga This novel may be the strongest and most compelling since the opener How Few Remain Publishers Weekly starred review Seventy years have passed since the first War Between the States Jake Featherston leader of the ruling Freedom Party has won power in the South and is taking his country and the world to the edge of an abyss Charismatic and shrewd he is whipping the Confederate States into a frenzy of hatred Blacks are being rounded up and sent to prison camps and the persecution has just begun As the North stumbles through a succession of leaders Featherston is feeling his might With the U S A locked in a bitter bloody occupation of Canada facing an intractable rebellion in Utah and fatigued from a war in the Pacific against Japan Featherston may pursue one dangerous proposition above all that he can defeat the U S A in an all out war Praise for The Victorious Opposition Turtledove's Great War American Empire series is an epic achievement a meticulously worked out alternate history of the twentieth century's great two act tragedy Bravo A fine performance by a master craftsman S M Stirling author of Island in the Sea of Time Anyone who loves history will love what Harry Turtledove can do with it Larry Bond New York Times bestselling author of Red Phoenix *The Politics of the Textbook* Michael Apple,Linda Christian-Smith,2017-09-08 The Politics of the Textbook analyzes the factors that shape production distribution and reception of school texts through original essays which emphasize the double edged quality of textbooks Textbooks are viewed as systems of moral regulation in the struggle of powerful groups to build political and cultural accord They are also regarded as the site of popular resistance around disclosing the interest underlying schoolknowledge and incorporating alternative traditions *Communities* James A. Banks,2000 Provides geography literature and history adventures **Which Way to the Wild West?** Steve Sheinkin,2010-07-06 Presents the greatest adventures of America's Westward expansion from the Louisiana Purchase and the gold rush to the Indian wars and life of the cowboy as well as the everyday happenings that defined living on the frontier **COVID-19 and the Educational Response: New Educational and Social Realities** Jane McIntosh Cooper,Leslie Michel Gauna,Christine Beaudry,2022-01-31 **Graphic Novels and Comics in the Classroom** Carrye Kay Syma,Robert G. Weiner,2013-06-24 Sequential art combines the visual and the narrative in a way that readers have to interpret the images with the writing Comics make a good fit with education because students are using a format that provides active engagement This collection of essays is a wide ranging look at current practices using comics and graphic novels in educational settings from elementary schools through college The contributors cover history gender the use of specific graphic novels practical application and educational theory Instructors considering this book for use in a course may request an examination copy here **Understanding Multimodal Discourses in English Language Teaching Textbooks** Christopher A. Smith,2022-08-11 Textbooks are indispensable components and in some case the cornerstones of the mission of English Language Teaching ELT However they are artefacts of a pedagogical culture that rarely echo the

concerns of their most prolific consumers teachers and students This book offers a useful framework for evaluating ELT textbooks from a critical discourse perspective one that is based on sound current research but also offers practical guidance to teachers Building from a foundational understanding of ELT textbooks the author presents a systematic procedure to critically analyze their multimodal discourse examine how those discourses are negotiated between teachers and students in class and measure how those consumers privately value the lessons The book provides teachers with the tools they need to select and adapt materials based on critical multimodal discourse analysis where not only the text but the pictures websites audio visual elements too are subjected to a process which can reveal underlying ideologies assumptions omissions and reifications The triangulated approach demonstrated in a series of vignettes featuring Korean university students and native English speaking instructors can inform textbook choice instigate change and inspire lesson re contextualization to best suit the needs of its primary consumers

The New Politics of the Textbook Heather Hickman, Brad J. Porfilio, 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and disability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production
