New Directions in Real Estate Finance and Investment Piet Eichholtz, Kanak Patel, 2013-03-14 Research in real estate finance and economics has developed in an exciting way in the past twenty five years or so The resulting theoretical and empirical findings are shining a new light on some of the classic mysteries of the real estate markets It is good to see that a growing proportion of this research output is concerned with contemporary problems and issues regarding the European and Far Eastern property markets To stimulate a creative exchange of new ideas and a debate of the latest research findings regarding the global property markets the Maastricht Cambridge Real Estate Finance and Investment Symposium was established This initiative aims at bringing together a number of leading researchers in the field for a short intensive conference The 2000 Symposium which was hosted by Maastricht University in the Netherlands in June of that year is the first in an annual series of such conferences which will alternate between Maastricht University and Cambridge University This book is a compilation of the papers originally presented at the first Maastricht Cambridge Symposium in 2000

The Encyclopedia of Housing, Second Edition Andrew T. Carswell, 2012-05-31 Since publication of

the groundbreaking Encyclopedia of Housing in 1998 many issues have assumed special prominence within this field and indeed within the global economy For instance the global economic meltdown was spurred in large part by the worst subprime mortgage crisis we ve seen in our history On a more positive note the sustainability movement and green development has picked up considerable steam and given the priorities and initiatives of the current U S administration this will only grow in importance and increased attention has been given in recent years to the topic of indoor air quality Within the past decade as well the Baby Boom Generation began its march into retirement and senior citizenship which will have increasingly broad implications for retirement communities and housing assisted living facilities aging in place livable communities universal design and the like Finally within the last twelve years an emerging generation of young scholars has been making significant contributions to the field For all these reasons and more we are pleased to present a significantly updated and expanded Second Edition of The Encyclopedia of Housing
