What to Make and how to Make it, 1944 *Empty* Susan Burton, 2021-07-06 An editor at *This American Life* reveals the searing story of the secret binge eating that dominated her adolescence and shapes her still. Her tale of compulsion and healing is candid and powerful. People NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE. For almost thirty years Susan Burton hid her obsession with food and the secret life of compulsive eating and starving that dominated her adolescence. This is the relentlessly honest fiercely intelligent story of living with both anorexia and binge eating disorder moving past her shame and learning to tell her secret. When Burton was thirteen her stable life in suburban Michigan was turned upside down by her parents' abrupt divorce and she moved to Colorado with her mother and sister. She seized on this move west as an adventure and an opportunity to reinvent herself from middle school nerd to popular teenage girl. But in the fallout from her parents' breakup an inherited fixation on thinness went from peculiarity to pathology. Susan entered into a painful cycle of anorexia and binge eating that formed a subterranean layer to her sunny life. She went from success to success she went to Yale scored a dream job at a magazine right out of college and married her college boyfriend. But in college the compulsive eating got worse she'd binge swear it would be the last time and then hours later do it again and after she graduated she descended into anorexia her attempt to quit food. Binge eating is more prevalent than anorexia or bulimia.

but there is less research and little storytelling to help us understand it In tart soulful prose Susan Burton strikes a blow for the importance of this kind of narrative and tells an exhilarating story of longing compulsion and hard earned self revelation
