INTRODUCTION

BRIEF BIOGRAPHY OF ANDREW CLEMENTS

Clements's family lived in several New Jersey towns before moving to Illinois when Andrew Clements was in the sixth grade. The family spent its summers on a lake in Maine with his television or phone, which Clements credits with giving him ample time to read. Clements studied English at Northwestern University and after teaching writing at several high school summer workshops, he decided to become a teacher. He earned his MEd in teaching at National Louis University and then spent seven years teaching fourth grade, eighth grade, and high school outside of Chicago. He married and had his first son during this time. He and his family moved to New York City when budget cuts made it seem as though Clements's job wasn't secure. There, he briefly worked as a singer-songwriter and then entered the world of publishing. His colleagues in the publishing industry helped him write his first children's picture books and, after working on the idea for six years, Clements published *Frindle*. He's published a number of other award-winning children's books since then and currently lives with his wife in Maine.

HISTORICAL CONTEXT

The earliest "dictionary" comes from the Akkadian Empire and dates to around 2300 BCE. Though there have been a number of dictionary-like reference books from cultures around the world since then, most of them dealt with translating from other languages or grouped words by category rather than alphabetically. The first English-only alphabetical dictionary was published in 1604 by Robert Cawdrey; though many people considered it unreliable. 170 years later, in 1755, Samuel Johnson published *A Dictionary of the English Language*, which is considered to be the first modern dictionary in the United States. Noah Webster began publishing dictionaries in 1806, though it wasn't until 1828 that he published *An American Dictionary of the English Language*, which contained thousands of words that had never been published in British English dictionaries before. Webster was a spelling reformer and his dictionary was instrumental in differentiating between British English and American English. Dictionaries add words constantly, and as with "frindle," the new words reflect changes in the way people communicate with each other and often emerge from fringe groups before entering the general lexicon and making it into the official dictionary. In 2015, the Oxford Dictionary was named among its list of Word of the Year.

RELATED LITERARY WORKS

And now Clements has written a number of novels for elementary-age readers, including *No Talking*, *The Report Card*, and *Lunch Money*. Other novels for this age group that deal with language and learning specifically include *Sharon Creech's Love That Dog* and *Mike That Cat*, and *Gene Riddle-Cordell's* *Secret Special*. For older readers, Carl Hiaasen's series of comic mysteries, beginning with *Hoot*, shows students working together to protest and stand up for their beliefs, something that Nick and his friends model in *Frindle*.

Coincidence, but not quite. Though *Frindle* states the story of Richard Dakey coining the word "frindle" out of thin air, in fact, the word had been around for about ten years before the origin story allegedly took place. The word likely originated as a slang word used by students, in much the same way that Nick creates "frindle."

Phoenix. Despite *Frindle*'s popularity and the many smaller awards it won when it was first published, the novel didn't win any major awards for children's books. Because of this, in 2004 *Frindle* earned the Phoenix Award, which, according to the Children's Literature Association, "is intended to recognize books of high literary merit, which never win award at the time of publication, and which are still worthy of recognition."
