Open Minds to Equality Nancy Schniedewind, Ellen Davidson, 1998 Educators are becoming increasingly concerned with more areas of discrimination and inequality that affects students For example as more immigrant students enter schools understandings and skills for educating about language discrimination are needed Similarly as educators become more aware of the negative consequences of homophobic behavior on students knowledge and approaches for dealing with homophobia in schools are called for Open Minds to Equality deals with the expanding range of equity concerns Membership in the largest association National Association for Multicultural Educators is growing by leaps and bounds State level associations are being started in these subjects all across the country While focusing on discrimination based on race gender class and age the second edition also addresses bias based on religion mental and physical ability sexual orientation and language It provides educators an inclusive framework for thinking about diversity and responding practically to all these forms of difference in their classrooms Activities in the book address both content and process The content broadens the readers' awareness of the causes of inequality particularly how differences are used to justify inequality It encourages questions and the exploration of many sources of information and various points of view The process is experiential participatory cooperative and democratic This book is extremely helpful for teachers facilitators staff development programs and curriculum specialists It is also appropriate for professionals in educational settings outside of schools such as camps scouts church groups and youth agencies all of which bought the first edition of this book A Longwood Professional Book

Introducing Nonroutine Math Problems to Secondary Learners Robert London, 2023-08-22

Offering secondary math educators an innovative holistic and process orientated approach for implementing nonroutine problems into their curriculum this book defines and establishes practical strategies to develop students problem solving skills The text focuses on the process skills necessary to solve nonroutine problems in mathematics and other subjects with the goal of making students better problem solvers both in and outside of the classroom Chapters present and define a curriculum of over 60 nonroutine problems in mathematics and other content areas and explore the pedagogy to implement this type of curriculum consistent with the NCTM Standards and Principles to Action Four different models of implementation are discussed alongside a structured approach through seven difficulty levels with examples to ensure that every student independent of their mastery of mathematics content can improve their ability to solve nonroutine problems It emphasizes to students how to transfer their problem solving skills to other real world areas including increasing ecological awareness appreciating diversity and addressing significant and meaningful problems in their life school and community The curriculum introduced in this book can be included as a component of a traditional four year academic high school curriculum aligned with the Common Core Mathematical Practices or as part of a one year isolated required or elective

mathematics course Based on extensive field testing this approach has been effective in both traditional mathematics courses and math electives such as a course in Problem Solving This book provides the necessary guidance to allow each mathematics teacher to effectively integrate the approach in their classrooms This book is ideal for secondary mathematics teachers of all levels as well as teachers of mathematics electives *Novice Youth Director* L. Seth Duhs, 2023-06-15 After being on staff for nearly a month the youth director was suddenly summoned into the senior pastor's office The pastor quickly shut the door and skipping all pleasantries boldly announced I'd love to help you I just don't have time for you Uncertain of how to respond and with no questions allowed the youth director was dismissed That was the last meeting he ever had with the senior pastor Weren't there supposed to be ample amounts of excitement for the newly appointed fresh youth director This fresh but now confused youth director wanted to do a good job but had no idea where to begin He was young and everyone was too busy to mentor him even when he had asked for help Perhaps you're in a similar situation but you're hesitant to admit it out loud This book is a practical guide aimed at helping anyone struggling with escaping the tempting isolated island of youth ministry and building a network of kingdom minded students parents and church members focused on living for Jesus Christ in what sometimes seems like a Jesus less world **Music Library Instruction** Gregg S.
