Heinlein: Volume I** William H. Patterson, 2024-03-26 For the first time the real story of the life of Robert A Heinlein in the authorized biography Robert A Heinlein 1907 1988 is generally considered the greatest American SF writer of the 20th century A famous and bestselling author in later life he started as a navy man and graduate of Annapolis who was forced to retire because of tuberculosis A socialist politician in the 1930s he became one of the sources of Libertarian politics in the USA in his later years His most famous works include the Future History series stories and novels collected in The Past Through Tomorrow and continued in later novels Starship Troopers Stranger in a Strange Land and The Moon is a Harsh Mistress Given his desire for privacy in

the later decades of his life he was both stranger and more interesting than one could ever have known This is the first of two volumes of a major American biography This volume is about Robert A Heinlein s life up to the end of the 1940s and the mid life crisis that changed him forever At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied     Expanded Universe Robert Anson Heinlein,1982 The Wit and Wisdom of Robert A Heinlein author of multiple New York Times best sellers on subjects ranging from Crime and Punishment to the Love life of the American Teenager from Nuclear Power to the Pragmatics of Patriotism from Prophecy to Destiny from Geopolitics to Post Holocaust America from the Nature of Courage to the Nature of Reality it s all here and it s all great straight from the mind of the finest science fiction writer of them all BOOK JACKET     *Emanon Volume 1: Memories of Emanon* Shinji Kajio,2019-05-21 A new series begins from the artist of the Eisner nominated Wandering Island The year is 1967 and a young Japanese man is thinking about the future On one side of the water the war is raging in Vietnam far away on the other side the Apollo Project has just met with disaster as three astronauts die in a capsule fire And here and now on a long nighttime ferry ride back home he will meet and fall in love with a mysterious young woman who carries a past deeper and more profound than his dreams and fears of tomorrow Her name she jokes is no name Emanon and she can never be forgotten any more than she can forget     **The Heritage of Heinlein** Thomas D. Clareson,Joe Sanders,2014-01-23 Robert A Heinlein is generally recognized as the most important American science fiction writer of the 20th century This is the first detailed critical examination of his entire career It is not a biography that is being done in a two volume work by William Patterson Instead this book looks at each piece of fiction and a few pieces of sf related nonfiction that Heinlein wrote chronologically by date of publication in order to consider what each contributes to his overall accomplishment The aim is to be fair to look clearly at the strengths and weaknesses of the writings that have inspired generations of readers and writers     **The Military Science of Star Wars** George Beahm,2018-05-01 George Beahm a former U S Army major draws on his experience to discuss the military science of the sprawling Star Wars universe its personnel weapons technology tactics and strategy including an analysis of its key battles to explain how the outmanned and outgunned rebels ultimately prevailed against overwhelming forces Contrasting the military doctrine of the real world with the fictional world of Star Wars the author constructively criticizes the military strengths and weaknesses of Darth Vader s Galactic Empire and Kylo Ren s First Order From Star Wars A New Hope 1977 to Rogue One 2016 this timely book demystifies the operational arts in an accessible and entertaining way for military personnel and civilians Replete with a glossary of military terms this book is supplemented with an annotated bibliography At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied     *Grounding Security* Carol Weisbrod,2017-11-28 This book examines some of the mechanisms which are currently conceived as affording individual security The idea of security includes emotional and financial components These interconnect so that such common concepts as trust in someone and care taking include both ideas of emotional and financial

support State policies on security rest on perceptions of two other institutions the family and insurance both of which are subject to change At one time the extended family was seen as a major security providing institution but the contemporary nuclear family is more fragile The concept of insurance originally entailed ideas of community and mutual aid however the institution has developed in its modern private form as a profit driven entity This book addresses various uses of state power in providing security for individuals and outlines different ways in which this can be done **Requiem** Robert A.

*The Encyclopedia of Libertarianism* Ronald Hamowy,2008-08-15 As a continuation of the older tradition of classical liberalism libertarian thinking draws on a rich body of thought and scholarship Contemporary libertarian scholars are continuing that tradition by making substantial contributions to such fields as philosophy jurisprudence economics evolutionary psychology political theory and history in both academia and politics With more than 300 A to Z signed entries written by top scholars The Encyclopedia of Libertarianism is purposed to be a useful compilation of and introduction to libertarian scholarship The Encyclopedia starts with an introductory essay offering an extensive historical and thematic overview of key thinkers events and publications in the development of libertarian thought The Reader s Guide groups content for researchers and students alike allowing them to study libertarianism topically biographically and by public policy issues Key Features Entries conclude with bibliographies and references for further reading and cross references to related entries Each entry provides an introduction to a topic or policy question relevant to libertarianism or a biography of a person who has had an impact on libertarianism Editors take special care to ensure entries clearly explain libertarian approaches to issues do not take sides on disputed matters or engage in polemics and represent the views of all sides fairly and accurately

**Wizards, Aliens, and Starships** Charles L. Adler,2014-02-02 A great book by itself or as a starting point for exploring the physics of space exploration as well as the classics in science fiction Robert Schaefer New York Journal of Books From

teleportation and space elevators to alien contact and interstellar travel science fiction and fantasy writers have come up with some brilliant and innovative ideas Yet how plausible are these ideas for instance could Mr Weasley s flying car in the Harry Potter books really exist Which concepts might actually happen and which ones wouldn t work at all Wizards Aliens and Starships delves into the most extraordinary details in science fiction and fantasy such as time warps shape changing rocket launches and illumination by floating candle and shows readers the physics and math behind the phenomena With simple mathematical models and in most cases using no more than high school algebra Charles Adler ranges across a plethora of remarkable imaginings from the works of Ursula K Le Guin to Star Trek and Avatar to explore what might become reality Adler explains why fantasy in the Harry Potter and Dresden Files novels cannot adhere strictly to scientific laws and when magic might make scientific sense in the muggle world He examines space travel and wonders why it isn t cheaper and more common today Adler also discusses exoplanets and how the search for alien life has shifted from radio communications to space based telescopes He concludes by investigating the future survival of humanity and other intelligent races Throughout he cites an abundance of science fiction and fantasy authors and includes concise descriptions of stories as well as an appendix on Newton s laws of motion
