**How to Pool Risks Across Generations** Michael Otsuka, 2023-05-28 How to Pool Risks across Generations makes the case for the collective provision of pensions on fair terms of social cooperation Through the insurance of a mutual association which extends across society and over multiple generations we share one another's fates by pooling risks across both space and time Resources are transferred not simply between different people but also within the possible future lives of each person from one's more fortunate to one's less fortunate future selves The book opens with an investigation of the longevity and investment risk that even a single individual on a desert island would face in providing for her old age From this atomistic starting point it builds up within and across the chapters to increasingly collective forms of pension provision By joining together it is possible to tame the risks we would face as individuals each with our own private pension pot A collective pension can be justified as a social union of social unions an enduring corporate body which is formed by agreements to pool risks in a manner that involves reciprocity between the various individuals that constitute the collective Even though all individuals age and die a collective pension scheme remains evergreen as the average age of members remains relatively unchanged through the influx of new members to replace those who retire It is therefore possible to smooth risks indefinitely across as well as within generations to the mutual advantage of each

**The Pedagogy of Watching Shakespeare** Bethan Marshall, Myfanwy Edwards, Charlotte Dixie, 2024-05-31 The pedagogy of acting out Shakespeare has been extensive Less work has been done on how students learn through spectatorship This element will consider all within the current context of Shakespeare teaching in schools Using grounded research it will include work undertaken on a school's National Theatre production of Macbeth as well as classroom based action research using a variety of digital performances of Shakespeare plays Both find means of extending student knowledge in unexpected ways through encountering interpretations of Shakespeare that the students had not considered In reflecting on the practice of watching Shakespeare in an educational context both at the theatre and in the classroom this Element hopes to offer suggestions for how teachers might re-think the ways in which they present Shakespeare performed to their students particularly as a powerful way of building personal and critical responses to the plays

**Taking the Lead** Mark Lax, 2020-03-01 As Australia withdrew from Vietnam in 1972 few in the Australian Defence Force none the least those in the Royal Australian Air Force could foresee the immense change that would sweep across the Service New and emerging

international relationships changing Australian social attitudes and a growing sense of defence self reliance would all impact how the RAAF contributed to the application of air power in the defence of the nation and in supporting Australia's wider national interests For the first time *Taking the Lead* brings to the reader a comprehensive and authoritative study of how the RAAF matured over its third quarter century how it met the challenges faced and how it finally came of age able to take the lead when asked By 1996 plans were in place such that the RAAF was well on the way to becoming the world's first fifth generation air force by making a remarkable transition This volume also dispels the myth that the RAAF did little in the latter part of the twentieth century but in fact the RAAF was at the forefront of operations as wide afield as the Sub Continent the Middle East Africa and South East Asia Then there was aid to the civil community as well as aid to those nations seeking help in wider Asia Pacific region Clever force restructuring for expeditionary operations amid the stress of downsizing by almost a third meant that future operations in the twenty first century were to be a success *Taking the Lead* is not just about aircraft bases and flying It considers the strategic environment of the era the factors that affected personnel and training how the RAAF's force structure advanced and how the RAAF managed its successes and failures For those seeking to learn more about their air force then this book is essential reading *Taking the Lead* covers this vital part of the RAAF's unfolding narrative and perfectly illustrates how the RAAF remained true to its motto *Per Ardua ad Astra* Through Adversity to the Stars

*Wireless Traffic Steering For Green Cellular Networks* Shan Zhang, Ning Zhang, Sheng Zhou, Zhisheng Niu, Xuemin (Sherman) Shen, 2016-06-01 This book introduces wireless traffic steering as a paradigm to realize green communication in multi tier heterogeneous cellular networks By matching network resources and dynamic mobile traffic demand traffic steering helps to reduce on grid power consumption with on demand services provided This book reviews existing solutions from the perspectives of energy consumption reduction and renewable energy harvesting Specifically it explains how traffic steering can improve energy efficiency through intelligent traffic resource matching Several promising traffic steering approaches for dynamic network planning and renewable energy demand supply balancing are discussed This book presents an energy aware traffic steering method for networks with energy harvesting which optimizes the traffic allocated to each cell based on the renewable energy status Renewable energy demand supply balancing is a key factor in energy dynamics aimed at enhancing renewable energy sustainability to reduce on grid energy consumption Dynamic network planning adjusts cell density with traffic variations to provide on demand service which reduces network power consumption with quality of service provisioning during off peak hours With intra or inter tier traffic steering cell density is dynamically optimized with regards to the instant traffic load for conventional homogeneous and multi tier heterogeneous cellular networks respectively This book is beneficial for researchers and graduate students interested in traffic management and future wireless networking

*Creativity in the English Curriculum* Lorna Smith, 2023-04-21 *Creativity in the English Curriculum* is essential reading for anyone involved or interested in the teaching of English offering both a detailed history of

Mobile Edge Caching in Heterogeneous Vehicular Networks Huaqing Wu,Feng Lyu,Xuemin Shen,2021-12-02 To support smart vehicular services especially in the future driverless era the vehicular networks are expected to support high bandwidth content delivery and reliable accessibility of multifarious applications However the limited radio spectrum resources the inflexibility in accommodating dynamic traffic demands and the geographically constrained fixed infrastructure deployment of current terrestrial networks pose great challenges in ensuring ubiquitous flexible and reliable network connectivity This book investigates mobile edge content caching and delivery in heterogeneous vehicular networks HetVNs to provide better service quality for vehicular users with resource utilization efficiency enhancement Specifically this book introduces the background of HetVNs and mobile edge caching provides a comprehensive overview of mobile edge caching assisted HetVNet techniques in supporting vehicular content delivery and proposes designs mobile edge content caching and delivery schemes in different HetVNet scenarios respectively to enhance vehicular content delivery performance Afterward this book outlines open issues and research directions in future mobile edge caching assisted space air ground integrated vehicular networks The topics addressed in this book are crucial for both the academic community and industry since mobile edge caching in heterogeneous networks has become an essential building block for the communication systems The systematic principle of this book provides valuable insights on the efficient exploitation of heterogeneous network resources to fully unleash their differential merits in supporting vehicular applications In addition this book considers different HetVNet scenarios from terrestrial HetVNs to air ground HetVNs and space air ground HetVNs which can provide a general overview for interested readers with a comprehensive understanding of applying mobile edge caching techniques in enhancing vehicular content delivery performance and offer a systematized view for researchers and practitioners in the field of mobile edge caching to help them design and optimize the desired vehicular content delivery systems Provides in depth studies on mobile edge content caching and delivery scheme design for three typical HetVNet scenarios Comprehensively covers the analysis design and optimization of the mobile edge

content caching assisted HetVNetS Systematically addresses vehicle mobility network service interruptions and dynamic service request distribution issues in the mobile edge content caching and delivery      Law's Impunity Hin-Yan Liu,2015-09-24 When faced with those who act with impunity we seek the protection of law We rely upon the legal system for justice from international human rights law that establishes common standards of protection to international criminal law that spearheads efforts to end impunity for the most heinous atrocities While legal processes are perceived to combat impunity and despite the ready availability of the law accountability often remains elusive What if the law itself enables impunity Law s Impunity asks this question in the context of the modern Private Military Company PMC examining the relationship between law and the concepts of responsibility and impunity This book proposes that ordinary legal processes do not neutralise but rather legalise impunity This radical idea is applied to the abysmal record of human rights violations perpetrated by the modern PMC and the shocking absence of accountability This book demonstrates how the law organises rather than overcomes impunity by detailing how the modern PMC exploits ordinary legal processes to systematically exclude itself from legal responsibility Thus Law s Impunity offers an alternative to conventional thinking about the law providing an innovative approach to assess and refine the rigour of legal processes in the ongoing quest to end impunity      Cognitive Resource Management for Heterogeneous Cellular Networks Yongkang Liu,Xuemin (Sherman) Shen,2014-05-07 This Springer Brief focuses on cognitive resource management in heterogeneous cellular networks Het Net with small cell deployment for the LTE Advanced system It introduces the Het Net features presents practical approaches using cognitive radio technology in accommodating small cell data relay and optimizing resource allocation and examines the effectiveness of resource management among small cells given limited coordination bandwidth and wireless channel uncertainty The authors introduce different network characteristics of small cell investigate the mesh of small cell access points in parallel with macrocells in network control and resource management and address resource management in the backhaul with coordination constraints and wireless channel uncertainty The final section of this brief summarizes and provides future research directions for this topic including a proposed framework that has been evaluated through realistic simulations Cognitive Resource Management for Heterogeneous Cellular Networks is designed for researchers and professionals working in wireless communications and networks Advanced level students studying electrical and computer engineering should also find the content helpful      *Chronic Myeloid Leukemia* Rüdiger Hehlmann,2016-08-17 This book provides state of the art reviews of key issues and recent developments relating to chronic myeloid leukemia CML acquainting the reader with advances in research treatment and promotion of public health Among the management topics addressed are the choices advantages and pitfalls of first second and third line treatments the European LeukemiaNet recommendations management of adverse effects of tyrosine kinase inhibitors TKI management of CML blast crisis management of pregnancy in the context of CML the role of hematopoietic cell transplantation the current experience with TKI discontinuation and the value of

interferon in improving the outcome of TKI treatment Various aspects of relevance to treatment outcome are discussed including prognostic scores molecular monitoring principles and interlaboratory standardization and response related predictors of survival Furthermore updates are provided on the increasing prevalence of CML and its implications and on the changing cost of care for CML taking into account the forthcoming impact of availability of generic imatinib

**Banking on Growth Models** Stephen Bell,Hui Feng,2022-05-15 Banking on Growth Models contends that China s rapid economic rise from the late 1970s to today has been built on and shaped by a highly politicized and inefficient bank centric financial system Stephen Bell and Hui Feng argue that if the Chinese growth model drives how key economic sectors interact no amount of incremental reform can have much impact on the financial system meaningful reform can stem only from a revised growth model For a time after the global financial crisis it appeared that the expansion of a more market oriented shadow banking system might help sustain China s economic growth Since around 2015 however Xi Jinping s regime has reversed this trajectory and placed China s financial system under heavy state control resulting in slowed economic development and skyrocketing national debt China s market transition and economic rebalancing are now in doubt as is the fate of the nation s economy By pinpointing finance as a vital element of the growth model Bell and Feng provide a convincing assessment of financial risks and the prospects for economic rebalancing in China Banking on Growth Models demystifies the world of Chinese banking and finance as it investigates an ever rising national debt a declining rate of economic growth and the possibility of dire and drastic reform by the Asian superpower s government

Thornton,2021-09-06 This book examines the role and involvement of law enforcement agencies across the spectrum of homeland security and emergency management Contributions from expert practitioners and academics are organized around the mission areas of mitigation protection prevention preparedness response and recovery

Metrics Vincanne Adams,2016-03-05 This volume s contributors evaluate the accomplishments limits and consequences of using quantitative metrics in global health Whether analyzing maternal mortality rates the relationships between political goals and metrics data or the links between health outcomes and a program s fiscal support the contributors question the ability of metrics to solve global health problems They capture a moment when global health scholars and practitioners must evaluate the potential effectiveness and pitfalls of different metrics even as they remain elusive and problematic Contributors Vincanne Adams Susan Erikson Molly Hales Pierre Minn Adeola Oni Orisan Carolyn Smith Morris Marlee Tichenor Lily Walkover Claire L Wendland

Dual Markets Ernesto U. Savona,Mark A.R. Kleiman,Francesco Calderoni,2017-11-14 This comprehensive volume analyzes dual markets for regulated substances and services and aims to provide a framework for their effective regulation A dual market refers to the existence of both a legal and an illegal market for a regulated product or service for example prescription drugs These regulations exist in various countries for a mix of public health historical political and cultural reasons Allowing the legal market to thrive

while trying to eliminate the illegal market provides a unique challenge for governments and law enforcement Broken down into nine main sections the book studies comparative international policies for regulating these dual markets from a historical legal and cultural perspective It includes an analysis of the markets for psychoactive substances that are illegal in most countries such as marijuana cocaine opioids and amphetamines psychoactive substances which are legal in most countries and where consumption is widespread such as alcohol and tobacco and services that are generally regulated or illegal such as sports betting the sex trade and gambling For each of these nine types of markets contributions focus on the relationship between regulation the emerging illegal market and the resulting overall access to these services This work aims to provide a comprehensive framework from a historical cultural and comparative international perspective It will be of interest to researchers in criminology and criminal justice particularly with an interest in organized crime as well as related fields such as sociology public policy international relations and public health *Under Construction* Daniel

Mains,2019-09-13 Over the past decade Ethiopia has had one of the world's fastest growing economies largely due to its investments in infrastructure and it is through building dams roads and other infrastructure that the Ethiopian state seeks to become a middle income country by 2025 Yet most urban Ethiopians struggle to meet their daily needs and actively oppose a ruling party that they associate with corruption and mismanagement In *Under Construction* Daniel Mains explores the intersection of development and governance by examining the conflicts surrounding the construction of specific infrastructural technologies asphalt and cobblestone roads motorcycle taxis and hydroelectric dams These projects serve as sites for nation building and the means for the state to assert its legitimacy The construction process as well as Ethiopians' experience of living with the disruption of construction zones reveals the tension and conflict between the promise of progress and the possibility of failure Mains demonstrates how infrastructures as both ethnographic sites and as a means of theorizing such concepts as progress development and the state offer a valuable contrast to accounts of African abjection and decline *For King and Country* Heather Jones,2021-09-23 Was the First World War really For King and Country This is the

first full history of the monarchy's role *Ireland: The Matter of Monuments* Colleen M. Thomas,Paula Murphy,2024-04-19 This collection considers Irish monuments from the medieval to the modern era The essays presented here acknowledge the plurality of values associated with Irish monuments Taking a holistic approach to the topic the volume contains contributions from art historians archaeologists historians and heritage practitioners The multidisciplinary and intersectoral contributions are placed in dialogue with one another providing a discussion of Irish monuments that is unique in its comprehensiveness The integration of research on early Irish monumental work with that of the more modern period situating all Irish monuments on a continuum of shared concerns is a significant pioneering element in this field The range of perspectives represented in the book reflects the complexity of cultural heritage in contemporary life and opens the conversation to include a wider range of views It will be a valuable resource for scholars students learned societies public bodies

communities in Ireland and for anyone interested in sculpture An Open Access version of Kathleen James Chakraborty's chapter New states and old statues Ireland's monuments in an international context is available on the Liverpool University Press website

**Economy, Crime and Wrong in a Neoliberal Era** James G. Carrier, 2018-09-07 Corporate scandals since the 1990s have made it clear that economic wrongdoing is more common in Western societies than might be expected This volume examines the relationship between such wrong doing and the neoliberal orientations policies and practices that have been influential since around 1980 considering whether neoliberalism has affected the likelihood that people and firms will act in ways that many people would consider wrong It furthermore asks whether ideas of economic right and wrong have become so fragmented and localized that collective judgement has become almost impossible

Beyond Greenwash Hamish van der Ven, 2019-03-21 Beyond Greenwash systematically investigates the credibility of transnational eco labeling organizations across countries and commercial sectors It uses original data an innovative mixed method research design and a unique measure of credibility in transnational governance to challenge the conventional wisdom that only governments or environmental NGOs can create meaningful environmental governance

*Globalization Development and Social Justice* Ann El Khoury, 2015-03-27 Are there existing alternatives to corporate globalization What are the prospects for and commonalities between communities and movements such as Occupy the World Social Forum and alternative economies Globalization Development and Social Justice advances the proposition that another globalization is not only possible but already exists It demonstrates that there are multiple pathways towards development with social justice and argues that enabling propositional agency rather than oppositional agency such as resistance is a more effective alternative to neoliberal globalization El Khoury develops a theory of infraglobalization that emphasizes creative constitution not just contestation of global and local processes The book features case studies and examples of diverse economic practice and innovative emergent political forms from the Global South and North These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies It will be of interest to students and scholars of international relations globalization social movement studies political and economic geography sociology anthropology and development studies
