Kardes, 2015-06-16 America is at a crossroads and the road we elect to travel will either restore the spirit of America or continue to weaken our country forever. Ordinary American citizens must make fundamental decisions. We have been warned and though the warnings have been muted by media sources and special interest groups, they are growing louder. Voices of genuine concern come from within the United States and from abroad. We Americans must listen to and take seriously what we are being told. We need to educate ourselves about American history, real unbiased history. We need to know the Constitution, the very cornerstone of our nation, and we need to hold our politicians and government leaders accountable. Americans must once again stand united to defend our beloved country and our very way of life. *American Grand Strategy: Obama's Middle East Legacy* Çağatay Özdemir, 2025-05-23 This book provides a comprehensive analysis of American grand strategy during the Obama administration and its impact on the Middle East. Obama and Kenya Matthew Carotenuto, Katherine Luongo, 2016-07-29 Barack Obama s political ascendancy has focused considerable global attention on the history of Kenya generally and the history of the Luo community particularly From politicians populating the blogosphere and bookshelves in the U S and Kenya to tourists traipsing through Obama s ancestral home a variety of groups have mobilized new readings of Kenya s past in service of their own ends Through narratives placing Obama into a simplified sweeping narrative of anticolonial barbarism and postcolonial tribal violence the story of the United States president s nuanced relationship to Kenya has been lost amid stereotypical portrayals of Africa At the same time Kenyan state officials have aimed to weave Obama into the contested narrative of Kenyan nationhood Matthew Carotenuto and Katherine Luongo argue that efforts to cast Obama as a son of the soil of the Lake Victoria basin invite insights into the politicized uses of Kenya s past Ideal for classroom use and directed at a general readership interested in global affairs *Obama and Kenya* offers an important counterpoint to the many popular but inaccurate texts about Kenya s history and Obama s place in it as well as focused thematic analyses of contemporary debates about ethnic politics tribal identities postcolonial governance and U S African relations

constrained by the challenges of a divided government and the now threatened Affordable Care Act or Obamacare remains the standout welfare reform of his presidency In the first systematic assessment of Obama s welfare and antipoverty programs welfare reform specialist Anne Daguerre examines these legacies of his administration focusing in particular on the Temporary Assistance for Needy Families and the Supplemental Nutrition Assistance Programs Drawing lessons from comparison with the Western European experience and its traditionally strong commitment to social welfare Obama s Welfare Legacy provides an up to date vital account of the contemporary politics of poverty and public entitlements in the United States

Ararat in America Benjamin F. Alexander,2023-11-30 How has the distinctive Armenian American community expressed its identity as an ethnic minority while assimilating to life in the United States This book examines the role of community leaders and influencers including clergy youth organizers and

partisan newspaper editors in fostering not only a sense of Armenian identity but specific ethnic partisan leanings within the group's population. Against the backdrop of key geopolitical events from the aftermath of the Armenian Genocide to the creation of an independent and then Soviet Armenia, it explores the rivalry between two major Armenian political parties, the Tashnags and the Ramgavars, and the relationship that existed between partisan leaders and their broader constituency. Rather than treating the partisan conflict as simply an impediment to Armenian unity, Benjamin Alexander examines the functional if accidental role that it played in keeping certain community institutions alive. He further analyses the two camps as representing two conflicting visions of how to be an ethnic group, drawing a comparison between the sociology of religion models of comfort religion and challenge religion. A detailed political and social history, this book integrates the Armenian experience into the broader and more familiar narratives of World War I, World War II, and the Cold War in the USA.

Never Trust a Liberal Over Three? Especially a Republican Ann Coulter, 2013-10-14 You have NEVER seen Coulter like this before. Coulter is uncensored, unapologetic, and unflinching in her ruthless mockery of liberals, sissies, morons, hypocrites, and all other species of politician. Coulter doesn't stop at the politicians, though. Watch her skewer pundits, salesmen, celebrities, and bureaucrats with ruthlessness and hilarity. No topic is safe. This is Coulter at her most incisive, funny, and brilliant, featuring irreverent and hilarious material her syndicators were too afraid to print.

Sport, Tourism and National Identities John Harris, 2016-03-23 The role of both sport and tourism in the re-creation and re-presentation of national identities is well established, yet relatively little work has critically explored the inter-relationship between sport, tourism, and the creation and maintenance of national identities. Despite the advances of globalization, the nation continues to be an important part of both sport and tourism discourse and offers fertile ground for the exploration of identities in postmodern society. The chapters in this collection consider the significance of important sports events and how this is understood in relation to the collective identities of some countries. Authors outline some of the ways in which the nation matters and consider how and why national identities are important in contemporary sport tourism. This book was originally published as a special issue of the Journal of Sport Tourism.

The Cosmopolitan Military Jonathan Gilmore, 2015-07-28 What role should national militaries play in an increasingly globalised and interdependent world? This book examines the often-difficult transition they have made toward missions aimed at protecting civilians and promoting human security, and asks whether we might expect the emergence of armed forces that exist to serve the wider human community.

Demonizing a President Martin A. Parlett, 2014-08-28 This groundbreaking political exposé scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country. The ascendancy of the first Black president was a watershed moment in American history. In response, Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his presidency, othering him as a foreign and dangerous political figure. Never before has a presidential candidate been so maligned by so many in such a

variety of ways and yet won This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it Martin A Parlett himself a former campaigner for Barack Obama examines the role identity politics and racialization played in the anti Obama movement shows how foreignization is the latest tool for political dissent and discusses the ways in which Obama successfully used the outsider label to his own advantage The book questions the popular and often contradictory notions of Obama as illegitimate Muslim Marxist Communist socialist Kenyan terrorist and angry African American Additionally chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement concluding with the culture of distrust in the American political psyche since the events of September 11 2001 **National and English Review** ,1919 **Federal Regulatory Directory** CQ Press,2013-11-04 The Federal Regulatory Directory Sixteenth Edition continues to offer a clear path through the maze of complex federal agencies and regulations providing to the point analysis of regulations Information packed profiles of more than 100 federal agencies and departments detail the history structure purpose actions and key contacts for every regulatory agency in the U S government Now updated with an improved searching structure the Federal Regulatory Directory continues to be the leading reference for understanding federal regulations providing a richer more targeted exploration than is possible by cobbling together electronic and print sources The National and English Review ,1919 The American Hiroshima Dr Hugh Cort Hugh Cort,2009-11 DO YOU REALLY THINK OSAMA BIN LADEN IS DONE WITH AMERICA Are you ready for the next 9 11 Help stop Osama bin Laden s plan for a devastating nuclear attack on multiple American cities in the very near future Two thirds of Americans believe Osama bin Laden will strike America again and this time it will be nuclear Guess what They are right Find out how Iran is aiding and abetting Osama s nuclear plan Learn how you can help stop Osama s horrible attack or if we can t stop it at least learn how to prevent deadly radiation sickness See [www AFCPR org](http://www.AFCPR.org) to learn more The American Hiroshima Osama s Plan for a Nuclear Attack and One Man s Attempt to Warn America is the most important book on the imminent terrorist threat facing America To save your nation and protect your family you must read this book today
