Objectives In Zjc Science:

A Preliminary Survey of Environmental Awareness in Some Secondary School Pupils in Zimbabwe J. M. Manjengwa, 1997
Innovations in Science and Technology Education ,1990 **Zimbabwe Books in Print** ,1993 **Science and Technology Education in Africa** Duro Ajeyalemi, 1990 **Data Science** Yi Yu, Haiwei Pan, Hongzhi Wang, Chen Yu, Qilong Han, Haiyi Liu, Xianhua Song, Zeguang Lu, 2025-11-09 This book constitutes the refereed proceedings of the 11th International Conference on Data Science ICPCSEE 2025 held in Hiroshima Japan during September 19-21, 2025. The 41 full papers and 1 short paper included in this book were carefully reviewed and selected from 135 submissions. They were organized in topical sections as follows: Education using big data; intelligent computing or data mining etc; Education research methods and materials for data science and engineering; Machine Learning for Data Science; Basic Theory and Techniques for Data Science; Application of Blockchain; Big Data Management and Applications; Industrial Digitization and Applications; Applications of Data Science; Data Security and Privacy; Data driven Scientific Research and Novel methods for data analytics Advancing Sustainable Science and Technology for a Resilient Future Sai Kiran Oruganti, Dimitrios A Karras, Srinesh Singh Thakur, 2024-07-01 The Industrial Internet of Things (IIoT) has become an effective tool with significant implications for industrialisation and Market Research (MR) especially in the field of green production. Green IIoT (GRIIoT) can be used to implement Green Production (GP) goals for the environment. The purpose of this study is to examine the drivers behind the adoption of GRIIoT (MR and industrialization) decision making as well as the effects these drivers have on industrialization performance (IP). A structured questionnaire was used to gather information in order to evaluate the suggested study paradigm. The results indicate that institutional isomorphism influences the acceptance of GRIIoT in a favorable way. Furthermore, Green innovation (GI) activities that result in IP are favorably correlated with GRIIoT. The potential effects of the various institutional isomorphisms discussed in this study can aid organizations in better understanding the responsibilities to protect and satisfying stakeholders particularly as they adopt GRIIoT to handle production problems and possible accordance pressures in the process Educafrica ,1988 Artificial Intelligence and Information Technologies Arvind Dagur, Dharendra Kumar Shukla, Nazarov Fayzullo Makhmadiyarovich, Akhatov Akmal Rustamovich, Jabborov Jamol Sindorovich, 2024-07-31 This book contains the proceedings of a non-profit conference with the objective of providing a platform for academicians, researchers, scholars and students from various institutions, universities and industries in India and abroad and exchanging their research and innovative ideas in the field of Artificial Intelligence and Information Technologies. Occasional Papers ,1993 **Education and Development in Zimbabwe** Edward Shizha, Michael T. Kariwo, 2012-01-01 The book represents a contribution to policy formulation and design in an increasingly knowledge economy in Zimbabwe It challenges scholars to think about the role of education its funding and the egalitarian approach to widening access to education The nexus between education democracy and policy change is a complex one The book provides an illuminating account of the constantly evolving notions of national identity language and citizenship from the Zimbabwean experience The book discusses educational successes and challenges by examining the ideological effects of social political and economic considerations on Zimbabwe s colonial and postcolonial education Currently literature on current educational challenges in Zimbabwe is lacking and there is very little published material on these ideological effects on educational development in Zimbabwe This book is likely to be one of the first on the impact of social political and economic meltdown on education The book is targeted at local and international academics and scholars of history of education and comparative education scholars of international education and development undergraduate and graduate students and professors who are interested in educational development in Africa particularly Zimbabwe Notwithstanding the book is a valuable resource to policy makers educational administrators and researchers and the wider community Shizha and Kariwo s book is an important and illuminating addition on the effects of social political and economic trajectories on education and development in Zimbabwe It critically analyses the crucial specifics of the Zimbabwean situation by providing an in depth discourse on education at this historical juncture The book offers new insights that may be useful for an understanding of not only the Zimbabwean case but also education in other African countries Rosemary Gordon Senior Lecturer in Educational Foundations University of Zimbabwe Ranging in temporal scope from the colonial era and its elitist legacy through the golden era of populist universal elementary education to the disarray of contemporary socioeconomic crisis covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching this text provides a comprehensive wide ranging and yet carefully detailed account of education in Zimbabwe This engagingly written portrayal will prove illuminating not only to readers interested in Zimbabwe s education specifically but more widely to all who are interested in how the sociopolitical shapes education how ideology policy international pressures economic factors and shifts in values collectively forge the historical and contemporary character of a country s education Handel Kashope Wright Professor of Education University of British Columbia
