Oblivion S Wake:

The Oblivions of The Cosmos Cometan, Gomedan, 2019-11-23 The Oblivions of The Cosmos is the thirtieth instalment in the Little Blue Book Series and comprises of the forty eighth discourse of the Monodoxy which is itself the first disquisition of the Omnidox, the founding book of Astronism. A haunting single discourse publication constituting over 250 insentations. The Oblivions of The Cosmos investigates one of the most ominous and chaotic progenies in The Cosmos: black holes. To introduce the discipline of cosmontology known as obliology, this discourse examines all aspects and possibilities regarding the nature, form, purpose, eventualities and physicalities of black holes with implicit connections to the beliefs of Astronism, particularly regarding the tradition of mystery surrounding black holes in Astronist philosophy and religion. The Little Blue Book Series was created and first published by Cometan himself as a way to simplify and commercialise the immensity of the two million word length of the Omnidox into smaller, more bite-size publications. A successful series from its very first published entry, the Little Blue Book Series has gone on to become a symbol of Astronist commercial literature and a way for Cometan's words to reach readers of all ages and abilities who remain daunted by the beauty and yet the sheer extensiveness of the Omnidox, as the longest religious text in history.

The Seven Moons of Maali Almeida Shehan Karunatilaka, 2022-09-26 WINNER OF THE 2022 BOOKER PRIZE A searing satire set amid the murderous mayhem of Sri Lanka beset by civil war. Colombo 1990 Maali Almeida, war photographer, gambler and closet gay, has woken up dead in what seems like a celestial visa office. His dismembered body is sinking in the Beira Lake and he has no idea who killed him. At a time when scores are settled by death squads, suicide bombers and hired goons, the list of suspects is depressingly long, as the ghouls and ghosts who cluster around him can attest. But even in the afterlife, time is running out for Maali. He has seven moons to try and contact the man and woman he loves most and lead them to a hidden cache of photos that will rock Sri Lanka. Ten years after his prizewinning novel *Chinaman* established him as one of Sri Lanka's foremost authors, Karunatilaka is back with a rip-roaring epic full of mordant wit and disturbing truths.

Lectures on metaphysics Sir William Hamilton, 1880 *Lectures on Metaphysics and Logic* Sir William Hamilton, 1866 [Understanding Blanchot, Understanding Modernism](#) Christopher Langlois, 2018-06-14 Maurice Blanchot occupies a central though still overlooked position in the Anglo-American reception of

20th century continental philosophy and literary criticism On the one hand his rigorous yet always playful exchanges with the most challenging figures of the philosophical and literary canons of modernity have led thinkers such as Georges Bataille Emmanuel Levinas Jacques Derrida and Michel Foucault to acknowledge Blanchot as a major influence on the development of literary and philosophical culture after World War II On the other hand Blanchot's reputation for frustrating readers with his difficult style of thought and writing has resulted in a missed opportunity for leveraging Blanchot in advancing the most essential discussions and debates going on today in the comparative study of literature philosophy politics history ethics and art Blanchot's voice is simply too profound too erudite and too illuminating of what is at stake at the intersections of these disciplines not to be exercising more of an influence than it has in only a minority of intellectual circles Understanding Blanchot Understanding Modernism brings together an international cast of leading and emergent scholars in making the case for precisely what contemporary modernist studies stands to gain from close inspection of Blanchot's provocative post war writings

Illuminati Bible of Divine Light: Part two Sorin Cerin, 2021-07-10

With the appearance of my first philosophical studies but also of aphorisms I initially published the book entitled Bible of the Light and then a more complete form of the book Bible of the Light was the book entitled The Illuminati Bible so that in present to publish the full form of the Bible which I felt that it will be perfected with the help of God and which I decided to call the Illuminati Bible of Divine Light Some will wonder why I chose this name of The Illuminati Bible starting with that book published in 2014 the content of which is also in this book called the Illuminati Bible of Divine Light which in turn contains many other parts Simple Firstly because I wanted to help in Good the Karma of this World because Illuminati and Enlightenment are spoken of in negative terms and secondly because Illuminati comes from Enlightenment and true Enlightenment cannot bring the Evil nor can it be the Evil vile True Enlightenment must be based only on Good and never on bringing the Evil as the supreme Wickedness Therefore in order to improve the Karma of Mankind I show that Enlightenment does not consist in Wickedness but in combating Wickedness The enlightened ones cannot be a hidden group of people who lead humanity out of the shadows committing all sorts of evils and abuses to maintain power These people are by no means Enlightened but Dark If there really are some in such a situation then they use the term Illuminati or Enlightened falsely How just as Dark are those who dirtyly attack on the true Illuminati or Enlightened only out of obscure interests of a religious nature for fear that the Enlightened ones might open the souls of the People and show them the Way to the Truth from which some high prelates that are at the head of certain churches flee who are afraid that if the Truth would be found they will lose both their financial and their decision making power I believe that the future will belong to those truly Enlightened the true Illuminati A thing is to use Evil to bring through it Good and another is to use Evil to bring through it the Wickedness The true Enlightened and not Dark are those who understand that the Evil can only be used for Good when he can do it and the Good only for the Evil less Evil when the Good itself can lead to destruction disaster or pain The real Bad People the Dark Ones are the ones who use both Good and Evil to do as much as possible Evil and not Good Mankind must understand that the Evil and Good the God and the Devil are an Entity with two distinct characteristics an Entity that defines our True God that is our Creator Factor and Unique Incidentally Therefore in order to improve the Karma of this World we will have to pray to the Universal Consciousness formed by the Universal Pure Language That is to pray to the Divine Light of all the Worlds the Supreme God of Intelligence which to inspire our thoughts so that to use in moderation both Good and Evil for the ultimate purpose of doing and bringing through us as much as possible Good Why didn t I let in continuation the name of the Illuminati Bible and to this new much deeper work of the Bible and call it the Illuminati Bible of Divine Light Because compared to the other book called the Illuminati Bible the Illuminati Bible of Divine Light contains in addition to the content of that book many other new chapters that appeared with the new Wisdom Collections or with the final form of the
