and of their chosen approach in particular for enriching the study of the comedia In these essays it is the not quite new art of estudiar rather than hacer drama that is the central concern the contributors defending theoretical innovations approximately twenty years after James Parr in the pages of Hispania issued his challenge to Hispanists to update their approach This volume which combines innovative scholarship with the metacriticism that many critics advocate in all literary study is directed both the students of literature and to scholars who wish to expand their knowledge of the many different areas of theoretical inquiry that comediantes are currently exploring
